TO THE CITIZENS OF ST. JOHN:

The Russian Refugee Committee are starting their activities with a bazaar, and it is up to you, the worthy citizens of St. John, to try to help make that bazaar a success.

As you all know, Russia has been stricken in many ways. We will not speak of all the facts, but we will just mention two of the most important. In the first place, that their previous government sold them to the enemy; and, in the second place, the most terrible one is the fact that those cultured Barbarians are fighting on their territory since the war started. Needless to say more of what destruction and ruin they brought to the Russian people.

We do not want much, only a bit of bread for those children, whose fathers died and are still dying, for the great cause, to crush German militarism.

Therefore, we ask you to meet our committee generously, to help make a success of that great bazaar that we are planning to have.

With many thanks to the generous public,
RUSSIAN REFUGEE COMMITTEE.

NO MEETING TODAY
Owing to the absence of Mayor Hayes, who is attending the provincial Sunday school convention in Woodstock, the committee meeting of the common council was not held this morning.

A PLEASANT EVENING
A most enjoyable Halloween party was held last evening at the home of Mrs. T. Duce, 884 Main street. A large number of young ladies and gentlemen were present and participated in games and amusements. A pleasing musical programme was carried out, including a piano solo by Miss Florence Kierwan, a vocal solo by Miss Gladys Ashe, solos by Robert Diplock, of Montreal, and George Summerville. Dancing was enjoyed and refreshments served. Mrs. C. P. Sutton and Mrs. P. Mahoney were chaperones. Before the gathering dispersed, a hearty vote of thanks was tendered the hostess.

A RECLAMATION PLAN
A new city dump has been opened at the mouth of Courtenay Bay, near the foot of Sydney street and adjoining the oil works. This will prove a great convenience as there has been no dump within reach of the eastern and southern portions of the city for some time. It may lead also to the reclamation of land which would prove valuable. At this place the reef will protect the shore considerably and will be able to reclaim the land surface a distance of about fifty feet by using it as a dump. It has been suggested by the road engineers that it might be worth while for the city to erect a protecting sea wall farther out and, by filling in the space between, reclaim a large area.

NEW G.O.C. CAME TO CITY TODAY

Brigadier General Macdonell Here to Take up Duties in Command of N. B. Military District

Brigadier-General A. H. Macdonell, C. B., C. M. G., D. S. O., who is to succeed Brigadier-General H. H. McLean as general officer commanding this district, arrived in the city this morning to take over his new duties. He was escorted to the Royal Hotel, where he was the guest of General McLean at dinner. He will not take over his duties until tomorrow morning.

Now that the new G. O. C. has arrived it is expected that within a very short time all plans will be made for the forming of the province of New Brunswick into a separate military district.

General Archibald Hayes Macdonnell was born at Toronto Feb. 6, 1868, of a United Empire Loyalist descent, and is a son of the late Angus Macdonnell, of the city. He is the son of General Claude Macdonell, former M. P. for Toronto. After graduating from Kingston Military College he became attached to the Royal Canadian Regiment as lieutenant in 1890, becoming captain in 1892 and major in 1895. In 1897 and 1898 he acted as D. A. G. for the maritime provinces and was D. A. Q. M. in 1910, in the latter year being appointed chief staff officer of the western Ontario command. He was also for a time A. A. G. of the first division and in 1911 was appointed a member of the board of visitors of the Royal Military College at Kingston.

In 1899 and 1900 General Macdonell, then captain, served with distinction in the South African war, taking part in operations in the Free State, including those in Paardeberg, and actions of Poplar Grove and Driefontein; also in operations in Transvaal east of Pretoria and in Cape Colony south of Orange River. He was mentioned in the despatches on different occasions in 1901 and was referred to as "a brave and meritorious officer." During his service in South Africa he was captured by General De Wet and was for six months a prisoner in the hands of the Boers. In 1901 he received the D. S. O. medal for conspicuous bravery and also received the Queen's medal and four clasps.

The general also served in West Africa in the Aro expedition, in the operations in Nigeria, Ibeju-Olokoro, the Afikpo country, Miani, and in Ibibio and Obokum. For this service he was also mentioned in the despatches. About a year ago the order of the Companion of the Bath was conferred on Brigadier-General Macdonell by King George.

In the present war General Macdonell has seen much active service at the front and was also mentioned for bravery. He was wounded in battle a few months ago. He had only returned to Canada a few weeks when he was asked to accept the New Brunswick command. General Macdonell is a member of several upper province clubs. He is unmarried. In religion he is a Roman Catholic. During his former residence in this province General Macdonell was very popular both in military and in civilian circles and won and retained the respect of all ranks in both.

LARGE TRACTS FOR SMALL SUMS

Sale of Properties For County Taxes—All But Nine Were Redeemed

Of thirty-five properties advertised for sale by the county on account of unpaid taxes, all but nine were redeemed by the owners before the sale took place today. The remaining properties were sold at auction at Chubb's corner at noon by F. L. Potts. There was no great display of interest in the sale and the number of bidders was not so large as in previous years. The average secured at tax sales, some of the bidders getting large areas of land for small amounts of money.

The sales today were as follows:

NO FIXING OF PRICE OF MILK

That is Recommendation by Committee—Limit Difference Between Farmer And Consumer

Ottawa, Nov. 1.—The milk committee recommended to the food controller that the price of milk should not be fixed, but that the maximum spread be fixed, effective December 1. The recommendation provides that the difference between the price paid by the distributors for factory and the price charged to the consumer should not be permitted to exceed five cents a quart in the provinces of Ontario and Quebec and in the maritime provinces.

CHAPLAIN HOOPER MOVES TO BUXTON

Hospital Will Retain Name and More Patients Will be Cared for—Appreciation of Contributions

Major the Rev. E. B. Hooper, has removed from Broadstairs, Kent, and now his address is Donington House, Clifton Road, Buxton, Derbyshire, England. The Granville Canadian Special Hospital which is being moved from Ramsgate to Buxton, will retain its name, and Major Hooper will continue his work in connection with it, a most important work as there now will be 1,500 wounded Canadian soldiers in the hospital, or 500 more than it contained when at Ramsgate.

In a letter to friends here, Major Hooper speaks with appreciation of recent contributions to his fund for wounded soldiers. He says that at the present time many of the worst cases are in the Granville Canadian Special Hospital, cases which need special treatment, and he says these patients most heartily appreciate the thoughtfulness of New Brunswickers who have contributed something to enable the chaplain minister to their needs by providing comforts, special food, and outdoor motor rides for those able to go out.

Major Hooper was going from Broadstairs to London for a few days and thence on to Buxton, where he expected to be settled down by October 19 or 20.

HALLOWE'EN PRANKS PLAYED IN FAIRVILLE

The Halloween spirit seemed to possess the children of Fairville, one and all, last evening, judging by the numerous groups parading the streets "dressed up" in all sorts of grotesque costumes. In the village proper and also along the Milford road the mischievous youngsters did considerable damage to fences, front steps, woodpiles, etc. No sooner would a householder get one crowd dispersed from his property than another would appear on the scene.

It is said that in one instance a lady heard a noise at her front door which she opened in time to see her front steps gone and a crowd of boys making off with them towards Milford. She sent her daughter to try to locate the policeman and in order to prevent further depredations she patrolled the front garden. After a time she re-entered the house and, walking through the woodshed in the rear, found the shed door had been removed and taken thence, by another band of young marauders who were quietly working at their leisure in the rear while she was mounting guard in the front garden.

Some merchants this morning are out looking for express wagons that mysteriously disappeared last night and not a few industrious men who spent the evenings of late piling fire wood, in neat rows, now find their labors were in vain.

Several real Halloween parties were also enjoyed and the old time fun night was taken full advantage of in every possible way.
