Akerley	71 88 68	247 81-3
Digit	64 87 75	226 75-3
Amsey	86 81 104	281 92-3

Y. M. C. I. Junior League.

In the Y. M. C. I. junior league last evening the Nationals defeated the Jerts, taking all three points. The scores were:—

Nationals	Total	Avg.
Swick	65 49 114	87 1/2
Lower	75 74 149	74 1/2
Amey	68 80 148	74
Connor	65 74 139	69 1/2

Alerts	Total	Avg.
McCarty	58 69 127	68 1/2
McGowan	67 65 132	61
McGowan	78 61 139	69 1/2
McGowan	51 61 112	56
McGowan	60 49 114	57

Owls Win Four Points.

In the Y. M. C. I. senior league last evening the Owls came back to championship form and took four points from the Hawks. The scores were high, as follows:—

Hawks	Total	Avg.
Maher	83 85 98	266 82-3
Arnott	83 84 88	255 82-3
Arnott	87 94 85	266 82-3
Curly	88 120 96	304 101-3
McGowan	87 86 94	267 89

Owls	Total	Avg.
Arnott	103 112 92	307 102-3
Arnott	95 95 91	281 92-3
Patrick	97 87 101	285 93-3
McGowan	91 94 88	271 90-3
Arnott	93 108 96	296 92-3

High School League.

A high school bowling league has been formed at the Y. M. C. A. and five teams have signed on. The teams are the Chippewas, Aces, Crusaders, Maples and Loyalists. The league will begin next week, but the schedule has not yet been fully arranged.

PHLETIC.

Kolehmainen Home First.

Jannes Kolehmainen, the flying Finn, implied for the third successive year the annual marathon at Berwick, Pa. is year was the first in which he was held to the finish, and it was the naval senior cross-country champion, Les Henigan, of Boston, who ran a neck and neck with him over the ten miles. Kolehmainen used his reserve strength for a sprint in the last quarter of a mile and beat him out. Otto Iksko of Brooklyn finished third. Henigan announced before the race that it would be his last one, and that he would be running to enter the army.

SKETBALL.

High School League.

In the High School inter-class basketball league yesterday the Loyalists defeated the Chippewas by a score of 18 to 11, and the Maple Leaves won from the Crusaders 14 to 4.

SEVERAL.

Hobiltzell in Hospital.

Incinnati, Dec. 1—Dick Hobiltzell, a basement of the Boston Americans, is in a hospital here today in order to undergo operations and surgical treatment that it is believed will correct defects in his physical condition to the extent of making him fit to pass the army examinations. Hobiltzell is expected to join the army some time ago, but he refused on account of not being able to pass the physical examination. The defects were slight, and he was operated at that time that surgery could correct them. If Hobiltzell succeeds in joining the army, the Boston Americans will then have lost both of their firstemen, as Del Gainer has already ended.

Connie May Abandon Trip.

Philadelphia, Dec. 1—Connie Mack, manager of the Athletics, is ready to abandon his spring offensive on Jacksonville, Fla., if the season doesn't open by May 1. "I have a team of young players," explained Connie, "and they could get in condition just as quickly training in April as working in Florida in June. Unusual conditions are prevailing here, and the expense of sending a team to an item that cannot be overruled. As it looks now, the season does not start until May 1, and I don't know what good it would be for us to go to Jacksonville. However, these are the things that are being thrust out at the coming of the Athletics, and I am sure that it will be held earlier this season than usual."

Athletics Hit Hard.

Philadelphia Athletics have been hit hard by the Selective Draft. True, the Athletics did not promise to win a pennant for some time yet, but the war situation has completely upset the plans of Connie Mack for rebuilding his club. He was reaching the point last summer where he saw bright hopes for the future, but his players were young and one of them were claimed in the draft. He must start all over again.

disease germs that are ever present in the atmosphere. The greatest safety is to be found in keeping up the resistance. It is much easier to battle against the normal working of the body and enable them to nourish themselves and increase often at an alarming rate. In fact some of them reproduce themselves to the extent of thousands, yes, hundreds of thousands in a minute of time. "Variation of types of work properly adjusted will often substitute for what is generally known as play. For instance, one's brain centre may become weary at a monotonous occupation, and a decided change of occupation, notwithstanding it be what we usually call work, will permit the first brain centre involved to rest, while another works. But we come back to the fact that what most people regard as play is an occupation that they are not required to perform, and it would seem from a psychological standpoint to give greater rest if it be an occupation that is particularly useless from the standpoint of producing economic results. Therefore there should be time set aside in the work of the day, no matter whether it be varied or not, when the environment may be changed and play should be taken up. "I speak of games in a broad sense. For instance, after sitting at a task for a given number of hours, a walk in the open air, the body held erect and the limbs swinging so as to produce circulation, and attention given to surroundings so that the mind may be occupied and contented, constitutes one of the best kinds of play, preferably performed in company. In these times it is well to remember the simple saying of the old days that all work and no play makes Jack a dull boy."

WHAT GERMANY WANTS.

(Canadian Home Journal.)  
Canada's soldiers have made a record for valor in this conflict that has not been surpassed in the entire annals of war. That is admitted by German generals themselves, and it is one of the reasons why Germany is anxious that Canada should be jockeyed out of the war. But there are greater reasons! Germany wants to be able to advertise to her own people that Britain's greatest safe in any event. Such is not the view

THE DANGER TO CANADA. (Canadian Home Journal.)

There are those who will tell you that it is nonsense for Canadians to fear a German victory; that Canada would be in a fool's paradise

held by President Wilson and his predecessors at the White House, Mr. Taft and Colonel Roosevelt. If such men are convinced that a German victory would imperil a great country like the United States, what are the perils which a young country like Canada must face? A land, with great naval bases on oceans, with enormous undeveloped sources, with everything that tempt a predatory foe! Suppose were defeated and compelled her colonies as the price of subsistence of her nation many's first demand would be for the French colony of St. Pierre and New England. Canada has nothing to fear from a German victory; that Canada would be in a fool's paradise
