EGZEMA ON FACE

Was So Bad Had to Stay in House

All skin diseases such as eczema or salt rheum, itching or burning rashes, eruptions, ulcers, boils, pimples, etc., are all caused by bad blood, and while not usually attended with any fatal results, may sooner or later develop into some serious blood trouble, and the entire system become affected.

Burdock Blood Bitters, that old and well-known remedy, will cleanse the blood of all its impurities, and by this means cure all skin diseases and other blood troubles.

Mrs. Ernest Andrews, Hamilton, Ont., writes: "My face was covered with eczema and was so terribly bad I had to stay in the house. I had ten different doctors but got so tired of their treatment that I went and bought a bottle of Burdock Blood Bitters, and it helped me so I kept on taking it. Now I am cured, and have a lovely skin."

"People who used to see me when I was so bad and see me now will not believe it, but I always tell them that nothing cured me but Burdock Blood Bitters."

B.B.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Soon to Go Back

A letter received yesterday from Major C. H. McLean, St. John, 4th Canadian Mounted Rifles, who has been confined to hospital in England for several months, states that he expects to get back to France early in February.

"Almond Eyes," the Japanese legend which was portrayed last week at the Exmouth Street Methodist church, was repeated last evening under the auspices of the Young Ladies' Mission Band.

Those in charge were Miss Maudie, Miss Edith Magee, and the Misses Beville. Those taking part included Misses Emma Rand, Gladys Tait, Marion Cooper, Mabel Shaw, Evelyn Crockett, Greta Love, Francis McKee, Constance Ferguson, Alice Neill, Mildred Bustin and Mrs. Beville.

THIN FOLKS WHO WOULD BE FAT

Increase in Weight Ten Pounds or More.

"I'd certainly give most anything to be able to eat a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Most thin people are victims of malnutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal.

Instead of getting into the blood, much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can probably best be accomplished by eating a Sargol tablet with every meal.

Sargol is a careful combination of six splendid assimilative agents. Taken with meals they mix with the food to turn the sugars and starches of what you have eaten into rich, ripe nourishment for the tissues and blood and its rapid effect has been in many cases reported remarkably.

Twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by druggists everywhere and every package contains a guarantee of weight increase or money back. If you find a druggist who will not supply you send \$1.00 to Sargol Co., 74 St. Antoine street, Montreal, Que., and a complete ten day trial will be sent you postpaid.

If you find a druggist who is unable to supply you with Sargol, send \$1.00 money order or registered letter to the National Laboratories, 74 St. Antoine St., Montreal, and a complete ten day trial will be sent you postpaid in plain wrapper.
