WALLACE BEERY ANIMAL TRAINER

Gish Girls, Talmadges, Chaplin And Others In Hollywood Review

HOLLYWOOD, Cal., April 1.—Shiny serge suits have been supplied by arrays of English-tailored garments. Fluffy fur imitations have given way to satins. Instead of hall bedrooms, there are fine homes. Trips to Europe, once confined to dreams, now receive no more thought than visits to Florida. Such has been life to many of the movie stars who began in the age of one-reel thrillers, when \$5 a day was considered a fat salary.

To the millions that throng the picture houses, this might seem as if a

Gentlemen: After suffering for a long time from indigestion, constipation and headaches, a friend of mine persuaded me to try your tonic. From which he said he had received great benefit, his case being identical with my own. My condition steadily improved, and now my appetite is good, my bowels work perfectly and I am no longer troubled with headaches.

Father John's Medicine is Your Protection

It will fortify you against Grippe and 'Flu' Epidemics

With the air alive with Grippe germs, you cannot afford to go about unprotected. The day will come when you are not quite feeling your best—when your vitality is lower than usual—when your resistance to disease is weakened. Swiftly the Grippe germs will pick you out as an easy prey, and you will be too weak to fight them.

What you need is a good wholesome food medicine to build you up and give you solid strength and health, and keep you fit all through these treacherous winter days.

Take FATHER JOHN'S MEDICINE. This is not a patent medicine. It contains no harmful drugs, stimulants or alcohol. Just pure Cod Liver Oil, combined with other food elements necessary for healthy vigorous life. Original formula prescribed for Father John O'Brien on June 9, 1855, the fame of Father John's Medicine spread from coast to coast, and now it is known in countless thousands of homes as "the greatest body builder."

Let Tanlac restore your health

If your body is all fagged-out and run down, if you are losing weight steadily, lack appetite, have no strength or energy—why not let Tanlac help you back to health and strength?

So many millions have been benefited by the Tanlac treatment, so many thousands have written to testify to the fact that it's sheer folly not to make the test.

Tanlac, you know, is a great natural tonic and builder, a compound, after the famous Tanlac formula, of roots, herbs and salts. It purges the blood stream, revitalizes the digestive organs and enables the sickly body to regain its vanished weight.

You don't need to wait long to get results. Tanlac goes right to the seat of trouble. In a day or so you note a vast difference in your condition. You have more appetite, sleep better at night and the color begins to creep back into your washed-out cheeks.

Don't put off taking Tanlac another precious day. Step into the nearest drug store and get a bottle of this world-famous tonic. That's the first important step back to health and vigor. Every day's delay means unnecessary suffering. For Tanlac starts to clean out and tone up the system right away. And by acting promptly you will

NEW KIND OF MEMORIAL

fairly had waved her wand. But to the players the change has been written weeks, months and years of toil, repaid by rapid progress of a new industry.

SOME OF THE LEADERS.

After a career on the stage, which began at the age of five and led to Belasco productions, Mary Pickford entered motion pictures with an extra with David Ward Griffith. From five dollars a day, she advanced until, in 1916, the Mary Pickford Film Corporation was organized. The star had a drawing account of \$10,000 a week, with 50 per cent. of the profits—a remuneration representing the highest amount ever paid a woman in pictures or any other profession at the time. Today, she is one of the leading figures in the United Artists' Corporation, and is receiving a much larger income.

THE GISH GIRLS.

Soon after Miss Pickford went with Griffith, the Gish girls, Dorothy and Lillian, joined as extras. Lillian's fame came in "The Birth of a Nation." Her latest vehicle was "La Boheme." Dorothy also starred in several of Griffith's special productions and her last appearance was in "Neil Gwynn," an English film.

Wallace Beery was an animal trainer and then a baritone singer with a stock company. His first salary with the movies was little more than the twenty dollars he had received as a warbler. Now he owns a home in Hollywood, two mountain cabins, a stable of horses and is a member of 26 clubs and lodges. The Marquis de la Falsade de la Courday, better known as Gloria Swanson, came along a little later as a bathing beauty in short comedies. Soon

in addition to his screen work, Chaney at present finds much of his time taken by business interests.

Numerous other stars have followed the industry since the days of its infancy. Virtually all the big producers of the present day—Lasky, the Goldwyns, Laemmle, Fox and several others—have developed companies which had their origin in the first days of the movies.

To the veterans, however, advancement to stardom does not seem as difficult as formerly.

WAS POOR IN EUROPE.

As an actress on the European stage, Pola Negri lived in poverty. Famous Players-Lasky brought her to America, wealth and fame, all within a few years.

Betty Bronson had appeared in small roles in but two or three pictures before Herbert Brenson brought her to the bright lights as the star of "Peter Pan" and "A Kiss for Cinderella."

Samuel Goldwyn was in Paris when he met Lois Moran, a 16-year-old Pittsburgh girl, working as an extra in French films. A few months and she had attained recognition through her work in "Stella Dallas."

While on the same trip, Goldwyn met Vilma Banky in Budapest. She came to America and appeared with Ronald Colman in "The Dark Angel." Since then, she has had several leading parts.

Two Women Own Health to Lydia E. Pinkham's Vegetable Compound

St. Adolphe, Manitoba.—"I was very weak and had great pains during my periods so that I could not sweep the house or do any of my household duties. I have now a good appetite. It is a pleasure to recommend Lydia E. Pinkham's Vegetable Compound to other women."—LEA DELORME, St. Adolphe, Manitoba.

She Could Never Have Done It With Piles!

Bless the American girl who has gifted all the world! She makes a pretty picture in the water, and is a plucky swimmer, too. Piles are unthinkable for active women. If you have them, you ought to know this simple thing to do!

At any hour or moment that you have the least distress or discomfort from piles, use a simple Pyramid pile suppository—and go happily on your way! The worst hemorrhoids, even bleeding and badly protruding piles respond to the soothing suppository applied in perfect privacy. But bear the name in mind: Pyramid is the one every druggist has, usually the only one he will sell his patrons. Pyramid is marvelous. Why suffer another single half-hour with painful piles?

Sixty cents the box, the world around. But those who write Pyramid Drug Co., 200 Pyramid Bldg., Marshall, Mich.
