## FINGER PRINTS ARE PUT IN EVIDENCE

Expert From Ottawa Testifies at Hearing of Arsenault Murder Case.

ST. ANDREWS, Sept. 11.—In the Arsenault murder case Henry R. Butcher, fingerprint expert in the Royal Canadian Mounted Police, Ottawa, was called by the Crown today to describe the system of taking fingerprints, and photographic prints of the fingers of the prisoner were put in evidence when court adjourned until tomorrow morning.

Butcher said he had three years' experience in fingerprint identification with three years' training under Inspector Foster before being classed as an expert. He registered, and filed fingerprints of criminals, he said. The fingerprint system had proved beyond the shadow of a doubt that finger prints were infallible, the case cannot be concluded before next week.

## Jewett Improvements More than Doubled Our Business

"Never a Car Like This—Never Such Value!"

Actually 131% more business in August this year than last. When you see this latest Jewett at its new low price, you'll know why.

Famous for its unusual roominess and comfort, Jewett Coach is now larger—roomier—even more comfortable. Added length gives greater leg room and substantially better riding quality.

Months ago Jewett took the stand that roominess was what the public wanted in a Coach.

Jewett met that need squarely by producing the country's roomiest Coach. Sales that followed eclipsed all records.

In value—in quality—in roominess—in performance—Jewett Coach then excelled all Coaches.

Even such excellence has now been improved. You relax the moment you enter this great

car. Plenty of leg room. No stiffness. Never a cramped position—even when five are riding.

Never Such Performance! A surge of able, efficient power such as you have never experienced. Silent as it is able. Because it's a Jewett with all the ability that has made a famous name for a famous car.

Respected in traffic—on toughest hills—on the open road. For Jewett is known as the car whose performance cannot be questioned. Costs but little more than ordinary cars. It offers much more in performance, comfort, quality and long life.

See this great car today! Ride in it. Drive it! You'll know why it more than doubled our sales.
