He took the 1919 platform as his chart

would attempt to give Canada a tariff

consumers alike. As to the challenge

Major G. G. Power, ex-M.P. for Quebec South, who also spoke at both meetings, declared there was extravagance in the permanent militia. For an army of 3,800 men there were twenty generals. "They do their fighting in Ottawa," Major Power declared. Major Power challenged Rt. Hon. Arthur Meighen's advice that Liberal speakers should preach bonne entente in Quebec. "We do not need any preaching of it there," de declared, "the people of Quebec live in harmony and they are anxious to live in harmony with the rest of Canada.

TEACHERS MEET.

An interesting programme with New Zealand as its subject was given at the meeting of the St. John District Teachers' Association held last night in the Natural History Society's rooms in Union street with H. C. Ricker, the president, in the chair. The meeting was well attended and much enjoyed. Frank Owens, of St. Patrick's school, read a paper on legislation and education in New Zealand. Miss Olive Kingston in her paper discussed the country, the people and the customs of that land and Miss Margaret Newcombe gave a talk descriptive of the series of slides of the country which were shown at the close of the programme.
