The Gift That Lasts Longest

The ideal gift is that one which longest and best perpetuates the good wishes of the giver.

Then by all the laws of logic and reasoning a Diamond is the supreme choice—for it never deteriorates or wears out.

A Birk's Diamond stands out in the matter of high quality, just as the stone itself is superior to all other gifts.

Our Diamond buyers, who go over to Europe to buy for

our five stores, are reckoned the most fastidious of any because they absolutely refuse to admit any but perfect stones into our stock.

So this is the reason that a Birk's Diamond is never anything else than the first grade procurable.

Our business prestige has been built upon the quality of our Diamonds, and we naturally guard it jealously.

Write us to-day.

GEM THEFT OF \$13,000 IN HOTEL

Mrs. John D. Pelton's Room in
The Manhattan Robbed and
Bellboy is Arrested

New York, Dec. 10.—A theft of \$10,000 worth of jewels on Saturday night from the room of Mrs. John D. Pelton, in the Hotel Manhattan at Forty-second street and Madison avenue, was revealed when the Jersey City police arrested one of the bellboys. The boy, who described himself as Joseph Cafatello of 94 Beacon avenue, Jersey City, denied that he had any knowledge of the crime.

Acting upon information given them by a 12-year-old boy, who said he had overheard three men plan some burglary, detectives from police headquarters arrested Cafatello's brother, Vincent, and three other boys on suspicion of burglary.

The police said they believed they were on the trail of a gang of several men who had a systematic organization for hotel thievery, and who had placed members in many of the big hotels as employees, so that they would be able to carry out their plans of pilfering. According to the information of the police, these men on the inside wrapped up silverware and supplies in packages and hid the bundles in garbage pails, from which they were recovered outside the building by other men.

Under instructions from detectives of the East Fifty-first street police station, Mrs. Pelton and James D. Barrett, the manager of the Manhattan hotel, said that they would not disclose the details of the gun robbery there. They admitted, however, that some one had entered the room of Mrs. Pelton on Saturday night and removed the contents of her jewel case.

The thieves apparently entered Mrs. Pelton's suite while she was absent for a few hours.

Acting upon request of the New York police, William Lynch, a detective from the Jersey City police headquarters, went to the home of Cafatello and arrested him on the technical charge of being a fugitive.

Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most, if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky, shiny, lustrous, soft and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.
