Deadlock Still Exists—Italian Ambassador Sees Danger if Turkey is Made to Give up All—A Call on the Powers for Prompt Action

(Canadian Press) London, Jan. 11.—No sign of a lessening of the deadlock in the Balkan situation is yet in evidence. In the meantime the world awaits the fall of the long besieged fortress of Adrianople and is watching with close interest for the effect which the collapse will have on the Turkish government.

Contrary to the general belief that the ambassadors during their "conversations" at the British foreign office have not discussed the question of the future of the islands in the Aegean Sea, in regard to which no decision has yet been taken, it was at an earlier meeting that Adrianople will, remarked today that if the powers were about to press Turkey to cede Adrianople, some concessions would be necessary concerning the Aegean islands.

The Turkish delegates confirm the report that they will leave London next week for Constantinople, but they do not change their minds. One of the Turkish envoys said:

LITTLE STORM OVER DU PATY DE CLAM

Paris, Jan. 11.—The news that Lieutenant Du Paty de Clam has been reinstated caused considerable agitation, especially in the parliamentary lobbies, where certain radical deputies announced the intention to raise a debate on the subject.

In view of these comments, M. Millerand, minister of war, explains that at the time Germany sent a gunboat to Agadir, Morocco, in 1911, to protect German interests, Du Paty de Clam asked his predecessor, Minister of War Messimy, to employ him in the territorial army. M. Messimy promised to do so, but the appointment raised certain administrative questions which have just been settled.

EDITOR'S ADVICE TO STRIKERS IN THE STATES

Make up Minds That it is "Unsafe for Capitalist to Eat Food Prepared by Members of Your Union"

(Canadian Press) New York, Jan. 11.—"If you are compelled to go back under unsatisfactory conditions, go back with a determination to stick together until you get what you want. Go back with your minds made up that it is the most unsafe thing in the world for the capitalist to eat food prepared by the members of your union."

This was the advice that Joseph Ettor, a labor leader, recently acquitted on charges growing out of the textile strike riots in Lawrence, Mass., uttered last night to striking hotel employees, who met in all night sessions after a series of disturbances in front of hotels and restaurants.

After he concluded his speech, Ettor was asked to comment on his words. "I mean just what I said," was his reply, and refused to make further explanations.

Earlier in his speech, Ettor urged the strikers not to consider medication. "Hotels could not exist without you," he said. "Do not accept any arbitration board to decide your grievances. Close the doors of every hotel in the city and keep them closed, not the party doors, but the front doors."

CONDUCTOR HAS BRAKEMAN IN MONCTON COURT

Case of Interest in Moncton Today—Small Boys Put Obstruction on Street Railway Track—Hockey News

(Special to Times) Moncton, N. B., Jan. 11.—An interesting case was in the police court before Magistrate Steves this morning when an I. O. B. conductor charged a brakeman with assault, alleged to have taken place in Sackville, Dec. 19. The evidence of the complaint was to the effect that the brakeman was "sore" because the conductor had defeated him in securing a place on a delegation from their lodge to Ottawa to interview officials on railway matters.

The complainant and defendant are members of the same brotherhood, but belong to different crews. It is alleged that while making a "cross" at Sackville the brakeman chased him through the station and used abusive language. The case was adjourned.

A VIGOROUS PROTEST COMES FROM LANCASTER

Board of Trade Delegates at City Hall To Speak Against Increase in Rates—Report From Commissioner Next

A vigorous protest against the proposed increase of fifty per cent in the water rates for consumers outside of the city limits was lodged with the city commissioners this morning by a delegation from the Lancaster Board of Trade. They were received at City Hall and were in session with the commissioners for an hour and a half. The delegation were James Low, ex-M. P. P. W. Albert Nelson and William Linton.

Mr. Linton opened the case. He argued that the increase would not be justified as the residents of Lancaster are already paying more than residents of the city. The whole system, he said, should be considered as being common to the residents of city and county alike, according to the arrangements under which the Spruce Lake extension was constructed. Although the act gave authority for an increase of fifty per cent he maintained that there was no intention at the time that this

C. P. R. RATES

Proceedings in Inquiry Being Held in Ottawa

Ottawa, Jan. 11.—That the whole Canadian Pacific Railway exhibit of rate reductions might as well have never been submitted by it, as far as its usefulness went, is the statement made by W. A. McDonald, R. C. representative British Columbia, at yesterday afternoon's session of the western freight rate inquiry before the railway commission.

WAR COST TO BULGARIA LIVES OF 21,400 MEN; THOUSANDS WERE WOUNDED

(Canadian Press) St. Petersburg, Jan. 11.—The official list of casualties in the Bulgarian army since the beginning of the war with Turkey, show that 284 officers and 21,400 men have been killed or have succumbed to wounds or disease.

Beside the 876 officers and 51,000 men who were wounded or put on the sick list, 67,000 were put into effect under normal conditions, but was merely provided as a safeguard against any calamity which might destroy the system or require an extraordinary delay.

Mr. Nelson presented a financial statement which he said showed that the residents of Lancaster are now paying more than an equal contribution for the service they get and towards the maintenance of the system.

During the discussion the proposal to establish an independent system for the county residents was mentioned but was not dealt with at any length.

Having heard the objections the commissioners deferred decision until next week when the commissioner of water and sewerage will present his report on the matter and move especially on the financial statements presented by the board of trade representatives.

SPEAKER SAYS HE HAS NO POWER IN THE MATTER

Attresses Want to Speak in Commons For Votes For Women

THEY PLAN CAMPAIGN

(Canadian Press) London, Jan. 11.—Eight Hon. James Wimpey, the speaker of the house of commons, has written a letter to Mrs. Forbes Robertson who is president of the address franchise league, who asked permission to appear at the bar of the house and plead the cause of woman suffrage in which he says that he has no power either to grant or withhold this permission. Such powers, he says, can only be conferred by a resolution of the house.

When the franchise reform bill comes up in parliament soon, the members of the house of commons will find all the approaches to the chamber picketed by addressers and other supporters of the movement in favor of votes for women.

Throughout the entire debate day and night the women intend to be in parliament in strength and to hush-mouth members of the house as they pass in and out.

The Address Franchise League, which is organizing the movement, has called for the help of all similar societies in making a peaceful demonstration in support of the adoption of an amendment to the bill intended to give the suffrage to women. They hope to be successful although the acts of the militant sisters have generally alienated sympathy of the cause in the United Kingdom. At the same time the militant section of the suffragettes is said to be preparing to provide a more exciting time for members of parliament.

As the present the suffragettes have a bare majority in the house of commons, it is understood, however, that many of them have at least temporarily withdrawn their support because of the methods adopted by the militants. A large number of Liberals who are in favor of suffrage for women will not vote for it now on account of Premier Asquith's opposition to the movement and also because of the fact that he has been treated by the militants.

Should these members of the house of commons who favor woman suffrage, be made to include women in the bill, three alternative proposals will be made to include women in the bill. The first proposal is to have a woman's suffrage exhibit. Literature and refreshments will be employed in an effort to educate the male mind to the necessity of votes for women. A literature depot will be established, the reading matter to be given away free in a tea room equipped on unique lines. The exhibit will be in February.

BRITAIN GETS SLICE OF TERRITORY IN EAST AFRICA REGION

London, Jan. 11.—According to the Daily Express a revision of the boundaries of British East Africa and the Belgian Congo is being agreed upon, and will be announced officially during the next few weeks.

Under the new arrangement there will be included in British East Africa a strip of territory some sixty miles long and thirty to forty miles wide. The effect of the addition to British East Africa will be to include the western slopes of the Mt. Mburu Mountain region lying between Lakes Albert Edward and Kivu, in the British Empire, thus bringing British sovereignty farther to the south. The reason for the revision is to prepare the way for the final link in the Cape-Cairo railway, which it is important for imperial interests should be built, as far as possible in British territory.
