READING GLASSES!

A good many people think that in selecting glasses for reading it is quite sufficient to merely try on various pairs of glasses, until a pair which they think suits is found.

WE THINK DIFFERENTLY. The same careful exacting test is necessary to determine whether the two eyes are alike or whether astigmatism or other defect be present. If you want the most careful and satisfactory optical work consult

WEDDINGS

The Methodist church, West Side, was the scene of a pretty wedding at 6.45 yesterday morning, when Miss Helena N. White, daughter of C. White, Market Place, West Side, was united in marriage to Charles George Day, son of George E. Day, and a popular member of the post office staff. The church was prettily decorated for the occasion, and the ceremony was performed by Rev. H. E. Thomas. The bride was given away by her father, and was handsomely gowned in a navy blue tailor-made suit and wore a white picture hat with white plumes. After the ceremony, Mr. and Mrs. Day left on a visit to Digby and other Nova Scotia points, and on their return will make their residence on the West Side.

At the Metropolitan church, Toronto, on Wednesday, Miss Marion Wathen, daughter of Harry Wathen, of Harcourt, was united in marriage to Rev. J. Wesley Fox of Avening, Ontario. The ceremony was performed by Rev. Dr. Crewes, assisted by Rev. S. T. Bartlette. Mr. and Mrs. Fox left by boat for Niagara and intend making an extended tour of western Ontario, Kingston, the Thousand Islands and other places of interest.

At Hopewell Cape yesterday the wedding took place of Miss Mary Ernestine Wright, eldest daughter of W. O. Wright, secretary-treasurer of Albert county, to Frederick Sandall Burns, of Halifax. The ceremony took place at 10 a. m. and was performed by Rev. A. D. McCully, of Hillsboro. Mr. and Mrs. Burns motored to Moncton, where they took the train for Mont real, Toronto and Winnipeg, and on their return they will reside in Halifax.

Moncton, Aug. 14—The marriage took place this evening at the residence of the bride's father of Miss Maud Beatrice Brady, youngest daughter of Mr. and Mrs. F. P. Brady, and Edward Parmelee, son of Charles O. Parmelee, Chicago. Rev. Edward Savage, pastor of St. Bernard's church, performed the ceremony.

The young pair went to Halifax in Mr. Brady's private car, there to take the steamer for an extended trip, afterwards going to North Bay (Ont.) where Mr. Parmelee has built a handsome home.

The bride's going away gown was handsome blue cloth. Out of town guests were Mrs. Duncan Ferguson, North Bay, and Mrs. Charles E. Myers, Montreal.

A GOOD RECOMMENDATION.

Mr. Alphonso Vassallo writes that Dearborn's "Perfect" Baking Powder is the best he ever used. He states that he has used it while connected with the Sydney Hotel, Sydney, and Davies House, Charlottetown, and is now using it at the dining rooms of the Dominion Iron & Steel Co., where 5,000 are fed each meal.

Mr. Vassallo is a member of the Universal Cookery and Food Association, of London, Eng., and at present is manager of the hotel and dining rooms of the D. I. & S. Co., Sydney.

Bonds are the ideal representative investment just as stocks are the ideal representative speculation.

Diversity of investment is a matter of vital importance; every investor should include good industrial bonds among his securities.

Wall Street Notes.

New York, Aug. 15—Americans in London 1-8 to 1-4 higher.

Bank of England rate unchanged.

The House passed the Steel bill over president's veto but the Senate will not do so. Panama bill compromise will probably become a law. It is a bill for upbuilding of vessels controlled by other than American interests and is another attack upon American railways.

The Federation of Labor voted against a sympathetic strike on western railways on behalf of the Harriman shop strikers.

Crops news still continues favorable.

Traders are still short of Steel. It is a favorite position for them and no effort has been made to drive them from that position. The independent steel stocks were strong yesterday and Beth. steel is mentioned as a good purchase. The company has all it can do for the next six months.

C. & O. has steadily, but slowly advanced, and will sell higher. It is being operated now in the best manner. The market has been broadening out the past week and while no effort has been made to advance prices, the buying has taken care of all stock offering. Confidence in the market is growing and at any moment it may be necessary to offer stocks freely to prevent too fast a rise. The general feeling is optimistic, N. Y. C. has done little of late and there has been a scarcity of stock and I look to see it do better. Atchison, Nor. Pacific, Union Pacific, are a purchase on the recessions. Steel has too much short interest in it, with its present earnings and its future prospects looks like higher prices.

"YOU'LL SUFFER ALL YOUR LIFE"

That's What the Doctor Told Him

"Fruit-a-tives Cured Him"

Chesterville, Ont., Jan. 25th, 1911.

"For over twenty years, I have been troubled with Kidney Disease, and the doctors told me they could do me no good, and that I would be a sufferer for the rest of my life.

I doctored with different medical men and tried many different remedies, but none of them suited my case.

Nearly a year ago, I tried "Fruit-a-tives" I have been using this fruit medicine nearly all the time since, and am glad to say that I am cured.

I give "Fruit-a-tives" the credit of doing what the doctors said was impossible.

I am now seventy-six years old, and in first class health"

GEO. W. BARKLEY.

In all the world, there is no other remedy that has cured so many cases of so-called "incurable" kidney disease, as "Fruit-a-tives."

This famous fruit medicine acts directly on the kidneys—healing and strengthening them—and ridding the system of the waste matter that poisons the blood.

50c. a box, 6 for $2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives, Limited, Ottawa.

SHIPPING NEWS OF THE NORTH SHORE

Steamship Lorca Makes New Record for the Province—Takes 2,266 Standards—Loaded For F. E. Neale

(Chatham Gazette)

Last Tuesday, August 6th, there cleared at Campbellton the steamer Lorca which had on board, from the Shives Lumber Co. for F. E. Neale the grand cargo of 2266 standards, a total of approximately 4,500,000 superficial feet of lumber.

This eclipses all previous records for the province, the largest cargo taken from the Miramichi to date being 1805 standards which the Zafra took out Saturday.

The Nordfarer, the biggest three master ship to ever visit the Miramichi and probably the biggest afloat at the present time leaves today for Newport, Wales. This ship arrived off Chatham on Sunday June 2nd and after some delay proceeded to Nordin's mill where she took on board 1140 standards. When over the bar, the Nordfarer will probably get about 140 standards more from Richibucto before proceeding on her trans-Atlantic voyage.

The block-boat Progress III. arrived Friday night and almost immediately began loading. She will probably complete her cargo tonight and leave tomorrow morning.

The S. S. Andoni, which loaded at Lynch's for the McKay concern St. John went out Saturday and the Glenbridge, the largest steamer to enter the Miramichi this year, yesterday. The latter will go to Campbellton to finish loading.

DEATH OF J. R. McCONICA

Former St. John Printer—Afterwards Successful Mission Worker and Evangelist

(Montreal Witness)

The news has just been received in Montreal of the death at Norfolk, Va., on Sunday night or early on Monday morning of Mr. John R. McConica, who not only was instrumental in having the Old Brewery Mission started, but who discharged faithfully the duties of superintendent in connection with it for a period of ten years.

Mr. McConica, who was about fifty-eight years of age, was born in Nova Scotia, and in his early days was connected with the printing trade, but getting converted in the old Jerry McAuley Mission in New York, he became a local preacher. Coming to Montreal, he started the Old Brewery Mission in a little store on St. James street, and many who were down and out have loving memories of his kindly words and his efforts to lead them to better things, both in body and in spirit. As the result of his appeal to the churches to help him in carrying on the work, amongst the poor and afflicted, Dominion Square Methodist church came to his aid with the building on Craig street, and rented it to the Old Brewery Mission for to carry on their work.

In February, 1901, Mr. McConica resigned the position of superintendent, and at a farewell reception on February 12, 1901, he was presented with a well-filled purse. Mr. McConica returned to Norfolk, where he received the degree of D.D. from the Methodist church South, and was used by that body as an evangelist, conducting the City Mission, and preaching to sailors and marines. He is survived by his wife and one daughter. Mr. George Hodge, of Montreal, on receiving news of the death of Mr. McConica, left for Norfolk to attend the funeral, which will take place tomorrow.

Co-operative Plan

London, Ont., Aug. 14—Plans are now being formulated by Hon. Adam Beck for merging his four factories into one joint stock company with a capitalization of $500,000, the new shareholders in the company to be the senior employes of the various factories. The Beck Manufacturing Company now has factories at London, Hamilton and Montreal, and is about to build another in Toronto.

The most interesting feature of the proposal is the co-operative plan to be introduced. The head of the various departments, the managers and those employes whose seniority by length of service has won for them a status in the company are all to be presented with a block of the stock and will be given the right and the opportunity from time to time to add to their holdings.

ST. JOHN LADY'S CLOSE CALL

Moncton Transcript:—A St. John lady had a close call from drowning in Hall's Creek at the rear of Mary's Home on the Mountain Road, this morning. Miss Alice Taylor, of St. John, who is visiting in Moncton, accompanied by Mrs. James Powell, and Mrs. John R. Sullivan, had been on a berry-picking outing. They were recrossing Hall's Creek on a temporary crossing. The others had got over, but Miss Taylor when midway fell in seven or eight feet of water. Mrs. Powell was able to grasp her friend and pulled her to the bank, where the two ladies succeeded in getting Miss Taylor out, happily none the worse for the accident save a ducking. She could not swim.

ST. JOHN MEN WIN BOTH MATCHES AT SUSSEX

Sergt. I. F. Archibald Captures Association Cup With Record Score and G. F. Fletcher Wins McLean Cup

Sussex, Aug. 14—The shooting being done at the forty-sixth annual meet of the Provincial Rifle Association this year is worthy of Bisely marksmen, being decidedly superior to that of other years. High scores have been a feature of every match shot thus far, the figures in every case being greater than those of other years and in the contest for the Association Cup today the shooting was marked by a record tally made by Sergeant I. F. Archibald, of St. John, who rolled up 100 in a possible 105 points, the first time such a score has been made in this range.

Other scores were high and the average was eight points better than in the contest for the Association Cup last year. Others who were well up in the totals were Lieut. MacFarlane, of Fredericton, and J. J. Pinkerton of St. John, who made 99 and 95 respectively.

The shooting in this match was done against quite a strong and tricky wind, but the light all day was encouraging. The wind was stronger in the afternoon when the McLean match was in progress and from thirteen to nineteen minutes had to be allowed in order to calculate on locating the bull. The sun beamed brightly all through the day and it was very warm. The marksmen are well pleased with the result of the shoot up to the present and are particularly thankful to the weather man for his consideration.

Beating All Records.

Never has such splendid shooting been done on the Sussex range by the P. R. A. members. Last year a score of 96 won the Association Cup and marks of 82 shared in the distibution of prizes, but at today's match as high as 90 was counted out and when it is considered that there were forty-five who made this figure or more today, the high standard of efficiency will readily be recognized. In this match the winner becomes the receipient of the challenge cup and $10 in cash while there were fifty-two prizes aggregating $153. The firing was at 200, 500 and 600 yards.

Won McLean Cup.

The scores in the contest for the McLean cup this afternoon were also far better than those of last year in the same contest. Once again a St. John man was the winner, G. F. Fletcher, of the St. John Rifle Association, who made the possible 50 in ten rounds at 800 yards, thus becoming the possessor of the silver cup presented by the president, Lieut. Colonel H. H. McLean, to be owned by the member twice winning it. He also gets the first prize of $10. Mr. Fletcher was entered in the Tyro class, but he is now ranked amongst those higher up.

RECENT DEATHS

London, Aug. 14—Miss Octavia Hill, a social reformer, who became well known for her labors principally among the poor, died today.

Rome, Aug. 14—Elizabeth, Dowager Duchess of Genoa, the grandmother of Victor Emmanuel III., the present King of Italy, and mother of Dowager Queen Margureta, died today.

Bathurst, N. B., Aug. 14—A very heavy thunder storm passed over Gloucester county yesterday afternoon. At Burnsville Mrs. Jos. Pinet while in her garden was struck by lightning and instantly killed. A barn was destroyed and a valuable horse killed a few miles below Tracadie.

After a lingering illness Michael Durick passed away at his late residence, 8 Elgin street, early last evening. Mr. Durick was born in Ireland but came to this city when a mere lad. He was well known and highly respected in the North End. He is survived by one son James, and one daughter, Josephine, both residing at home.

MEAN MAN

It was a sleepy little village, with but one claim on fame. It had been the scene of a great battle centuries ago, and every now and then strangers would come to gaze on the field of war, and dig furtively for relics—which the canny natives had carefully buried in readiness for them.

As one old gentleman approached the village, he saw a lad sitting on a stile.

"My lad," he asked politely, "is this the field upon which the great battle was fought?"

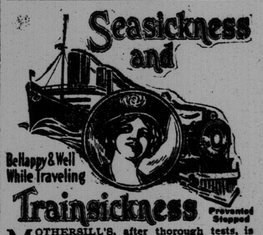
"Naw, zur," replied the youth, "that be at the top o' that 'ill."

"Dear, dear!" replied the old gentleman playfully. "That hill must be quite a mile away. Why ever didn't they fight it in this field?"

The lad looked at him dully as he shook his head.

"Dunno, zur," he said slowly, "less it be as this yer yield belongs ter Varmer Johnson, 'oo never will lend his yield for anything, not even for t' village sports!"—Answers.

The Gwinnett Journal, published at Lawrenceville, Ga., asserts that it is the only newspaper in the United States which is got out exclusively by girls. Miss Carrie Gauge operates a linotype machine and sets up the paper. Her sister, Miss Eva Gauge, is foreman of the job office and turns out the display and advertising matter and the job printing. The young women get the news, make up the forms, run the engine and operate the folder and mailing machine. They support a widowed mother and several young brothers and sisters.



MOTHERSILL'S, after thorough tests, is now officially adopted by practically all the Great Lakes and New York Steamship Companies running south and many Transatlantic lines.

Three years ago Mr. Mothersill gave a personal demonstration of his remedy on the English Channel, Irish Sea and the Baltic, and received unqualified endorsement from leading papers and such people as Bishop Taylor Smith, Lord Northcliff, and hosts of doctors, bankers and professional men. Letters from personages of international renown—people we all know—together with much other interesting and valuable information are contained in an attractive booklet which will be sent free upon receipt of your name and address.

Mothersill's is guaranteed not to contain cocaine, morphine, opium, chloral, or any coal-tar products. 50c box is sufficient for twenty-four hours, $1.00 box for a Transatlantic voyage. Your druggist keeps Mothersill's or will obtain it for you from his wholesaler. If you have any trouble getting the genuine, send direct to the MOTHERSILL REMEDY CO., 590 Scherer Bldg., Detroit, Mich. Also at 19 St. Bride Street, London, Montreal, New York, Paris, Milan, Hamburg.
