

Men Here's An Offer

WEAR MY ELECTRIC BELT FREE UNTIL YOU ARE CURED

You can talk with the men and women who have been cured by my treatment, and that's worth considering. I might preach for years in my efforts to gather converts to my way of curing disease, and nobody would pay any attention to my arguments. But when I tell you I have cured your neighbor, Mr. Walker, or your old friend, Mr. Williams, and that you can go and ask them, then I have given you proof, and you know that I do all that I claim.

And I want you to give me credit for what I prove. There's nothing surer than the word of an honest man, and when such men as these admit that I cured them, you know that I can cure you.

HERE IS PROOF OF MY ARGUMENTS:

D. JANNISON, Steelton, Ont., writes: "I have been cured of my kidney and varicose, and feel a different man. Would not be without your belt for any money."

C. M. McKAGUE, Roland, Man., has this to say: "After ten days use of your belt, the losses have stopped, my stomach is digesting its food, and the constipation is a thing of the past. You have my sincere thanks."

J. LARGESS, Box 23, Vankleek Hill, Ont., writes: "The lameness in my back is all gone, the varicose is better, and I am feeling better health generally, and have gained a good deal in weight."

JAMES HATT, Beech Hill, N. S., says: "The pains in my chest and back are all gone, and I have gained fifteen pounds in weight. It is a pleasure to say that I have at last found a remedy that will cure me of my aches and pains."

DR. McLAUGHLIN'S ELECTRIC BELT CURES

Varicose, Rheumatism, Kidney-Troubles, Lame Back, Sciatica, Stomach Troubles, Nervous Debility, Lost Vitality, and every indication that you are breaking down physically.

I don't think there is any case of weakness, failure of vitality or of any trouble resulting from the imperfect action of any organ of the body that I can't cure. Of course, I do not cure all cases, but I have such confidence in my treatment that I will pay \$1,000 for a case that comes in my line of treatment which I can't cure with my recently perfected appliance. I am now curing troubles which I would not touch before.

I take the chance, and you, so come and see me, and if I say I can cure you, I will prove it to your satisfaction before you pay me a cent, if you will secure me. That's fair. If you can't call, write to me, and send this coupon.

FREE BOOK—Every man who desires the perfection of physical strength should read my beautifully illustrated book. It tells how strength is lost, and how I restore it with my Electric Belt. I will send this book, bound in leather, free, upon receipt of this coupon. If you are not the man you should be, write today.

CALL TODAY—If you can, call and see me and I will show you how you can be cured, and give you a free test of my belt.

Office Hours: 9 a. m. to 6 p. m. Wednesday and Saturday to 9 p. m.

Hockey Club Formed.

At a meeting, held in White's Restaurant in connection with hockey matters, it was decided to form what will be known as the St. John Hockey Club. H. E. C. Sturges was elected president, H. R. Clavson, vice-president, and T. W. Masters, secretary-treasurer. G. M. Paterson was chosen captain of the senior team and E. P. Howard, manager.

Efforts are being made to form a Provincial league.

Athletic Every Day Club Sports.

Entries are coming in for the twenty-mile bicycle race at the Every Day Club sports on Oct. 8. The club announces that no racing of contestants by automobiles or carriages will be permitted.

For the messenger boys' five-mile bicycle race on the grounds, fourteen entries have been received. The prizes for the sports are displayed in the window of the F. W. Daniel Company on Charlotte street, along with prizes won in the past by Messrs. Covey, Sterling and Stubbs, three members of the club who will be competitors in these sports.

The Ring Owen Moran Won a Demolition Battle.

Philadelphia, Pa., Sept. 29.—Pal Moore touched off a dynamite mine when he struck Owen Moran, of England, Jew on two occasions in the third round of their bout before the National Athletic Club in Philadelphia, Thursday night. During the rest of that round, and for three remaining rounds the fighters gave one of the most demolition battles ever seen in a Queensberry event in this city.

Moran, in a rage over the injury, yet not to the point of losing his poise, desperately piled his leather hands on Moore's head and body to get a knockout.

Moore was equally determined to stop his powerful combatant, who had now added reasons to cover his defeat.

The agile Britisher was entitled to the decision on points at the end of the sixth round. The advantage was his by a safe margin, although Pal was on his feet and a live wire to the finish. In the third round Moore chopped his left hand down to Moran's body, the blow falling on the part of Owen's anatomy that was covered by his trunk.

The referee explained that Moran had been fouled, but that he did not do so intentionally. After two or three minutes' wait the interrupted round proceeded. Later another foul blow caused a second interruption.

FALSE THEORIES

Lead to Worthless or Harmful Remedies

Stimulating the scalp may allay the itching of the dandruff, but that does not cure the scalp. The disease won't yield to quinine or capicum or alcohol, or to any of the remedies that are so palatable to the dandruff sufferer. It is caused by a germ that destroys the hair follicles, and the only way to cure it is to use a remedy that will kill the germ, and finally, by using Newbro's Herpicide is the only really scientific preparation to cure dandruff, prevent falling hair and baldness. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. One Dollar Bottles Guaranteed. E. Clinton Brown, special agent.

ONE KIND OF LUCK.

I've heard folks talk about 'it' kind of luck you're sure to get. If you're playin' round an' find a horse's shoe—if it is kind o' lucky, then, they say, That's the bestest yet, an' you kin have jest what you want some day. Like at th' rich folks do!

You know you pick it up, an' when you've spit-right it out by. You swing it round your head, an' then you have to let it fly. Behind you jest as it comes. But an' then you've done it right—But say, you darsn't look 't 'ee. Where it's a-goin' 't 'light!

O' course, I s'pose that there has bin some folks it helped a lot; But, shucks! none like I never kin. I found a horseshoe wunst, an' I thought I'd get a pile o' stuff; But, though it wasn't luck it brought, I guess it brought enough!

My Uncle Jim was here, an' I Wuz awful glad—'cause he Had sed one time he guesed he'd buy A shootin' gun fer me. So when I found that horseshoe there 'Alayin' on th' ground, I wish, an' I thowed it in th' air. An' never looked around!

I ought 'a' looked—'cause Uncle Jim He hoped around an' fussed. An' sed I tried 't murder him, An' he'lt his nose an' cussed. I wish that horseshoe had a-kept From hurtin' him so bad; 'Cause I got nothin' at all, except A lickin' frum my dad!

—Chicago News.

In England, in the Tudor days, it was the general practice to pour honey over the meat at meals. Sugar and honey were used in so many dishes that the teeth of most people were black in consequence. Most of the dishes popular at that time would be too rich for the people of today, for oysters were stewed in wine, pigeons stuffed with gooseberries, grapes boiled in butter and mutton was stuffed with oysters.

One ton of apples will usually yield 150 gallons of cider.

CAMPBELLTON RELIEF WORK

Provincial Government Received Report of Auditor General—More Money Needed

There was a meeting of the provincial government here yesterday afternoon, when business of a routine nature was transacted. The present members of the government were: Hon. J. K. Fleming, Hon. W. C. H. Grimmer, Hon. H. F. McLeod, Hon. D. V. Lashly, Hon. John Morrisey, and Hon. Robert Maxwell. The auditor general reported that the money being received at Campbellton was being judiciously spent in aid of the sufferers. The report which was a lengthy one, stated that up to September 19, the total amount received for the relief work was \$68,206.33, and the total expenses \$10,322.06, leaving a balance of \$57,884.27.

Of this amount the sum of \$32,000 has been appropriated to the building committee in aid of the needy in building their homes and in the construction of some 30 small houses now in course of erection at a cost of \$300 each. For food and fuel during the coming winter the sum of \$23,000 more will be required.

The bonded debt of the town is \$300,000 and of this the auditor general gives a statement in detail. The annual interest on the amount is \$12,920. He estimates the amount which will be needed for the immediate future and which will probably be provided by an issue of debentures to be \$13,119.

The auditor general reported that the burned town is now being rebuilt at a rapid rate. The new buildings now in course of erection number 400 and there will be many more before spring.

The following industrial establishments are being rebuilt: I. C. R. works, the Harwood sawmill, the McLeod sawmill, the McLennan machine shops and the W. J. Duncan foundry.

There are also good prospects for the building of six saw mills in the town and vicinity in the near future.

The auditor general found the method under which the different committees have been working, was entirely satisfactory and his judgment is that no further action should be taken for the protection of the money and the equitable distribution of the relief work.

All the cash received has been deposited in the three local banks in the joint names of the members of the finance committee and none can be withdrawn except on the signatures of all three.

An order-in-council was passed on the opinion that proper steps should be taken to safeguard the interests of the public in the administration of the relief work, and approving of the work of the relief committee.

Hon. Mr. Fleming said that nothing has been done in the matter of the reorganization. Hon. Messrs. Fleming and Landry had a conference with Gen. Supt. Wm. Dowling, P. E. P. with reference to the extension of the first-proof warehouse for the handling of potatoes. Incorporated in the Fleming-Gibson Co., of Carleton County.

AMUSEMENTS FOR OURSELVES AND OTHERS

OPERA HOUSE.

An appropriate offering is the Totem Pole musical comedy, The Alaskan, which comes to the Opera House next Friday. The piece has been carefully read and "musicalized" by Richard F. Carroll and Gus Weinberg, who have taken care, in the general revision, to equip themselves with strong comedy parts, so much so that now the laughter is incessant from rise to fall of curtain. Several new interpolations have been made, and the new "snowballing" song, in which the audience is allowed to pelt the Equino girls with anything that comes to hand, is no exception. Laughing Powder, for I dream of You, Hi Hi Hi, and The Face of the Girl in the Moon, are among the new songs. The piece in its present form, it will be remembered, has had a five months' run in Chicago, and was voted the best musical comedy exploited in many years. Detmar Poppen, Al Rauh, Leo Kendall, Sidney Agers, Jessie Storer, Alice Keen, and the Lockharts, Marcel Scott and a large and exceptionally well trained chorus go to form the present Alaskan company.

NICKEL.

It is announced that the Nickel has something particularly good for its patrons at the Opera House and tonight. Possibly no picture shown in this theatre for some time has created so much real interest as Edison's fine Russian story of intrigue and oppression entitled From Tyranny to Liberty, a picture play in which the famous French pantomime, Mile. Pilar-Morin, plays the leading role. The Millionaire and the Ranch Girl is an edifying story of the west and there are two harmless comedies. The McBrady children make their debut today and Mr. Myers will have a good picture song. On Monday the Nickel will open a week with Mr. Myers commencing his farewell specialties and with the following special picture items: Lidia, an instructive travel film; His New Family, an Edison serio-comic; and In Life's Cycle, a Biograph scenic drama picturing a soulful story of a faithful brother whose prayers were answered.

WEDDINGS

Scott-Fraser. At the residence of Mr. and Mrs. William Fraser, at Prince William, on Wednesday, their daughter, Jessie Helena, was married to William H. Scott, of Canterbury, the ceremony being performed by Rev. Wm. Girwood of the Presbyterian church. Mr. and Mrs. Scott left on a driving trip to Fredericton, Margerville and other places. They will reside at Canterbury, where the groom's father, R. R. Scott, resided with a house and lot as a wedding present.

Miller-Wathen. At the Wesley Memorial church at Harcourt, on Wednesday, Mabel Wathen, daughter of Mr. and Mrs. L. J. Wathen, was united in marriage to Robert Henry Miller, of Newcastle. Rev. Mr. Creed officiated. Mr. and Mrs. Miller left for a trip to St. John, Fredericton and other places.

A movement is being started by the Typographical Union to have all the city printing done in union shops. It is expected that the Trades and Labor Council will deal with this matter.

HALIFAX LADY HAS WONDERFUL VOCAL POWERS

Miss Katrina Fleming Making Rapid Progress in Her Chosen Profession—Her Teachers Predict a Great Future for Her

Though Canada has given to the musical world some of its most famous vocal artists, among whom may be mentioned Madame Albani, she will ere long present to the realm of song a prima donna that promises to excel the most brilliant that have won universal applause.

To Halifax falls the honor of producing this most recent vocalist, in the person of Miss Katrina Fleming, who has been but four years in the study of vocal culture.

Miss Fleming came to New York, from her home in the city, the guest of her brother Thomas F. Fleming of the St. John Railway Co., at No. 4 Wall street.

While spending some weeks in her native city, she was heard on a number of occasions, having appeared also at other points in the neighboring province. Her wonderful voice amazed and enraptured her hearers, who could hardly realize the fact that historic Acadia had given birth to a singer that even now was on the way to resume her studies, spent Wednesday in the city, the guest of her brother Thomas F. Fleming of the St. John Railway Co., at No. 4 Wall street.
