REEVE SANGSTER IS INDIGNANT

WANTS EXPLANATIONS AT SAANICH COUNCIL

Effort Will Be Made to Locate University Near Sidney

(From Thursday's Daily.)

Reeve Sangster occupied the chair at a meeting of the North Saanich Municipal Council held in the court house, Sidney. This is the first meeting he has attended for over three months having been absent in Europe. All of each month, and the hour of 2 p.m., up the council were also in attendance. After the minutes were read and ad- ber, and the balance of the year at 2 opted the reeve rose to a question of privilege, and producing a copy of the Times of the 16th February, containing a report of the proceedings of the incil held the previous evening, and reading that portion referring to some wherein he stated "that certain perwere continually saying that when the reeve returned all of the councillors' work up to date would be veteod." The reeve requested Council-lor Brethour to say yes or no to whether he stated that the reeve would veto the councillors' work.

Councillor Brethour tried to explain that he did not state that the reeve would veto the work, but that other persons stated publicly that he would. This explanation was not satisfactory to the reeve, he still insisting upon a straight answer, yes or no, and concluded by saying that any man who made remarks about another behind

his back was a coward. The first business taken up was the passing of a motion authorizing the reeve to affix his signature to a plan of a sub-division of R. S. Griffin's pro-

perty on Breed's cross road. A plan of a sub-division of J. Ballentine's property, north of Sidney townsite, was laid on the table, and later a committee composed of the reeve and Councillor Ego were appointed to interview other parties interested with a view of extending Fourth Parisian syndicate purchased the street to the proposed sub-division.

operate with the board in an effort to interest the university commission in locating the site for the proposed unireeve and Councillor McKenzie a com- works. mittee to work with the school board. The school board also wrote request ing that Mt. Baker avenue be graded so as to enable them to properly drain the school ground. The reeve asked the council to lay this on the table, as he wanted to make a statement with ref-

erence to the grading of Sidney streets. F. C. Gamble wrote saying that there was an unexpended balance of \$427.85 of last year's grant of \$2,000 for trunk roads, and suggested that \$200 of this amount might with advantage be spent on the trunk road (Beacon avenue), extending down to Sidney.

Councillor Ego moved, seconded by Councillor Brethour, that the amount stated be spent in gravelling the

Peter Emrie and others presented a petition asking the council to grade Central Saanich road, and at this stage the reeve made his promised statement re grading streets. He stated he was not in favor of doing this class of work ex-cept by local improvement, and he noticed by the minutes of meetings held during his absence the council had decided to grade certain streets in Sidney. He said that if it were not for the fact that one month had elapsed prices.
since such decision had been arrived at It would be advisable for speculators late for him to exercise his privilege tion of the property they purchase. The of referring the matter back to the council for reconsideration, he cerproves the wisdom of understanding onder, however, was found.

It was moved by Councillor Brethour the petition for grading of Central Saanich road and Mt. Baker avenue be referred to a committee for report. Councillor Hewitt moved in amendwas not seconded and the motion car- proper level

CRITICISM OF BOARD METHODS

EXPERT EXAMINED BY INSURANCE COMMISSION

A. Ormsby, of Toronto Brokerage Firm, is Being Examined To-day

(From Thursday's Daily.) This morning's session of the Royal the most interesting of any held so and although details of the claims infar. A. Ormsby, of the brokerage in- volved cannot be obtained, it is undersurance firm of Burnett, Ormsby & stood the bond includes about twenty evidence which will prove of the greatest value to the commission. His firm the initial payment to be made in is one of the largest and most re- twelve months. Among those interest presentative of the insurance brokers ed in the sale of the claims are G. W on the continent. He was called at the instance of J. J. Shallcross, who is the fire insurance business.

present this morning that Mr. Ormsby newly acquired claims with the diapossesses the most complete knowledge of the fire insurance business in has been given to Boyles Bros., and exall its ramifications. He discussed ploratory work will commence immeevery phase of it with the utmost frankness and his evidence on the whole was most illuminative. His views were representative of those held by the larger "outside" companies which do business in this panies which do business in this province and while he expressed himself as opposed to the proposed insurance bill, he took pains to make clear that he was by no means an advocate of free trade in the fire insurance business. He believed that there should be governmental regulations so as to oughly safeguard the interests of he found much in the board methods he unsparingly criticized their methods of fixing the schedule.

Questioned by Mr. Shallcross, Mr. Ormsby testified that the companies his firm represented were not bound by the rates fixed by the board in itish Columbia. His firm had cut oose from the board because it did ot believe in board methods. He be-

Mr. Ormsby condemned the proposal olicyholder, and yet too large to be granted. Continuing, Mr. Ormsby said he

tried to prevent insurers placing polleles elsewhere. But he was not in faor of opening the door so that every ompany which wished to do so might come in and do business. If the government licensed companies they should only do so in such a way that the insurer would be protected in his right to collect. It was not fair, howineligible to become a member. He cited instances showing how the com bine worked to the disadvantage of the insurer. He told of having done business with the P. Burns Company at \$1.35 whereas Mr. Burns had previously been paying \$2.70. He cited this as place insurance with outside compa-
