GOVERNMENT ASKED FOR AID

CANADIAN NORTHERN SEEKS ASSISTANCE

D. D. Mann at Luncheon Today Says He Hopes Something May Result.

(From Wednesday's Daily.) D. D. Mann, vice-president of the Canadian Northern railway, was th guest of the Canadian Club at one of their informal luncheons at the Driard hotel to-day. Mr. Mann, a native of Canada, is one of whom the whole Dominion may feel proud. He is a selfmade man who by his own efforts and ability has come into the forefront among the transportation men of this

Mr. Mann and Col. Davidson, the sample to Dr. T. A. Slocum, Limited. Spadina Ave., Toronto. land commissioner of the Canadian Northern, will leave Victoria to-night. Both were the guests of the Canadian Club to-day. Mr. Mann is a strenuous worker. He knows no recreation, and the Victoria business men were indeed privileged to have the opportunity of hearing him to-day.

luncheon was very large. At the head of the table sat A. E. McPhillips, who presided in the absence of Judge Lampman, who is not in the city. To his right sat D. D. Mann, Col. Prior and Premier McBride. To his left were Mayor Hall and Col. Davidson.

The announcement was made by Mr. Mann that his company intends to build to the Pacific Coast; that negomight result in something definite

A. E. McPhillips, in introducing Mr Mann, referred to the fact that Mr. Mann and his associate in the Canadian Northern, W. Mackenzie, were Canadians. (Applause.)

He had approached the government on the subject of assistance and had received some encouragement. He hoped that D. R. Ker, W. J. Hanna, Wm. M. Al-

His company, he said, had 3,000 miles built and 2,000 were now under con-struction. Arrangements had been made with different governments under which guarantees were given. It was interesting to know that not one dolla had been required to be paid by the APPRECIATES SERVICES ents under those guarantees.

When the lines were built 75 per cen of the population of the prairies would be reached. This would give a grea market for the timber and the fruits o

When the C. P. R. was built there were only 157,000 people in the country between the Great Lakes and the Pacific. Now there were 1,000,000. (Ap plause.) In the last few years 142,00 people were going in annually and tak ing up homesteads on the plains. Branch Lines.

NANAIMO COUNCIL MAY APPOINT CITY ENGINEER

Several Aldermen Favor Pro- Line Will Be in Operation to Governor Gillett's Message to posal—Meeting to Discuss Publicity Work.

(Special Correspondence.) Nanaimo, Jan. 26.—There was little business, even of a routine character, council last night. However a question by Ald. Shepherd provoked a discussion which clearly revealed considerable dissatisfaction on the part of sev eral of the aldermen with the work of the engineer in charge of the waterworks extension. The question of engaging a city engineer was taken up last year, and then after a time dropped. The demand for such an appoint ment has again been raised, and found expression in the local press. Probably this accounted for the discussion last night's meeting. The outcome of it all will probably be the appointmen of a city engineer at no very distant date, Mayor Hodgson expressed himself as being strongly in favor of such an appointment, stating that there was always enough work in the city to keep an engineer busy. He, however, suggested that the question had better be taken up in committee, and the discussion was dropped.

Publicity Campaign. J. W. Coburn, president of the Ladysmith Lumber Company, the office of which was located here, will at once take up locally the suggestions arrived at at the inaugural meeting of the Island Development League. The first general move will be the ascertaining from mining men and prospectors where trails and roads can be broken to the greatest advantage. Mr. Coburn has decided that the best way to get at the desired information is to call a mass meeting, and with this end in view he is going to call together the officials of the Citizens' League,

As it happened this league had already arranged to hold a mass meeting has come forward with a proposal for the citizens of Nanaimo to petition the federal government for an appropriation of \$600,000 for the improvement of the harbor. It was to discuss this proposal that the Citizens' League decided to call a mass meeting for the 5th ter, Henry B. Thomson, J. H. King, A. of next month, but it may be called earlier, and both matters taken up. The Glee Club.

At the Sunday practise of the Orpheus Glee Club it was decided to give a concert at Ladysmith on February 27th. The club, which is being train by J. R. Morgan, of Victoria made a big hit here, and this will be its first appearance out of town.

Benefit Fund. The Socialist party in the district have arranged to take up a collection on behalf of the widow and family of John Holden, who was fatally shot in the woods while out with a party searching for the man John, who has been missing over two weeks. Pastor's Challenge.

The Socialist pastor here finds himself in rather an awkward dilemma A Victoria comrade addressed a meeting here on Sunday and endeavored to lay down, first, that Jesus inaugurated a labor movement pure and simple, and laid no stress on a life beyond the present; second, that Christianity, in contradistinction to science, is based purely upon belief, and is consequently scientific and illogical, and third, that the doctrines of Christianity, as found in the New Testament and preached in the churches, bear no substantial resemblance to the principle consecrated by Christ himself. Rev. challenge to the lecturer, or any other comrade, to debate with him these propositions on the platform. Line Blocked

The mines at Extension were idle yesterday owing to the heavy fall of snow blocking the line. Personal.
