Endeavoring to Arrange Match Between Ketchell and Kaufman-Says Former Has Accepted Terms.

One of the Philadelphia boxing clubs is trying hard to arrange a six round bout between Al Kaufman and Stanley Ketchel. The latter is said to have accepted terms, but Kaufman is demanding an exorbitant guarantee. Ketchel, who will meet Frank Klaus at Pittsburg in the near future, says he weighs 168 pounds just now and will not attempt to reduce. If the proposed bout with Kaufman falls through the latter may agree to meet Ian Hague, the English heavyweight, in a twenty round bout in Frisco.

Although Connie Mack of the Phil delphia Americans will have at least a dozen pitchers on his list when he a dozen pitchers on his list when he makes the spring training trip, he will depend upon the men who kept the Athletics in the race all last season. He is pinning his faith on Plank, Pender, Coombs, Morgan and Krause, with Dygert added if the latter shows up the form expected of him.

There will be six or seven youngsters to try out on the preliminary training trip, and Connie hopes to discover at least one among the lot who will show enough to warrant his being carried along with the team to be used in case of emergency. AT CHARLOTTETOWN Daughter-Home Seekers Stand In Line Three Days for Nothing.

NEW HAVEN, Conn., Feb. 19.—The anthropological department of Peabody Museum has received from Prof. Kollman of the Anatomical Institute at Basle, Switzerland, a cast of a restored head of a female lakedweller of prehistoric days. The skull was found by Prof. Kollman recently near Nenchatel. The type of the features in the cast is strengly Teutonic.

SAN FERANCISCO, Cal., Feb. 19.—The will of Mrs. Anna Christinna Spreckles filed for probate today, gave her entire fortune in equal parts to her sons, Clausa and Rudolph Spreckles, and her daughter, Mrs. Emma Ferris. The will explains that the other two sons, Adolph and John D. Spreckles, received their share of the family estate during the lifetime of their father, Calus S. Spreckles.

NORTH GROSVENORDALE, Conn. Westville will skate in the champion-ships and will also skate at Oxford. Logan will go in the 220 yards, 440 yards, half mile, mile and three mile events. Arrangements have been made for him and Bouche to meet at the

NORTH GROSVENORDALE, Conn., Feb. 19.—Inducements for cotton mill operatives to go to Canadian Northwest are being made by agents in this section. There are some indicatins that many families will emigrate 'o' Saskatchewan and Manitoba. Industrially the situation may become interesting, as it is thought the cotton mills hereabouts will be short of help in the spring, when Canadians make the exodus to farms in the provinces.

LOS ANGELES, Cal., Feb. 19.—More than 200 men and women, who have been waiting in line since Wednesday, to file on forty-acre farms at Yuma, learned tonight that they had passed days and nights in the streets fronting the government land office for nothing. Secretary Ballinger wired the land office today that he had changed the plan for giving away the government land.

The secretary ordered the land office to engage a hall and there distribute the 172 farms to those who managed to get in first between the hours of 8 and 9 in the morning of March 1.

Everyone Thought She Was Going Into Consumption. Gained Ten Founds in Two Weeks by the Use of Burdock Blood Bitters.

Mrs. Fred. Biggs, Kingston, Ont., writes:—"I was completely run down, my blood was out of order, and I used to get so weak I would be compelled to stay in bed for weeks at a time. I could not eat, was pale and thin; every one thought I was going into consumption. I tried everything and different doctors until a friend advised me to use Burdock Blood Bitters. I did not have one bottle used when my appetite began to improve. I used six bottles. I gained ten pounds in two weeks. When I began to take it I only weighed ninety-three pounds. It just seemed to pull me from the grave as I never expected to be strong again. I will tell every sufferer of your wonderful medicine." MONTREAL, Feb. 21.—Seven thousand people attended the hockey match on Saturday night and witnessed the Capitals lose the first game of the season in the National Hockey League to the Wanderers. The two teams are now even in the championship race.

medicine."

The blood reaches every portion of the body to distribute nutriment and remove effete matter and waste products. Clearly then, any influence, good or bad, affecting the blood, must necessarily affect the entire system for good or evil as the case may be.

Get pure blood and keep it pure by removing every trace of impure morbid matter from the system by using Burdock Blood Bitters: It exerts a curative influence unapproached by any other remedy.

PORTLAND, Me., Feb. 20.—Portland people are watching with interest the attempt of the Grand Trunk Railroad to obtain a terminal in Providence; but it is not believed here that even if successful, the project will affect this port adversely.

The Grand Trunk has several hundred thousand dollars invested in its terminals here, including two grain elevators with a total capacity of 3,000,000 bushels, and it is known that plans have recently been made for an immense concrete grain bin to hold a million bushels which can be used with the present elevators. The completion of the Grand Trunk Pacific is expected to vastly increase the grain shipments over the road, and Portland expects to get its share of this business. PROMINENT POLICE

First Officer of Hamburg-American Liner Tells of Thrilling Episote at Sea.

The story of a plot to kill the officers of the Hamburg-American Liner Gallcia, seize a consignment of \$1,800,000 in gold belonging to a big banking firm in New York, from the vessel off the coast of South America, was told Wednesday by officers of the ship, which is at the Bush docks, in South Brooklyn, unloading a cargo brought from Brazil.

The success of the plot would have been almost certain had not a member of the erew given the alarm, officers of the ship said. The alleged mutineer was put in chains by Captain John Bormeister at the eleventh hour and was taken to Hamburg for trial.

On Nov. 10 the Galicia sailed from South Brooklyn for Rio de Janeiro. Among her cargo were 100 oak cases containing \$5 and \$10 gold pieces to the sum of \$1,800,000.

The money, was being sent by G. Amsinck and Co., bankers and merchants, of 6 Hanover street, New York, to Rio de Janeiro. It was locked in a spare stateroom near Captain Bormeister's room and directly across from that of Chief Officer Albert Daniel-czet's. The key to the treasure was in charge of the captain.

When two days out from port the officers took particular notice of one of the sailors, Peter Nieman, It was evident that he had never been at sea before. It was learned that he was a former cowboy, and developments led the officers to believe in some way he learned of the shipment of money and joined the crew because of that knowledge.

When the vessel was a week on her

When the vessel was a week on her way, Chief Officer Danielczet said Nieman called members of the crew aside, told them of the presence of the gold in the spare stateroom and asked them how they would like to share it with him.
