Notice to Delegates to Convention.

As it is impossible for the clerk of our church to notify the intending delegates of the homes to be assigned them, a reception committee will be in waiting at depots and boats who will give all needed information. The members of this committee can be recognized by the badge. If any may fail to be met please take a coach or an electric car to church where all direction and information needed will be supplied. Coach fare for one 30c., for two 50c., and 20c. for every additional member of the party going

to the same place, electric car fare 5c. to any part of the city.

ACCOMMODATION.

We are putting forth our very best effort to secure free entertainment for as many as possible, but owing to a series of Conventions that have and are meeting now in our city, we find the task somewhat difficult. Let no one, however, who feels it his duty to come to attend to the Lord's work in connection with the denomination be discouraged, come right along we will do our level best for you. Very good accommodation can be secured all the way from \$3.20 per week up to \$2 per day and as much higher as purse enables or fancy suggests. A restaurant will be opened in the old church building where luncheon can be procured at very reasonable rates. This institution is in no way connected with the church, the privilege has been secured by a caterer altogether on his own account. The committee as well as the pastors in the city thought this would be an accommodation for members of boards and committees whose time may be so occupied as to make it difficult for them to go any distance to their meals, as well as for others who may be billeted some distance away from the place of meeting.

J. A. GORDON.

The York and Sunbury quarterly meeting will convene with the Lower Prince William Baptist church on Friday, September 3rd, at 7.30 a. m. Rev. F. D. Davidson to preach the introductory sermon on Friday evening, and Rev. J. D. Freeman to preach the quarterly sermon on Sunday morning. We hope to see a large delegation from all the churches within the bounds of this quarterly meeting.

F. D. DAVIDSON, Sec'y.-Treas.

Personal.

Dr. Smith Baker, of Boston, who was in St. John last week attending the C. E. Convention remained over Sunday and spoke three times, preaching in the evening for Pastor Gates at Germain Street. The sermon was able and eloquent, and was heard with great appreciation by a large congregation.

The many friends of Mr. S. D. Scott, editor of the Sun were glad to hear of his return to St. John last week after an absence of several months, the last month or two of which has been spent in travelling in the Canadian Northwest and on the Pacific slope. Mr. Scott has been giving the readers of the Sun the benefit of his observations in a series of interesting and valuable letters.

Henry A. Rucker, the negro recently appointed collector of internal revenue for the district of Georgia, assumed charge of the office at Atlanta on Thursday. Six white men in the collector's department announced that they would go out of office with Collector Trammell, declining to serve under a negro collector. Rucker has selected A. J. Smith, a white man, to be his chief deputy.

Lady Henry Somerset has withdrawn her resignation from the presidency of the British W. C. T. U.

Mr. Pom Kwang Soh, ex-minister from Corea, died at Washington on Friday of consumption. It was Mr. Soh's wish that his body should be cremated.

Suffered from Infancy.

THE WAND OF MISERY WAVED OVER MRS. THOS. GREEN.

From Her Childhood She Suffered from Heart Troubles—Doctors said Nothing Could be Done for Her, and that Her Death at Any Moment Would Not surprise Them.

From the Herald, Stratford.

"Of the making of books there is no end," it has been said, and the same claim might be set up in respect of the making of testimonials in favor of Dr. Williams' Pink Pills. Wonderful as are some of the statements published in the newspapers as to the cures effected in all parts of the country, fresh evidence proves the half has not been told. Were it not for a false sense of delicacy which a great many people entertain in regard to such matters, the columns of the press would be literally

teeming with grateful acknowledgements of benefit derived from and permanent cures effected by the use of Dr. Williams' Pink Pills for Pale People. It is quite within the mark to say that there is no other medicine offered the public that can at all compare with Dr. Williams' Pink Pills, and there is not a corner in this wide Dominion in which their virtues have not been proved. A cure which recently came to the knowledge of a representative of the Herald is deserving of being widely known. It is an instance of heart trouble that baffled the skill of a number of physicians, some of whom positively refused to treat the patient on the ground that it was no use. The subject of the affliction referred to is the wife of a highly respected and well-to-do farmer in the township of Logan, near the village of Dublin. Mr. and Mrs. Thos. Green are firm believers in the efficacy of Dr. Williams' Pink Pills, and for very good reasons. Mrs. Green has suffered everything but death from a weak heart, the trouble having afflicted her since early childhood. On several occasions she has been so low that it was not thought possible for her to recover. Her greatest trouble often arose from exhaustion or a sudden start, and at such times her heart seemed to cease its throbbing and the breathing was stifled and labored. Doctor's medicine seemed to have no effect whatever. She was advised by one physician that all that could be done was to keep her strength up, and it was with a view to strengthening her system, and with no hope that her heart would be benefited, that she began the use of Dr. Williams' Pink Pills. She had not been taking them long, however, when there was an unmistakable relief from the trouble that had made her whole life miserable. During the past summer she has used Pink Pills freely, and has enjoyed better health than for many years before, and has been able not only to do her household work, but also many of the out door chores that fall to the lot of a farmer's wife. The different physicians who have treated her have frequently told her husband that they would not be surprised to hear of her death at any moment, but she is to-day a strong woman, enjoying better health than she has done for years. Both Mrs. Green and her husband feel grateful for the great benefit she has received from the use of Dr. Williams' Pink Pills, and spare no words in sounding their praises to everyone who enquires what has wrought such a change in Mrs. Green's health and spirits.

In cases of paralysis, spinal troubles, locomotor ataxia, sciatica rheumatism, erysipelas, scrofulous troubles, etc. Dr. Williams' Pink Pills are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to pale and sorrow cheeks. Men broken down by overwork, worry or excesses, will find in Pink Pills a certain cure. Sold by all dealers, or sent by mail postpaid, at 50c a box, or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N. Y. Beware of imitations and substitutes alleged to be "just as good."

HEART TROUBLE.

MAXWELL, ONT., CANADA, Jan. 6, 1897.
I commenced using one of your Electro-poise in June, 1895, for valvular heart trouble and neuralgia of the same organ. I realized improvement from the first, and in several letters to you my sister stated the great benefit derived from its use. My heart does not trouble me now, except when I overexert myself then I feel a slight pain in it. I only wish we had heard of it sooner as it would have saved us a great deal of useless expense. We would not part with it for any amount of money if we could not replace it.

Very truly,
J. D. STERLING.

RHEUMATISM.

ST. JOHN'S, QUE., CANADA, Feb. 21, 1896.
The wonderful properties of your Electro-poise having been brought to my notice, I was induced to give it a trial on a member of my family who suffered from inflammatory rheumatism, and for the short time that I have used it I think it has afforded much relief to the patient.

Yours very truly,
JAMES O'NEIL,
(Mayor of St. John's).

PARALYSIS.

MINNEBODA, MAN., CANADA, Jan. 28, 1895.
I commenced using the Electro-poise last November for rheumatism and paralysis. My experience with it since then enables me to say now that the Electro-poise is the one only remedy worth trying for the above maladies. I have tried everything else and find the Electro-poise the only genuine and grand success.

Gratefully yours,
ALICE H. RACEY.
