

DEPARTING FROM UPPER CANADA FOR N. B. POTATOES TAXES SUPPLY

Carleton County Dealers Having Hard Time to Fill Orders. PRICE HAS GONE UP TO \$1.05 PER BARREL

Inspectors Busy Finding Out Sections Infected with Powdery Scab - An Inhuman Father's Crime.

Harland, Feb. 6.—The stories of immense quantities of potatoes going to waste in Carleton and Victoria counties on account of the embargo on the New Brunswick product, fall rather flat when it is known that the dealers cannot get enough stock to fill the upper Canadian orders.

On Thursday three inspectors started out from here under instructions from the local government to search for any potatoes affected with the powdery scab.

The condition of Postmaster Barnett's health does not appear to improve. He is yet confined to his house and some days he is better and the hopes of his friends are in the ascendency.

The brass band is hard at practice and will shortly spring a surprise on the residents. On Thursday a baritone and two cornets arrived from the makers and are the property of individual members of the band.

Mr. E. B. Harley, who has been tiler in the bank for some time at the village will boast of a band that can hold its own with the best of them.

From Baker Lake comes a story of the murder of an infant by a well known farmer of that place. It is reported that the father of the child placed it in a manger after its birth and let it freeze to death.

Last August a man belonging to Grand Falls was found murdered in a snowdrift. The government offered a reward for the detection of the guilty parties nothing ever came of the matter.

Some time in November a man named Devon was so seriously injured at his home at Grand River that he died. In a drunken melee he was knocked down stairs and died from the effects of a fractured skull.

Later, near the same locality, three Frenchmen started in to kill a turkey. One held the bird's feet, another stretched its neck across the block, while a third brought down the axe.

The result was that instead of striking the turkey the axe fell across the wrist of the man holding the bird's head. The man was severed by the blow. He was taken to the hospital at St. Basile where, later, he died and that seems to have ended the incident.

For Baking Success This Oven Test

Success on some baking days can be expected no matter what flour you use. But constant success is rarer. It can be assured in only one way. The miller must select his wheat by oven test.

So from each shipment of wheat we take ten pounds as a sample. We grind this into flour. Bread is baked from the flour.

A JACK THE TRIPPER TRIPPEN LANDS IN THE TOILS

Mysterious Man who has been Annoying Houlton Women Captured and Sent to Jail.

Special to The Standard. Houlton, Me., Feb. 7.—Houlton's mysterious "Jack the Tripper," who has been assaulting women on streets in the residential streets for intervals during the past few weeks, has been caught at last.

May Myhrall and her sister sister, Evelyn, were returning from the Catholic church Sunday night when they saw a man ahead of them, stooping on the sidewalk as though tying his shoe.

Both screamed and beat him about the face and head, after which he made his escape down the street.

Nearly a dozen similar assaults have occurred here during the past few weeks. In each instance the man has stopped to tie his shoe string. No one has hitherto been able to identify the mysterious stranger, who has gone under the name of Jack the Tripper.

The recent actions of John Travis, who is at liberty on a suspended sentence, were laid before Judge Forbes in chambers Saturday morning by Chief Clerk Daniel Tuttle, R.G.O.

The overturning of a large double-runner on which three persons were coasting on Carmarthen street here Friday evening was the cause of a painful accident in which T. H. Tongue and his sister-in-law, Miss Miller, were badly bruised.

Next To Consumption. There Are More Deaths From PNEUMONIA Than Any Other Lung Trouble.

Pneumonia is nothing more or less than what used to be called "inflammation of the Lungs."

Consumption may be contracted from colds, but pneumonia is caused by exposure to cold and wet, and there is only one way to prevent pneumonia, and that is to cure the cold on its first appearance.

Special to The Standard. Foxcroft, Me., Feb. 7.—The mystery which has surrounded the disappearance of 19-year-old Ruth H. Gordon, at Plympton, Me., last July, was solved here the last of this week when she was identified as the "Mrs. Simmons" who has been living for months in a camp outside the village, with Herbert B. Reed, a married man of Plympton, who disappeared at the same time the girl left home.

She at once communicated her suspicions to Sheriff Brown, who started an investigation. The girl readily admitted her identity. Sheriff Brown then went to Reed who had first denied that he was the man living in the camp. He broke down and admitted everything.
