WATERLOO NEWS RECORD

At a special meeting of the Waterloo Labor Club held last night Messrs S.P. Kiewit and P. Hosenflug were appointed delegates to attend the second annual convention of the Independent Labor party to be held in Toronto on Good Friday.

As a result of a general strike being called and taking effect last night at 6 o'clock the local Canadian Express Co. is not doing business as usual this morning.

Mr. Hamilton, the foot expert is in attendance at Zieks Shoe Store Home for two days. Take your foot troubles to him. No charge.

Mr. H. Duncan of Toronto was a business visitor in town yesterday.

Everything that's new in Women's fashions at Zieks.

Mr. C.W. Wells and Mr. E.M. Devitt are visitors to Bradford today in the interests of the Park Board.

Mr. H. Starr of London was in town yesterday on business.

Mr. and Mrs. R. Campton of Ottawa are spending several days in town visiting friends.

Mr. J. Bishop of Hamilton was a visitor in town yesterday on business.

Mr. H. Goodman of Owen Sound was a visitor in town yesterday.

Miss E. Barter of Guelph spent several days this week with friends in town.

Mr. and Mrs. P. Wallace and daughter of Chicago Ill who have been spending the past two weeks with friends in town left this morning for Toronto to visit prior to returning home.

The Girls Club of St. John's Lutheran Church met at the home of Mrs. J. Chas. Mueller, Young Street last evening. After the business meeting dainty refreshments were served.

DOGS A NUISANCE.

A number of our Citizens are complaining most strenuously on account of their flower gardens being ruined by dogs running at large at night. As one citizen remarked this morning chickens if not penned up are a nuisance but they have nothing on the dogs that infest certain neighborhoods. If some of these canines are missing this morning no one will be to blame but the owners themselves.

TINSMITHS OUT.

The tinsmiths of the Waterloo Manufacturing Company went out on strike last night and are still out. The men have asked for a nine hour day the rate of pay to be the same as for 10 hours. It is understood the Company are willing to grant them a nine hour day with an increase of pay of 3 cents per hour but this did not apparently meet with the approval of the men and the consequence was they walked out. There was a rumor that the carpenters would go out in sympathy with the tinsmiths but this department is running as usual. It is to be hoped an early settlement will be made between the men and the company. Strikes are something unusual in this town this being the first for some years.

Republic Company Locates in London

WILL START BRANCH PLANT.

Decision to erect a factory in London, Ont., was announced yesterday by Mr. Burrell D. Jones of the Republic Motor Truck Company. An initial investment of \$500,000 is involved in connection with the establishment of this company in London, and it is understood that a considerable amount has been supplied by investors in that city. The company announced its intention last November of locating in Canada, and entered into negotiations with several Ontario cities. The choosing of a site in London with railway shipping facilities marks the securing of another industry that is hopeful of branching out steadily as circumstances permit.

Try POSTUM
If you have tea or coffee troubles. You'll note better health. There's a Reason.

stances warrant Excavation work has already been started, and it is proposed to erect a modern factory building. As far as possible the parts of trucks will be secured in Canada as soon as manufacturing can be entered upon in London, according to the statement of the manager of the new industry. Meanwhile the assembling of trucks will be carried on in a munition plant that has been secured temporarily.

Result of Canadian Express strike.

Following the instructions from the Dominion headquarters to go out on strike at six o'clock last evening unless work to the contrary reached them the local drivers, depot men and porters, about a dozen of the Canadian Express Company at that hour quit their posts. They are still out like hundreds of others throughout the country.

The quitting of work by the men has resulted in the piling up of shipments; the company, however, is putting forth strenuous efforts to handle the business as well as possible. Enquiry at the office of the Dominion Express Co. showed that their business was given a market impetus this morning as the result of the walk out. So much so, that special cars, are being put down between the city and the C.P.R. station at Galt.

CANADIAN POSTMASTERS ORGANIZING ASSOCIATION.

Ottawa, April 10.—Postmasters from all over Canada are here to complete the organization of the Canadian Postmasters' Association. The association is open to all postmasters, but it is chiefly for the rural and small town post-offices, where the postmasters have more grievances. Some of these, principally the small salary for the work and the time required, will be ventilated, and a deputation will probably wait on the Government.

U.S. DUMPING COTTON GOODS ON THE BRITISH MARKET

London, April 10.—Suggestion was made in the House of Commons today that American manufactured cotton goods were being offered in England at prices below which they were sold in the United States. W.C. Bridgman, Under-Secretary of the Board of Trade, said that an anti-dumping bill was already in print, and the Board of Trade would like to have any information in the possession of the member regarding the suggestion made.

AMERICAN POLO TEAM WON.

Santa Barbara, Calif.—The American polo team defeated the British team here in the first international contest of the season, by a score of 8 1/2 to 3. Accordingly a handsome set of trophies, donated by Mrs. R.C. Cox, of Toronto, remains in Santa Barbara. The visiting players were Co. J.P. Fell, of Vancouver; Major I.G. Forham, of Victoria; Lieut. R.C. Longborne, of Calgary, and Herbert C. Cox, of Toronto.

"Beavers" the Name of the Ball Team

Will Play Twilight Ball.

Kitchener's baseball team in the Michigan-Ontario Baseball League will be known as the "Beavers." This nick-name was unanimously adopted at a meeting of the directors on Thursday evening.

It was the consensus of opinion that no name that could be suggested would more appropriately typify this industrial city than "Beavers." Kitchener is known from one end of the Dominion to the other as an industrial centre, and its inhabitants have years ago attained the reputation of being thrifty. Industry and thrift are two characteristics that have been associated with the little fur-bearing animal that has been given a place not only on the coat of arms of Canada, but also of Kitchener.

Here's success to the "Beavers."

A Booster Week The directors also decided to inaugurate a "Booster Week," during which an aggressive campaign will be conducted to give the fans an opportunity to buy up all of the season tickets, and also subscribe towards a fund that will be devoted to making the needed improvements to the grounds at Victoria Park. The Park Board has indicated its desire to do its share, but owing to the limited funds the Commissioners cannot do as much as is needed to give Kitchener one of the best and most commodious ball grounds in the circuit.

There have been three hundred season tickets secured containing forty-four tickets, which will be sold at \$10.88, which includes the price of war stamps. These tickets admit the bearer to the grounds and the grandstand. A goodly number of these tickets have been disposed of, and the remainder will be sold during Booster Week, which will be held from Wednesday, April 16th to April 23rd, both days inclusive. It is expected that every baseball fan, who desires to see Kitchener on the baseball map in future years, will co-operate in getting the Club away to a flying start. If the management is given the assurance of financial support before the opening of the League season, the success of the enterprise is certain.

Meet the Park Board

A committee, composed of President Hill, Secretary-Treasurer A.A. Elby, "Pop" Williams and Les Seyler, was appointed to meet the Park Board at the special meeting this evening to make the necessary arrangements respecting the removal of the fence making the necessary repairs to the grandstand and the ticket offices. It is confidently expected that a satisfactory agreement can be reached, as the management of the Club has expressed its desire to assist in making the Athletic grounds a revenue-producer for the Park Board.

Reports Next Week.

Manager J. W. Beatty will report to the Club on Tuesday of next week and will proceed at once in making preparations for the training season. It was reported that the contracts for the major portion of the team have already been received, and that Kitchener will have a fast team of ball players.

To Play Twilight Games.

It was decided to play twilight games during the week-days, the games to be fixed for six o'clock, which enable the working people, who quit work at five o'clock to get to their homes and back to the grounds to see these games. The Wednesday and Saturday games will be played at 3:30 o'clock.

Canadian Expressmen Are Out On Strike

PAYMENT OF MESSENGERS AND EIGHT-HOUR DAY ONLY POINTS IN DISPUTE.

The threatened strike of the Canadian Express Company's employees throughout the Dominion made its appearance at six o'clock last evening in consequence of the refusal of the company to comply with the demands for increased wages and improved working conditions. According to a Montreal despatch about 1,200 men are affected. In Toronto the men claim about 300 men have quit work, and will not return until the company agrees to accept in full the award made by the board of conciliation appointed to adjust the men's grievance.

These are the increases of 10, 12 and 15 per cent, he made in the present wage scale, that messengers be paid on the mileage basis, and that the eight-hour work day be adopted for all employees.

This award was appealed by the company and the Labor Appeal Board practically confirmed the award of Judge Gunn, excepting that the adoption of the eight-hour day was not to be effective until all other express companies in Canada adopted it, and that the rate of pay for messengers was to be according to duties performed. The company agreed to accept the finding of the appeal board, but it was rejected by the employees, who insisted that the original award be carried out.

Kept Things Moving.

Business was at a standstill at the Union Station last night, owing to the strike, but the company managed to despatch some packages. It was stated that a number of the office employees had not gone out, and that with these and about 30 new men engaged at short notice, the officials had been able to keep things moving, and were able to place messengers on the trains. The company's officials anticipate that the trouble will be short-lived, and that in the course of a few days everything will be working smoothly, as there is no shortage of labor. Most of the wagon men are expected to report for duty this morning. The men held a meeting at Victoria Hall last night behind closed doors and expressed their determination to stand firm. Mr. W.J. MacPherson, organizer of the Canadian Brotherhood of Railway Employees, was in charge of the meeting and he stated at the close that about 300 men were out and that they intended to stay out until the eight-hour day was secured.

Spring Clothes

Fashion says that this will be a great season for cheerful clothes—and we believe in fashion and so provided liberally.

When you see the beautiful new color combinations in our suits we're sure you'll be pleased with them.

Lookers and buyers are showering us with many compliments.

Oh, no. We haven't overlooked the Man who will wear nothing but quiet effects.

We have a stock of these conservative patterns bigger and better than ever before—some surprises here, too—new weaves and entirely new models.

Suits at
\$15, \$18, \$20,
\$25 and \$40.

Waterloo.

messengers were paid on the basis of mileage traveled. He stated that the employees of the C.N.R. express had been receiving the rate of wages and working hour demanded by the Canadian Express employees for some time past, and if one company could afford to grant the concessions it should be easy for the others to do likewise.

The employees declined to recognize the Labor Appeal Board or its finding, for it simply a "repeal" board. They wanted the award of the Conciliation Board put into effect, but were prepared to have

the question of mode of payment to the messengers settled by the Canadian Railways Adjustment Board.

Mr. MacPherson stated that he had no reports from outside points, but he knew the strike order had been obeyed by the employees from the Atlantic to the Pacific, and that one hundred per cent. of the men had quit work. They proposed to hold meetings twice daily until a settlement was effected.

ALLIES APPOINT COMMISSION TO INVESTIGATE THIS POSSIBILITY.

London, April 10.—Herbert Hoover, Director-General of the international relief organization, has requested Dr. Fridtjof Nansen, head of the Norwegian Food Mission to the United States, to become chief of an international neutral commission to investigate the possibility of feeding Russia on condition of the cessation of hostilities in Russia, according to a despatch to the Exchange Telegraph from Copenhagen.

What You Get for the Last \$10

WHAT is it worth to you that your C.C.M. will be running more smoothly after long use than many ordinary wheels do when new—that it will still be giving sturdy service years after an inferior wheel is played out—that fewer repairs are needed owing to C.C.M. sincerity of workmanship in every part—that in case of accident, you can get C.C.M. service almost everywhere in Canada?

Imagine getting all this extra service for the last ten dollars you pay! Spread over the much longer life of your C.C.M., the cost to you is but a trifle!

C.C.M. Bicycles

Every running part of a C.C.M. bicycle is made true as a watch. And it keeps true. Every rider of an ordinary wheel has felt the hard pedalling caused by inaccuracies in the crank-hanger—loose and tightness, indicating friction and loss of driving power. In C.C.M. bicycles the parts subject to wear are not stamped out but are accurately machine ground. Not a whit of driving power is lost.

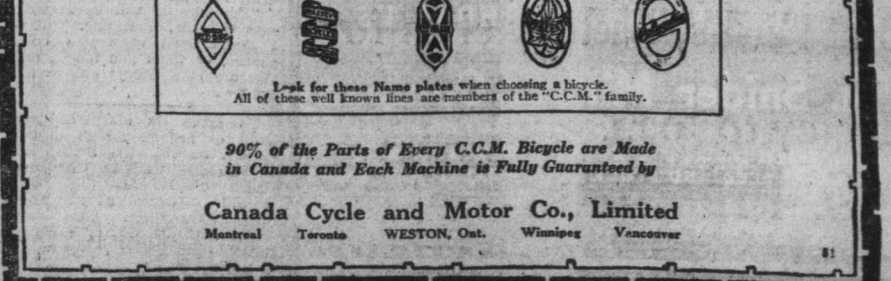

And the "Hercules" Coaster Brake! All C.C.M. bicycles have it. It is the only brake without a side arm. Lightest and simplest

of all brakes, the Hercules is sensitive, sure and powerful. The clutch engages with utmost smoothness. We back this brake with a hard and fast guarantee.

Look at a C.C.M.! After years of hard use its graceful lines are still enhanced by the sparkle of its brilliant enamel. The handle bars, and all bright parts, defy the rain—these are nickelled over a heavy coat of copper—and copper can't rust.

There's a C.C.M. dealer not far away.

Red Bird Massey Cleveland Perfect Columbia

Look for these Name plates when choosing a bicycle. All of these well known lines are members of the "C.C.M." family.
