OPENING OF THE NEW ST. PATRICK'S CHURCH.

TOWNSHIP OF PROTON.

Sunday, the 10th inst., was a day long to be remembered by the Roman Catholics of Proton, for on that day their beautiful new church was opened and solemnly blessed for divine service.

For twenty-two years they were obliged

to worship in a log building which had been erected for both church and school by one of the early Jesuit Fathers of Guelph. On the 4th of November, 1880, a new frame school house 26x36ft. was opened and in this it assembled to the good of all who came to the church.

The gathering was surprisingly large. The working committee were perfectly organized. Four large dining tables, representing the geographical sections of the parish were heavily laden with sumptuous supply of edibles. The refreshments were superbly done. Gandy flags and streamers adorned the breeze-gardens whereof were their fairest blossoms, as was evident from the number of sweet bouquets that helped to beautify the scene. Dancing soon began after all had done ample justice to the good things provided by the ladies to the day.

An exciting game of base ball between the Maple Leafs and Eels was called at 3:30 p.m. The Maple Leafs won by a score of 16 to 3. Other games and sports followed except the women's high jump.

The great event of the day began at 4 p.m. The most popular lady on the grounds was to receive a valuable gold watch. Four candidates were selected—Miss A. Salter and Miss T. Hugson of St. Thomas; Miss A. Casey of Southwold, and Miss Mary Brady of Westminster. The games were closed at 6 o'clock. For two full hours no one but a prophet could tell which of the four young ladies was destined to wear the laurels. Miss Brady seemed to be the favorite and for this time she headed the list. After 5:30, however, sheer after cheer repeatedly rent the air as the other candidate in turn went to the front. The excitement grew intense—dancing, base ball and other sports were suspended, three gathered around the speaker's platform, every eye scanned the blushing, old men that were wont to take such matters quietly dropped their tea cups and ran after the crowd cheering as they went. Around the balloon box on every side might be seen a rustling forest of green-backs—there was money in every hand. "Two minutes!" "One minute!" "Half a minute!" "Time is up!" breathless suspense reigns throughout. Father McKeon, Messrs. Reilly, Peacock and Price are counting the votes. Presently the votes were recorded in the following order—Miss Hugson 1,347; Miss Casey 1,198; Miss Hugson 1,347; Miss A. Salter 999; and when the blackboard next recorded 1,765 votes for Miss Brady, Westminster, hats were thrown up so high that they must have down, the hum of cheers swept across the grove. The band played "The Coming Heroine Comes."

With the waving of handkerchiefs and the applause of the assembled picnickers, the most popular young lady, Miss Brady, was escorted up to the platform, where she received the magnificent gold watch which she so well deserved.

This contest rewarded the nice work of \$540. The gold-headed can now become the centre of attraction. Two very popular girls were chosen, A. W. Martin of the C. S. R. and D. Stewart of the G. W. R. This contest was to have lasted until the closing of the poll so soon is to be regretted as several hundred dollars were thereby lost. However, Mr. Martin's back is to the wall in full force to stand by their candidate, and cost what it would, the cause was destined to be his. Mr. Martin deserves to be felicitated on his victory.

On motion of Messrs. Peacock and Price a vote of thanks was passed to the chairman and the preachers on the speaker's platform ended with three rousing cheers for the Queen, Father McKeon and all his committee.

The grounds were brilliantly illuminated in the evening with Chinese lanterns and engine headlights. The Fusiliers continued to discourse sweet music until after 10 o'clock, and galvanized iron works respectively made in St. Thomas during the summer, and when we consider all these things, we heartily concur with a contemporary, when it says—"Father McKeon is to be congratulated on his great success." If the congregation had not taken kindly to their young priest, and appreciated his energy and ability, the result would not have been so imminent.

Dr. McGuigan, of this city, has been named Professor of Physiology for the Western University, in the place of Dr. Eccles, who has gone on an extended visit to England. We congratulate our friend on this recognition of his ability and professional attainments.

Mother's Turn.

"It is mother's turn to be taken care of now."

The speaker was a winsome young girl, whose bright eyes, fresh color and eager looks told of light-hearted happiness. Just out of school, she had the air of culture which is an added attraction to the blithe young face. It was mother's turn now. Did she know my heart went out to her for her unselfish words?

Too many mothers, in their love of their daughters, entirely overlook the idea that they themselves need recreation. They do without all the easy, pretty and charming things, and say nothing about it; and the daughters do not think there is any self-denial involved. Jenny gets the new dress and father wears the old one turned upside down and wrong side out. Lucy goes on the mountain trip, and mother stays at home and keeps house. Emily is tired of study and must lie down

in the afternoon; but mother, though her backaches, has no time for such indulgence.

Dear girls, take good care of your mothers.

Coxo to let you relieve them of some of the harder duties, which, for years, they have patiently borne, and when at length the green sods cover their graves, you will not be sick at heart with remorse for what might have been done.

Let the mother take time to be her daughter's intimate friend, receiving all her little confidences, and giving her advice, even if it do to this she must surrender some other engagement.

THE CATHOLIC PIC-NIC.

A Gala Day at the Atlantic Park—Miss Brady and Conductor Martin the Most Popular Candidates.

ST. THOMAS TIMES.

The Catholic Picnic, held in the Atlantic Park last Wednesday, was a gratifying success in every particular. It was a red-letter day for St. Thomas. Father O'Conor was a success, the young and talented Father Brady of the Holy Angels' Church, must have organized picnics before to-day. So complete were the arrangements that more than enough of money to pay all expenses had been collected before the picnic came off at all. Several efficient committees were in attendance during the afternoon—every member knew what to do and he did it well.

The weather for several hours after day-break was so propitious, that it was very doubtful whether it would be possible or not to carry out the day's programme. For this reason hundreds of people from a distance concluded to stay at home. A celebrated Fusiliers band of London put in an appearance, the dark and fleecy clouds melting away and a smiling sun and a smiling crowd soon brightened the prospects.

The gathering was surprisingly large. The working committee were perfectly organized. Four large dining tables, representing the geographical sections of the parish were heavily laden with sumptuous supply of edibles. The refreshments were superbly done. Gandy flags and streamers adorned the breeze-gardens whereof were their fairest blossoms, as was evident from the number of sweet bouquets that helped to beautify the scene.
