

I certify that I have on the twenty eighth day of July

19 19 personally examined the property above described and that in my opinion, on ordinary terms of sale, the present selling value of the land, exclusive of buildings, is \$ 700.00

..... acres cleared at \$..... per acre . . . \$.....

..... acres uncleared, without timber \$..... per acre \$.....

..... acres uncleared, with timber \$..... per acre \$.....

..... acres \$.....

In my opinion the sum of \$ 625.00 should be sanctioned for the immediate requirements of the applicant for the following purposes:—

To pay for land described in Forms A.&B. of this application

(Here state in detail each item for which the loan is desired and the probable cost of the same, such as

seed grain, stock equipment, etc., and where applicant proposes to purchase each.)

I believe the maximum amount of loan which the nature of the land offered as security will justify is \$ 625.00
