

CONTENTS

CHAPTER I.

	PAGE
Introduction.....	1
General statement and object of investigation.....	1
Field work and acknowledgments.....	2
Location and extent of area.....	3
History and previous work.....	3

CHAPTER II.

Summary.....	6
Physiography.....	6
Stratigraphical geology.....	8
Igneous geology.....	10

CHAPTER III.

Physiography: the westward drainage system.....	15
Kicking Horse river.....	15
Change of drainage.....	26
Ottertail river.....	28
Beaverfoot valley and its tributaries.....	34
Origin of the Beaverfoot-Kootenay trough.....	37

CHAPTER IV.

Physiography: general character of the district.....	39
Drainage.....	39
Grades.....	40
Hanging valleys.....	40
Relief.....	43
Glaciation.....	45
Accordance of interstream divides.....	48
Erosion.....	49

CHAPTER V.

Climate, flora, and fauna.....	52
Climate.....	52
Flora and fauna.....	53
