Write for Special Circular describing this Hanger.

The LOUDEN MACHINERY CO. - Dept. 31 GUELPH, Ont.

## The Bissell Out-Throw Disk Harrow

To settle all doubt about which is the BEST OUT-THROW DISK HARROW, we ask you to test the "Bissell" Out-Throw in a field competition with other Out-Throw Harrows.

The "Bissell" Out-Throw has many features that have made the name "Bissell" famous in connection with Disk Harrows. It has plates of the correct shape. One gang is set slightly ahead of the other. The gangs cannot crowd or bump together and cause the Harrow to rock when you come to hard soil—a new feature in Out-Throw Harrows. The hitch is well back, the draught is light and there is no neck weight.

The machine in actual use is our best advertisement. No need to send special travellers to sell the "Bissell." We put our name on every Harrow. If you would like to learn more about Disk Harrows, send to Dept. W for free booklet of both out-throw and in-throw styles. 72

ELORA, ONT.

## BACK TO THE LAND

THAT'S the slogan of success. Now-a-days you don't have to seek the city to make good. Every farm locality and rural district offers big money making opportunities to hustling men.

Just consider contract ditching. Here's what it offers you: steady work, profits of from \$15 to \$18 a day, and a business that is all your own. The only thing you need is a

### Buckeye Traction Ditcher

This machine digs from 100 to 150 rods of drainage ditches a day depending upon the soil. It cuts these ditches true to grade and uniform size, and it lays the dirt evenly along the sides so that back filling can be quickly done.

That's what farmers want. They no longer want their ditches dug accurately but they want the work finished as quickly as possible. The men who own a Buckeye Traction Ditcher find it easy to get work enough to keep them busy 9 to 10 months in the year.

Get the facts about the contract ditching business—Read what other men are making with the Buckeye Traction Ditcher. What they have done you can do. Just drop us a card and ask for catalogue T.

Findlay, Ohio

## NATCO EVERLASTING SILOS

need no insurance—because they are permanent. They cannot burn; they will not blow over; last a lifetime.

### Built of Hollow Vitrified Clay Blocks

The most lasting material known. Blocks are air-tight and moisture-proof. They are glazed and keep silage sweet and palatable. No hoops to tighten; no staves to paint. Never swells or shrinks. Attractive in appearance—a silo that will improve the looks of your farm.

### Any Mason Can Build a Natco Everlasting Silo

Once up—it will last a lifetime without needing repairs. We have a 50-page illustrated book on silos and silage. Every stock owner should have it for its valuable feeding information. It contains articles by prominent writers, including Prof. Hugh G. Van Pelt. Sent free on request. Ask for catalogue 6.
