**Many Women Suffer Untold Agony**  
**From Kidney Trouble.**  
 Very often they think it is from so-called  
 "female disease." There is less "female  
 trouble" than they think.  
 Women suffer from backache, sleepless-  
 ness, nervousness, irritability and a drag-  
 ging down feeling in the loins. So do men,  
 and they do not have "female trouble."  
 Why, then, blame all your trouble to  
 "female disease"?  
 Most of the so-called "female disorders"  
 are no more or less than "kidney disorders,"  
 and can be easily and quickly cured by  
 Doan's Kidney Pills.  
 Mrs. C. Dupuis, Bellevue Village, N.B.,  
 writes: "I was unable to do my house-  
 work for two years on account of back-  
 ache. I could not get up the stairs. Doan's  
 Kidney Pills cured me permanently after  
 doctors failed to even relieve the pain. I  
 can highly recommend them to all sufferers  
 from kidney trouble."  
 Price 50 cts. per box or 3 boxes for \$1.25  
 at all dealers or mailed direct on receipt  
 of price by The Doan Kidney Pill Co.,

**THOROUGHPIN LICE**  
 1. After running in the yard one  
 morning I noticed the hind leg of my  
 filly swollen above the hock. I applied  
 Gombault's Caustic Balsam. This was  
 two months ago. Now there is a soft,  
 puffy lump on each side, just below the  
 point of the hock.  
 2. Would salt and hellebore be good  
 to kill lice on cattle, and how should  
 they be mixed?  
 W. J. G.  
 Ans.—1. This is a thoroughpin,  
 and very hard to remove. Repeated  
 blistering is the treatment. Take 2  
 drams each of cantharides and bin-  
 iodide of mercury and mix with 2 ozs.  
 vaseline. Clip the hair off the parts.  
 Tie so that she cannot bite them. Rub  
 well with the blister once daily for two  
 days. On the third day apply sweet  
 oil. Turn her in a loose box now, and  
 oil every day. Repeat the blistering  
 every four weeks. It would be well to  
 give her regular gentle exercise, except  
 when she is tied during the applications  
 of the blister, but violent exercise, slip-  
 ping, rearing, etc., must be avoided.  
 2. I have never tried this mixture,  
 but as hellebore is an insecticide, no  
 doubt it will act. About four parts salt  
 to one part hellebore would act well.

**COAL ASHES IN STABLE**  
 Are coal ashes good to sprinkle on  
 stable floors, or will they liberate any  
 fertilizing material into the air?  
 W. R. M.  
 Ans.—We should not advise the sprin-  
 kling of coal ashes on the stable floor,  
 for, though they may have a certain ab-  
 sorptive capacity for liquids, they are  
 not able to retain the valuable ammonia  
 which arises from the fermentation of the  
 manure; indeed, the tendency would be  
 towards its dissipation. Having em-  
 ployed a sufficiency of an absorbent  
 litter to take up all the liquid there is  
 no better material to use for sprinkling  
 over the door of stable or cow barn than  
 ground land plaster. This substance  
 holds the ammonia, rendering the manure  
 more valuable, and keeping the atmos-  
 phere of the stable sweet and wholesome.  
 Moreover, its presence subsequently re-  
 duces very considerably the loss of nitro-  
 gen (as ammonia) in the manure-pile.  
 Further, land plaster furnishes lime in  
 an easily-available form, and tends to  
 liberate potash from its inert compounds  
 in the soil, so that in a sense it may be  
 termed a fertilizer.  
 The amount of plant food in coal  
 ashes is so exceedingly small as to be  
 negligible, but an application of such  
 ashes may benefit heavy clay loams by  
 improving their tilth, making them por-  
 ous and mellow and more easily worked.  
 They can also be used to advantage in  
 making paths and roads, for which they  
 are well adapted, if the soil is at all  
 heavy.

**SETTLEMENT FOR FLOUR**  
 B claims that A owes him for some  
 flour bought in September '07 and B  
 has a receipt showing that everything  
 was settled up to April 10th '08. When  
 the receipt was shown to A he asked  
 for it so that he could get after his hired  
 man, whom he said was cheating him,  
 but when the receipt was returned to B  
 it was traced with indelible pencil.  
 What steps should be taken to defend  
 his position?  
 S. E.  
 Ans.—The proper method for B to  
 adopt is to write a letter to A setting  
 out the exact facts of the transaction in  
 reference to the flour and the settlement  
 arrived at in April, and stating that the  
 settlement in April included payment  
 for the flour. B should not have given  
 up the receipt in the first instance to A.  
 He should now, however, be careful to  
 preserve it, and we would suggest that  
 he should attach a copy of the letter to  
 be written by him to A to the receipt.  
 If A bring any action against B for the  
 price of the flour, B can then defend on  
 the ground of the settlement having  
 been arrived at. In six years from the  
 time that the flour was purchased, the  
 claim will in any event outlaw, and in  
 that case will be sufficient defence to  
 any action for the price of the flour.

**CRAIGIE MAINS CLYDESDALES**  
 Have a reputation that we are de-  
 termined to maintain. There are no  
 Clydesdales too good for us to im-  
 port, and we offer them to our custom-  
 ers at prices that cannot be equalled.  
 We offer sound, young breeding  
 stock of the most approved type and  
 bluest blood. We have had years of  
 experience in bringing horses from  
 Scotland for the Western farmers,  
 and we think our present collection  
 fills the demand better than anything  
 we have offered before.  
 Intending purchasers may look up
