

GOLD BRICKS

They are hard to sell. Most people are suspicious of them, but some of these are caught by the fellow, who offers for \$50.00, a cream separator worth \$100.00. Is he in business solely for the public benefit, or is the \$100.00 value fictitious?

DE LAVAL SEPARATORS

Are Standard, and the superior qualities, which have made them so are never found in a "cheap" machine.

Messrs. McDermid & McHardy,
Nelson, B. C.

Dear Sirs:—

I bought a lot from you 1st Jan., 1907, not seeing it until I moved on it 27th March. I wish to state the quality of soil, and the location of the property far surpasses my greatest expectations. I have lived on the prairie for twenty years, in southeastern Saskatchewan. I travelled over a considerable portion of B. C. before locating here. People on the prairie imagine living in the Rockies means obtaining a very short glimpse of the sun during the daytime. In fact, according to their ideas, the length of time it takes the sun to traverse the space from behind one mountain until it hides itself in obscurity behind the next, is all the sunshine we are entitled to. I was agreeably surprised myself to find we have just as bright sunny days here at Robson as we had on the Prairie.

People in the East, who are intending moving to some other part of the country, where they can enjoy a more favorable climate, and surroundings, would save themselves a great deal of expense and travel if they would come to Robson. After they had thoroughly examined the property, and the location, they would undoubtedly conclude, "They could not possibly wish a better place to live."

I find, all prices for produce, and the general description of the property, exactly as stated in advertising matter, and not in the least exaggerated.

Yours sincerely
(Signed,) H. Hedley.
