LET THIS LITTLE INSTRUMENT ENTERTAIN YOU

"HIS MASTER'S VOICE"

After your day's work how would you like to rest in a comfortable chair and listen to funny stories, comic dialogues, coon songs, or be entertained by Sousa's and other well-known bands?

Or, if you felt in the humor for a dance, have music equal to the finest city orchestras?

All this is possible if you have a Victor or Berliner Gram-o-phone.

With it you can have solos from every musical instrument.

Or, you can listen to the voices of Caruso, Eames, Galski, Scotti and others—the greatest singers the world has ever known.

For Sundays there are hymns, anthems, and all kinds of sacred music.

All these reproductions are so perfect that, when you close your eyes, you feel that the voices, the music, the dialogue, are actually present and being performed before you.

Prices of Victor or Berliner Gram-o-phone \$12.50 to \$120.

Hundreds of new 8-inch records at 40c. each, others 40c. up.

Records are round flat discs, take up little space, and are practically indestructible.

Send your address to-day and receive by return some interesting literature.
