"Winged Warfare"

By MAJOR W. A. BISHOP,
V.C., D.S.O., M.C.

First they gave him the M.C.—Military Cross. As he continued to down Germans they added the D.S.O.—Distinguished Service Order. Still his record grew; so they awarded him the V.C.—Victoria Cross. Again was added a bar to his D.S.O.
This is not the story of a conqueror vauntingly told—it is the simple narrative of one of the world's greatest heroes—its very simplicity and inherent veracity but add to the marvel of Major Bishop's achievement.
A book of thrills which leaves the reader breathless after the swerve and dip of battle.

A Business Car

RECOGNIZED in its true light by the Government, the business world, and the individual buyer, the automobile has cast aside the title "Pleasure Car" and is now properly classified as a vehicle of real service—a present day necessity.

The owner not only lengthens his own business day, but he also lengthens his family's living days, thanks to the afternoons and Sundays spent in the Utility Car.

That which increases the busy man's accomplishments in the day, is no luxury.

That which widens your field of business endeavor is a necessity.

That which lengthens the life of every member of your family can well be afforded.

Owning that which saves health, time and money is true economy.

All these things are embodied in the possession of an automobile.

Don't wonder how your neighbor can "afford" a car, but use your sound judgment and ask yourself today "Can I afford to be without one?"

When you have purchased a car you have multiplied your efficiency. You have acquired a personal and business asset. Your selection should be a Ford.

All prices subject to year tax charges, except trucks and chassis
