We do not wish to convey the idea that the limit of growth has been reached, either in respect

We hold to the opinion frequently greater things are before this community than it has previously experienced even in the days of its greatest prosperity. We believe that the Yukon territory will continue to grow in wealth and population, and we shall aim in the future, as we to keep the Nugget in the lead as an exponent of clean, progressive, journal-

THE FLOOD.

The disastrous flood which occurred on the White Pass road last week is the most serious affair of the kind that has occurred in the history of this northern country. There is cause for congratulation, however, in the late in the season. Had it happened two or three weeks ago, a good many hundreds of tons of freight, now lying safely in blocal warehouses

Bill Nye's mule blushed at the thought of its ancestry and mourned Questioned as to where he had seen

the mules, the doctor explained that the location was but a short distance from the camp, and that he had left the mother quietly grazing while the colt was frisking about her. Being curious to see such a curiosity as a mule and her colt the other members of the party asked to be guided to the spot. The doctor complied, and on reaching the place and looking around saw a cow moose and her call. For not being able to discern between a mule and moose the original discoverer was not allowed to molest the mother or her offspring which, on seeing the party, took the woods and were saved for later hunters. The doctor who had reported seeing a mule and her colt was about whom columns could be writtaking delight in even waking his pass muster as scientific literature friend at night, and making him dis- When not worrying over domestic cuss mother mules and their colts.
