MOTHERS TO BE

Should Read Mrs. Monyhan's Letter Published by Her Permission.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONYHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

Miss Emma Eaton, who has been visiting at Kentville returned home last week.

Mrs. Newton A. Eaton who has been very ill is somewhat improved.

The hay crop has been wonderfully improved by the late rains.

A wonderful example of early gardening and excellent and proper care can be seen at the home of Rev. A. J. Prosser.

CARD OF THANKS.

Mr. Jasper Wood and family wishes to thank the many friends who so kindly sent flowers at the time of their father's death, also the many friends who so nobly assisted at the time of the fire May 19th, when they lost their home.

Generous gift to P. M. Hospital—On May 25th, 1917 there was paid to the Hospital Board by the Executors of the Estate of the late Annie Eder in England the sum of \$702.88. Mrs. Eder was formerly Miss Moshier, of Avondale, a sister of Mrs. Darius Moshier, Windsor. A similar amount was bequeathed by Mrs. Eder to the Victoria General Hospital, Halifax.—Tribune

Generous Bequest—At the meeting of the Woman's Christian Temperance Union last Tuesday evening the Treasurer announced the receipt of a cheque for \$500 being a bequest payable at the final settlement of the estate of the late Charles Young of Falmouth. As this will go far toward wiping off the mortgage on their Hall on Gerrish St., the members of the union present received the announcement with hearty applause. A very good response was made to the appeal for socks for the Queen Mary shower, but as the notice was short, it is hoped that more will respond within a week or two.—Tribune

Two Tommies went into a restaurant over on the eastern front and said to the waiter, "We want Turkey with Greece"

The waiter replied, "Sorry, sirs, but we can't Serbia."

"Well, then, get the Bosphorus." The boss came in and heard their order and then said, "I don't want to Russia, but you can't Rumania."

MARINE SPINACH

(Providence Bulletin.)
 In France, we were told the other day, they have begun to feed seaweed to horses, and now the Museum of natural history in New York, with the co-operation of the Federal Board, is holding an exhibit designed to prove that sea-weed is "more or less edible," and so it is recommended for use in American homes. The Japanese have long recognized the food value of seaweed perhaps we could learn to appreciate it more readily by calling it "marine spinach."

WHY not give your lad the same training?

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition when I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things besides the meaning of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there might be in the use of the dictionary. Afterwards, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the 'Unabridged' of those days. Now the most modern Unabridged—the NEW INTERNATIONAL—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionaries in several volumes will yet find it a great convenience to have this, which is so compact, so full, and so trustworthily as to leave, in most cases, little to be desired."—Albert S. Cook, Ph.D., LL.D., Professor of the English Language and Literature, Yale Univ. April 28, 1911.
