As one of our correspondents points  
out, the shortage in the fodder crop  
may prove a blessing in disguise, as it  
will force the weeding out of all unpro-  
fitable cows, and nearly every farmer  
has one or more. As a consequence,  
next season will bring more money for  
less work than in the past, and the  
benefit will be extended through  
succeeding years.

Last Saturday Principal Massey  
received from the Educational Depart-  
ment notice of an addition of two to

last midsummer. Miss Julia Wash-  
burne is awarded Part 1 of Senior  
Teachers and Miss Jennie Ralph a pass  
as Junior Teacher. Both these  
students made high averages and well  
deserve the favorable verdict that  
followed a careful review of their work.

To check a cold quickly, get from  
your druggist some little Candy Cold  
Tablets called Preventics. Druggists  
everywhere are now dispensing Preven-  
tics, for they are not only safe, but  
decidedly certain and prompt. Preven-  
tics contain no Quinine, no laxative,  
nothing harsh nor sickening. Taken  
at the "sneeze stage" Preventics will  
prevent Pneumonia, Bronchitis, La  
Grippe, etc. Hence the name, Preven-  
tics. Good for feverish children. 48  
Preventics 25c. Trial Boxes 5c. Sold  
by all dealers.

There is as yet no clew to the iden-  
tity of the thief who burglarized the  
home of Mr Booth last week. It  
seems probable that the theft was com-  
mitted by some person having a know-  
ledge of the premises, and with such a  
character at large in the village house-  
holders should exercise extra care in  
guarding their valuables. The sum of  
\$25 will not last the thief long, and  
when it is exhausted he will probably  
repeat his offence.

## Rheumatism

is one of the constitutional  
diseases. It manifests itself  
in local aches and pains,  
inflamed joints and stiff  
muscles,—but it cannot be  
cured by local applications.

treatment acting through  
the blood, and the best is a
