MONDAY, NOVEMBER 10.

MULOCK.

Since Mr. Tarte quit the cabinet Mr. Mulock has been thrust into prominence. He deserves it. He is the only one of the lot who has done anythingwho has given proof of ability. He has not done anything very wonderful; but having done something, he looms large among the pigmies of the cabinet.

But Mr. Mulock's work has been anything but perfect. 'His Newspaper postage law is absurd and highly unjust. It is a tax on newspaper enterprise, and an encouragement for all manner of fake advertising sheets.

-

His treatment of the letter carriers has been anything but just, and they have much good cause for complaint. His regulation fixing the postage of charged for carrying a letter from Liberal policy of "Power at any the list, the United States being se Halifax to Vancouver, is another absurdity-to say nothing of the loss of revenue it entails by reason of the fact that few drop letters are now mailed, being generally delivered by

uscript intended for publication in newspapers is another blow at newspaper enterprise, and a tax upon

gone; but he has not gone far enough; we have had with it and we wish to he is a bright and shining light in an screnuous existence. setting of him up on a high pedestal

and worshipping him. It is unfortunate that newspapers which are suffering every day from the absurd and unjust regulations imposed upon their business by Mr. Mulock are unwilling to mix their praise of the postmaster-general with a little just complaint-Hamilton Spectators

#### CONSERVATIVE POLICY.

Mr. R. L. Borden has come out of

the great West a min to whom all Canadians can look with confidence, comments the Dundas Star. He and his followers have completed a trip of two months which has afforded them splendid opportunities to learn the needs of our fertile grain fields. The information gleaned will prove of inestimable value to the Conservative leader and his associates, when in the near future they will have been called upon to administer the affairs of the country. Mr. Borden's speeches on the prairie were a surprise to those who met him for the first time, because his auditors were led to believe that, like his opponents. he would have one policy for the West and another for the East. In this they were agreeably disappointed. No word uttered by the Conservative leader west of Ontario conflicts in the slightest degree with his observations before eastern audiences. And it was this straightforward attitude towards public issues that won for Mr. Borden and the Conservative party so many staunch friends.

Mr. F. D. Monk, the able leader of Quebec, was not idle while Mr. Borden was educating the people of the West. In the great French-speaking province he, too, enunciated the policy of "Canada for Canadians." And in Mr. Monk's 'orations were expressed sentiments the same as voiced by Mr. Borden. The people in what was thought to be Free Trade section of Canada-Manitoba and the Northwest -heard nothing more nor less than what Mr. Monk was engaged in instilling into the minds of his fellowprovincialists.

And this picture of unanimity between the two leaders of the Conservative party, presents a wonder ful contrast to that of the fighting \*\*\*\*\*\*\*\*\*\*\*\*\*\*\*

## Scrofula

This root of many evils -Glandular tumors, abscesses, pimples, and other cutaneous erup tions, sore ears, inflamed eyelids, rickets, dyspepsia, catarrh, readiness to catch cold and inability to get rid of it easily, paleness, nervousness, the consumptive tendency, and other ailments-

Can be completely and permanently removed, no matter how young or old the sufferer.

Hood's Sarsaparilla was given the daughter of Silas Vernooy, Wawarsing. N. Y., who had broken out with scrofula sores all over her face and head. The first bottle helped her and when she had taken six the sores were all healed and her face was smooth. He writes that she has never shown any sign of the

Hood's Sarsaparilla Promises to cure and keeps the promise. Ask your druggist for it today and accept no substitute.

Laurier cabinet and its supporters. In every part of Canada Liberals have been engaged for months past in advocating Protection and Free Trade, as the exigencies arose. There was no attempt made to fix upon a Canadian policy, free from sectionalism and expendiency. In every direcparty to place the petty interests of the constituency above most vital national issues.

The great reception accorded Mr. Borden and his followers in the West is a decisive blow to such tactics. Messrs. Borden and Monk have proved to Canadians that their policy is the same for all. Manufacturer and farmer will receive consideration alike under the "National Policy." Whether it be in the East or the West, "Canada for Canadians," as supported by Mr. Borden and Mr. a drop lefter at the same rate which is Monk, is bound to supercede the

#### A GRATEFUL EDITOR Simcoe Reformer.

The kind hearted ladies of the W .C. T. U. are asking that more prayers be off rid for editors and report rs. Most people need to be con inced that editors and reporters are not appreciated as their services deserve .Perhaps the d ar lovers of humani y think the editors and reporters are too hard a lot to pray for themselves. It is to be hoped the craft will duly appreciate the kind intentions of the ladies, and receive some substantial benefit from their prayers.

Power of Imagination

A well known lady in the town of -, whom we will call Mrs. A-upon retiring, found the air so oppressive that she could not endure it, sleep being out of the question, in such a close atmosphere. She insisted that Mr. A--- raise the window. He replied that he thought it quite comfortable. "Oh my, no," could not survive the night if the window was not raised. "Whew! my do, please raise it, or I will suffo-He being a devoted slave, and willing to do anything to add to the comfort of his better half, arose and went to the window, that she might be happy. After returning to bed and waiting a reasonable length of time, he remarked. "I do not notice any change, it was quite com-"Oh," she replied, fortable before 'indeed I do.' int he insisted, "you just imagine it this was not a bad Well she could notice quite a difference. "And you know I cannot endure a close sleeping room, "Well, little wife," said the great bear of a man. the window is close shut: I on y lattled it a little." Brome, Que., cor. of The Montreal Herald.

Young Lady's Fine Catch.

Miss Clara Clarke of Avenue road, Toronto, last week at Hay Bay captured and landed unaided, a maskinonge weghing 11 lts., on a Bristol club rod, with light line. The same young lady caught the full legal number of 12 black bass at Massassaga Park the other day, and intends testing her tackle on some of the 40pound 'lunge said to be lurking in Mosquito Bay.—Belleville Intelligenc-

# OF IT.

Why does the body fail at times to get necessary nourishment from ordinary food?

Because the digestive organs are not strong enough to perform their proper func-

Why should these organs be aided in their work?

Because the digestion of ordinary food is more than they can accomplish when they are in a weakened condition. It is necessary that some aid in the form of an easily assimilated nourishment be provided.

Why does the nourishment supplied in Scott's Emulsion feed the body when ordinary food does not?

Because being scientifically emulsified it is rendered much more easily digested and the whole system gathers nourishment with much less effort. There is less tax upon the whole digestive tract.

Why is the nourishment contained in Scott's Emulsion assured proper distribution?

Because the emulsion is easily and naturally taken up and utilized by the system.

Why is the good effect of Scott's Emulsion soon noticeable?

Because the ingredients represent the very form of nourishment needed. The stomach requires a change and rest from ordinary food and hence the good effects of the emulsion are quickly seen.

Why is Scott's Emulsion a food for the whole system?

Because every part of the emulsion-oil, hypophosphites and glycerine, is adapted to some special need of the body when a wasting condition exists.

Why is it necessary to nourish the whole body when only one part is affected?

Because the blood, nerves. bones and muscles must all be considered and provided for in restoring waste and establishing uniform health. Scott's Emulsion gives nourishment to all, collectively and individually.

We'll send you a sample free upon request.
