SHIPPING INTELLIGENCE.

The ship Welsford, from Liverpool, at this port, lost her three topmasts in a gale off the banks.

The ship Talbot Castle, Roxby, Yarmouth, 5th April, spoken by the brig Caroline, in long. 35h, lat. 49, and erroneously reported by that vessel as the Sheila Castle, has arrived, with her crew and passengers under hatchways, as stated, but in a very exhausted state. Captain Roxby says that during the passage out, the whole crew, with the exception of the cook, behaved in a very insolent manner, and that they appeared to have very strange notions of Canadian laws, being frequently in the habit of saying that there was no justice to be had at Quebec for sailors, but much for captains. The Talbot Castle brought out 246 settlers.

The Louisa, with a general cargo for Quebec, is below, having been spoken in the river two days since, by the Rose, Gascoigne.

Yarmouth, April 16.—Wm. Ritchie, Esqr., sailed for Quebec with 172 adults and 104 children; also the Baltic, Newson, with 113 adults and 54 children for the same port.

The brig Scambuthian was ordered back to Grosse Isle, under quarantine.
