### The Great British Quarterly, and Blackwood's Magazine!

LEONARD SCOTT & CO., New York, continue  
to Re-publish the following British Periodicals,

1. The London Quarterly Review (Conservative).

2. The Edinburgh Review (Whig).

3. The North British Review (Free Church).

4. The Westminster Review (Liberal).

5. Blackwood's Edinburgh Magazine (Tory.)

The present critical state of European affairs renders these publications unusually interesting. They are well written, and contain much well-written news, hence, create speculations and flying rumours of the daily Journal, and the ponderous Tome, of the future historian, written after the living interest and excitement of the great political events of the time. The present American is one of these Periodicals that render most interest, the only reliable history of current events, and so each, in addition to their well-established literary, scientific, and theological character, we urge them upon the commercial and reading public.

Advertisements are made for the receipt of early sheets from the British Publishers, by which we are able to send all our Re-prints to the hands of subscribers, about as soon as they can be furnished with the foreign copy. Although this involves a very large outlay on our part, we shall continue to forward the Periodicals at the same low rates as before, therefore, viz.—

For any one of the four Reviews \$3 00  
For any two of the four Reviews, 5 00  
For any three of the four Reviews, 7 00  
For any four of the four Reviews, 9 00  
For Blackwood's Magazine, 3 00  
For Blackwood and three Reviews, 9 00  
For Blackwood and the four Reviews, 10 00  
Payments to be made in all cases in advance.

They can be received by Mail at very small additional charge.

N. B.—S. & C. Co have recently published, and have now for sale, the "FARMERS GUIDE," by Henry Stephens, of Edinburgh, and Prof. Norton, of Yale College, New Haven, complete in 2 vols, royal octavo, containing 1600 pages, 14 dollars, and 400 copper engravings. Price in music binding, \$6.

NOTE.—The work is not the old "Book of the Farmer," lately discredited and spoken upon the market.

George T. Hazard, agent for P. E. I.
