

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gas or burp, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, or from those conditions which, in medical parlance, are known as indigestion, or dyspepsia. The famous Golden Medical Discovery is made of the most valuable medicinal principles known to medical science for the permanent relief of such abnormal conditions. It is a most potent liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The famous "Golden Medical Discovery" is not a patent medicine or secret nostrum, and its ingredients being printed on its bottle wrapper and attested by a physician, a glance at these will show that it contains no alcohol, or harmful ingredients. It is a fluid extract made with pure, triple-refined cod liver oil, and is of pure strength, from the roots of native American medicinal plants. VALLEY PROBLEM SOLVED NOW IF HAZEN ACCEPTS THOS. MALCOLM'S OFFER

Builder of International Writes That he will Construct the Valley Line from Grand Falls to St. John for Bond Guarantee and Dominion Subsidy, the Road to Become Part of the I. C. R.

The following letter, read by J. E. Tweedale in the legislature yesterday, is self-explanatory. It gives the people of New Brunswick the information which the Hazen government has been concealing. If the Hazen government would accept the terms here offered, the Valley Railroad would be built at once and operated as part of the I. C. R. This would best protect the credit of the province, and it would give the people of the river counties reasonable freight rates, a first-class road, and competitive rates on through freight. Campbellton, Feb. 25, 1911.

Dear Sir:

On behalf of the Quebec and New Brunswick Railway Company, the charter of which has been granted by parliament with power to construct and equip a railway from Quebec to St. John, I hereby offer to enter into a contract to construct the portion from Grand Falls to St. John, the line when so constructed and equipped to be leased to the government of Canada and operated as part of the Intercolonial system, pursuant to the proposed legislation which the Dominion government has submitted to parliament.

The provincial legislation would, of course, have to be modified so as to conform to the proposed Dominion legislation as to lease, etc.

As I understand it, the bonds would be guaranteed as each ten miles are completed.

I am prepared to give the necessary security for payment of interest on the bonds, during the construction of each section, until completed and its operation assumed by the Intercolonial.

As you know, I have just completed the International Railway, and my plant is now available to enable me to commence work at once, and complete the various sections with all possible speed.

If your government is disposed to enter into a contract with my company, I shall be pleased to meet with you and discuss the details of agreement.

Awaiting a reply, I am,

Yours truly,
(Sgd.) THOS. MALCOLM

Hon. J. D. Hazen, Premier,
St. John, N. B.

With the publication of the foregoing offer the people of the St. John Valley will see that the long desired road is within their grasp—unless Premier Hazen refuses to do his duty and goes on playing politics.

DOES NOT SEE WHY YOUNG MEN GO WEST

"Stay in East, Where One Gets More Out of Life Without Working too Hard", is Ottawa Man's Advice.

"I don't see why people living in the maritime provinces should want to go west," said J. Samuels, of Ottawa, who was at the Dufferin yesterday.

"People don't have to work as hard down here as they do out west, and they get more out of life. A few weeks ago I met a man in Saskatchewan who had made up his mind to sell out his wheat farm and go back to Prince Edward Island, where he came from, believing that he could do better on the Island than in the west, and not have to work so hard.

"As for the man with no capital, he had better stop east. Wages out west may seem high, but work is not steady and everything is very dear.

"One thing about these maritime provinces is that the towns do not have a prosperous look."

"Well," said the reporter, "our towns increase a man's taxes if he puts a coat of paint on his house."

"That's wrong," said Mr. Samuels. "You ought to put the taxes on land values—St. John Standard."

GLOUCESTER FISH BUSINESS CHANGES HANDS

Bathurst, N. B.—Mr. J. Bennett Hachey, of Bathurst Village, has lately purchased the fish business of Robert A. Armstrong at Carron Point. This extensive fishing plant has always been considered one of the most valuable on the North Shore. It is understood that under the new management it will be operated to its fullest capacity this coming season. Considerable preparations have already been made, and in the summer an up-to-date ice house and freezer will be built on a convenient site lately purchased by Mr. Hachey, where he will centralize his fishing interests and cater to the local as well as to the export demand for all kinds of fish.

Calgary's population is now 55,330 according to the latest estimates, making an increase of over 9,000 during the past year. The increase shows a greater proportion of English-speaking immigrants than any other city in the west.
