

### Natural Gas is Worth Saving

Forecasts—Fair and cooler. Friday, cool and cloudy with rain.

Natural gas is the cheapest fuel. To return to coal for cooking and heating would be a hardship. But you will have to when the natural gas supply is all used up. Be careful and economical in your use of it, and the supply will last so much longer.

ALTHOUGH NATURAL GAS IS CHEAP, DO NOT WASTE IT—THE SUPPLY IS NOT EVERLASTING.

### DOROTHY GISH SETS NEW STYLE FOR "TAMS"

Feminine Headgear Feature of Picture, "Boots"

When Dorothy Gish created her famous part of "The Little Disturber" in "Hearts of the World," she set the younger feminine set of the nation to doing two separate and distinct things. One was to walk like "The Little Disturber."

Soon after the large city showings of the picture you could see hundreds of girls on the streets imitating the funny little swagger walk that Dorothy did in the picture. The other thing was to reset the millinery styles for the year. If you remember correctly, you saw girls everywhere in the United States wearing "tams" with jaunty side sweep. Millinery shops all over the country made them and sold them by the hundreds.

So, when "Boots," which is Miss Dorothy's next Paramount picture, comes to the Griffin Opera House to day, the girls of St. Kitts will have still another item to add to their wardrobes. It is a new and still jaunty "tam" with bells on it. Description is too vague to convey the idea, but it is safe to say the girls will get the idea.

### NEW SERVICE FROM TORONTO TO NEW YORK CITY

The Pennsylvania Station is so centrally located that it is a great convenience to the visitor to New York, and is in easy reach of some of the latest hotels also the shopping and theatre districts. With the opening of the new tunnel under the East River, Brooklyn passengers arriving at or departing from this station in New York now have direct tube service to and from Brooklyn through the 7th Ave. Subway. ### THE TIMAGAMI FOREST RESERVE

Every angler who knows the real thrill of landing a "big fellow" desires to enjoy the sport that the wonderful Timagami region of Ontario affords. Sportsmen who have fished all the important water of the continent declare that the fishing in Timagami cannot be excelled. Lake Timagami with its sixteen hundred islands and three thousand miles of shore line is the home of the black bass, the brook trout and other

game fish, while the innumerable smaller lakes are also well stocked. There are no hardships to be encountered in reaching Timagami. A few minutes after leaving the Grand Trunk through train from Toronto the sportsman finds himself in the bosom of the forest, and in a labyrinth of islands, inlets and channels inviting him to go north, south, east and west. There are good outfitting facilities, and also some boarding establishments, but this great region is still absolutely unspoiled. For full particulars and information regarding this territory apply to Grand Trunk Agent or C. E. Horning, D. P. A. Toronto, Ont. m9

### Ladies! Keep It on The Dresser

Few drops on corn or callus stops pain, then they lift off.

Your high heels have put corns on your toes and calluses on your feet, but why care now? This tiny bottle holds an almost magic fluid. A genius in Cincinnati discovered this ether compound and named it Freezone. Small bottles of Freezone can be had at any drug store for a few cents. Never limp or twist your face in pain again, but get a bottle of Freezone and apply a few drops on your tender, aching corn or callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you lift it off with fingers. Just think! You get rid of a hard corn, soft corn or a corn between the toes, as well as hardened calluses, without suffering one particle, without the slightest irritation of the surrounding skin. Just a touch of Freezone on a sore corn gives instant relief.

Money Rates in New York

New York, May 7.—Due to the closing of the New York Stock Exchange, there was little demand for call money, and rates were nominal, being quoted at 3 1/2 to 4 per cent. The time money market was also

quiet. There was some renewal business at 5 1/2 per cent. for 60 and 90 days chiefly on industrial collateral, but practically no new business. Mercantile paper was also quiet. The buyers were rather apathetic at the moment, and the supply only moderate. Rates 5 1/2 per cent. for the best names.

The American Agriculturalist declares that as a result of the wholesale slaughter of cows the United States is facing a meat and milk famine.
