If Sir John Macdonald's administration is so near its downfall and if the popple are so thoroughly disgusted with it, why should the Grits fear to bring out a straight party candidate? Instead of this, however, as in Card-well, Antigonish, and St. John, they are bringing out a dissatisfied Con-servative. Col. THERE is no necessity of any 1882, is now to oppose the new , Minister of Marino. Mr. Domville, is a renegade from the party, having supported Mr. Skinner at the recent contest in St. John. We have no fears for the result,—his beating will be even more complete than three years aco. engthy remarks upon Mr. Frank dovyer's letter which appeared in columns a fortnight ago, regardng the sum awarded him for lamages on account of the opening three years ago.

Oxz of the chief missions-in fact the only apparent mission of the *Patriot* just now-appears to be the vilification of Mr. Sullivan; nor does Mr. Bovyer considers he was un airly treated by the arbitrators nd he cites the names of severa ighly respectable and well-informvilification of Mr. Sullivan; nor does it seem to have any conscience as to the enormity of the falsehood it will utter in the hope of injuring the Provincial Premier. Notwithstand-ing that, last week, we quoted the Premier's words which we had re-ported five weeks ago, that, before consenting to give the use of the old Asylum building, he desired to con-sult a medical gentleman, the Patriot affects to misunderstand them. Our contemporary casy that it has been d gentlemen who valued the amages much higher than the rators. The question which hiefly concerns the public is not what Mr. Bovyer himself consider ufficient, but whether, as the Patriot nsinuntes, he has been paid too nuch for his land. He himself estimated the damage at \$2,000 for, in his affidavit to the Supreme Court is testifies in these words : "That I interts to misunderstand them. Our contemporary says that it has been

Committee that they never received the slightest intimation from Mr. Sullivan that he objected to giving the building for a hospital, because it was unfit for the purpose. The Patriot is careful not to give the name of this member of the Citizens' Committee, which was a body of considerable numbers and doubtful responsibility. The only gentleman with whom Mr. Sullivan had any communication on behalf of the citizens was Dr. Jenkins, and to him be made the request that the citizens should wait in the Library a few minutes until he had consulted with er of the Citiz hen considered, and still consider, hat the said Stephen Bovyer should se paid at least the sum of \$2,000 s compensation &c." The arbitraors, fully as sensible and intelligent nen as those witnesses who gave vidence on behalf of Mr. Bovyer alued the damages at \$600.
