The frontiersman, as we still see in far-on Oregon, is ever the radical: the stay at-home is more content with things as they are. Kansas was founded as a free state and attracted the antislave element from New England. Missouri was a slave state, and the Kansas settlers passed over its good might enter a Commonwealth of acceptable priciples. Kansas naturally became Republican and has remained so. Missouri has been mostly Democratic. Insurgency has swept Kansas: in Missouri it makes small headway. Kansas is the result of Plymouth Rock; Missouri is the result of the Cavalier spirit of

The Birthplace of Populism. The farmers of Kansas have contributed materially to the gayety of the nation, for here was born Popul ism, that panacea for all ills that sprang up during the severe depression of the middle nineties which brought Bryan to the surface. The cartoonists of that day all over the country portrayed the Kansas Popu lists as raw-boned old hayseeds, with whiskers as long as your arm. They country's government.
