The Archbishop Designate.

We congratulate the Rt. Rev. Monsignor Roche on the high honor and dignity to which he is being raised. Yesterday, the senior Bishop of the Archdiocese, His Lordship Bishop March, was informed by the Papal Delegate, Most Rev. Peregrini F. Stagni, that the Rt. Rev. Monsignor Roche, V.G., had been designated as the Archbishop of St. John's. Bishop March, at once notified Monsignor Roche on the high preference which he had been given. The news was received with great pleasure and satisfaction by the Catholics of the community as well as by other denominations. Monsignor Roche has endeavored himself to the whole community by his courtesy and helpfulness. His marked ability in administration displayed during his Vicar-Generalship, his sound common sense and wisdom in matters which affect the public, and his exceptional eloquence in the pulpit and on the platform long ago set him apart as one worthy of still higher preferment than the high office and dignity which he has occupied since his appointment as Chancellor of the Archdiocese of St. John's by Archbishop Howley in 1907. The Archbishop Designate is the second occupant of the throne of the Archdiocese of St. John's, and is the second Newfoundlander to occupy it. The first occupant was the late Archbishop, a native of the city, the second is a native of Placentia. Placentia must feel proud of the high honor conferred on her son, the city of the Chancellor whose spiritual labors have won high esteem and the whole community that a worthy son has been so signally distinguished by Rome.

Pansy Mission Band.

The annual entertainment of the Pansy Mission Band was held at Wesley Sunday School room last night and was largely attended. One hundred and forty girls and boys were present and sang the choruses lustily. The songs, recitations and dialogues were well rendered and elicited much applause. The affair was presided over by Mrs. (Rev.) J. Royle, who thanked those present for their patronage, and congratulated the ladies of the mission on the success that had attended their efforts. The singing of the Doxology and the National Anthem brought the entertainment to a close.

35 KILLED IN SINGAPORE RIOT.
LONDON, To-Day.
A communication issued last night by the Colonial Office gives the casualties in the Singapore riot as 35 persons killed, including six officers and fifteen men of the local native forces, and fourteen residents of Singapore. The Colonial Office report says that some of the rioters were killed and that a large number surrendered or were captured.

COLLIER SUNK IN CHANNEL.
NEWHAVEN, Eng., To-Day.
Eighteen members of the crew of the Cardiff steamer Brankome, China Government collier, were landed here. The vessel either struck a mine or was torpedoed in the English Channel, 20 miles southeast of Beachy Head. The men say the captain and mate of the steamer are standing by the vessel, which is badly damaged.

The New Archbishop.

Newfoundland to-day rejoices over the appointment of Rt. Rev. Monsignor Roche, V.G., as Archbishop of St. John's, an appointment that will be hailed with joy by sons of the soil in every clime, irrespective of class or creed. The elevation of Monsignor Roche to the Archbishopric does not come as a surprise to our Roman Catholic brethren, as his zeal and devotion to his sacred calling, particularly in the administration of the affairs of the Archdiocese since the death of the late Archbishop Howley, and from time to time during the late prelate's absence, have fully qualified him for the exalted position. The Archbishop elect was born at Placentia 41 years ago, and received his early education from the Christian Brothers at St. Patrick's Hall Schools later entering St. Bonaventure's. During his early school days a vocation to the priesthood presented itself and after a brilliant scholastic career, he proceeded to All Hallows College, Dublin, to enter upon his priestly studies. He was ordained by Bishop Kelly, of Ross, on June 24th, 1897. He came to St. John's the following September and was appointed vicar of the parish of St. John's, where he labored for about nine years. In 1907 he was appointed Chancellor of the Archdiocese and subsequently became Vicar-General and Administrator. The new Archbishop is the fourth Newfoundland to be raised to the dignity of Bishop and the second to that of Archbishop. The love and sympathy of his people will be of much assistance to the new Archbishop in the arduous duties of his sacred office, and that his episcopacy may be a long and fruitful one is the earnest prayer of the whole community.

Volunteer Held as an Alien Suspect.

For some time past the authorities have been shadowing a foreigner and member of No. 2 Company of the Second Nfld. Contingent, whom they suspected of being a German, notwithstanding that he was wearing a portion of the khaki uniform and drilling daily with our volunteers. Having established some ground for their suspicion, Detectives Byrne and Walsh arrested him last night. He was taken from a certain hall at 9.30 p.m. and is charged with being an "Alien Suspect." At the police station he denied that he was a German, though not questioned as to his nationality. He gave two names first that of Dominic Frest and then Dominic Foley, aged 24 years and a native of Moscow, Russia. Some months ago he enlisted with our Second Contingent of volunteers, and at the recruiting office in the C.I.B. Armory, gave his name as Dominic Foley, a Russian. He can speak very little English, but was able to write his name when asked for it. Accused of being held in custody pending an investigation by the police. He is thought also to be implicated in a serious charge into which enquiries are also being made.

Working For Half Wages.

Editor Evening Telegram.
Dear Sir,—I noticed an item in the Daily News last week from a certain individual signing himself "Justice," wherein he states that owing to the times union men, particularly masons and carpenters, should show their patriotic spirit by working for half wages.

Now, Mr. Editor, that kind of logic is not sound. In the first place with four nine dollars a barrel and coal eight dollars a ton, and all other necessities of life at an almost prohibitive price for a working man it would be nothing less than suicide. If it were any class of men but the class he mentioned, such as those that have big bank accounts or are getting big salaries, whether they are working or playing, such as some of our fat job-holders there would be some sense in his remarks, but note the cowardice in attacking a class of men who he thought could not defend themselves. It is certainly striking the man when he is down. He had better take care. The old proverb: Let sleeping dogs lie.

I would like to ask how many journeymen masons or carpenters have bank accounts and how many are there whose wages goes on whether he is working or holiday seeking? The first answer would be few, if any, and the second would be none.

The union men of this city, both labourers and mechanics, have shown their public and patriotic spirit long before this by contributing to public charities, which they did not want to brag about and by willingly giving their sons for the defence of the Empire. The majority of our brave volunteers who have joined from the city, both the army and navy, are the sons of the labourer and mechanic, but he would have them go further and starve themselves and their children by working for half wages.

Thanking you for space in your valuable paper.

I remain,
THEODORE.

Could Not Visit Home.

Owing to the unfortunate delay of the boat in not being able to cross the Gulf, six of our St. Lawrence boys that have joined the Canadians in Nova Scotia for the front were prevented from visiting home to see their parents and friends. They had been given a fortnight's leave by their Colonel to come home, but when they came to North Sydney the boat was frozen in, and their time being limited they saw they could not get home and be back in time to join their battalion; so they decided to go back. It is very regrettable not only to friends, but St. Lawrence was prevented from seeing her boys in khaki. However, we hope to see them shortly again victorious.

Firemen's Meeting

VOTED \$50 TO CHARITY.

The annual meeting of the Firemen's Union took place last night at the Longshoremen's Hall. A large attendance of members were present. The reports submitted showed the Union to be in healthy standing. The election of officers was held and resulted as follows:—

President—Francis Woods.
Vice-President P. Connolly.
Asst. V. P.—James Bruin.
Flm. Secretary—W. Whealan.
Treasurer—Patrick McGrath.
2nd Treasurer—W. O'Toole.
Rec. Secretary—R. Kearney.
Marshal—James Barron.

The officers were installed by Hon. M. P. Gibbs, who afterwards gave an instructive address to the members.

It was decided that union men would not sign on with non-union workers, and Messrs. Woods and Whealan were appointed as a deputation to discuss the matter with steamers owners.

The sum of \$50 was voted to charity, to be distributed equally with the St. Vincent de Paul and Dorcas Societies, after which the meeting adjourned.

Comedy and Drama

At Nickel Theatre—Big Holiday Programme.

No one should miss the Nickel Theatre to-day. The show is a regular half holiday one, and is certain to afford the greatest satisfaction and pleasure to all. If you cannot attend this afternoon then by all means go to-night. Remember, too, that your attendance means that the Charity Fund will be greater. All should be anxious to swell this, and they can only do so by attending the performance. The pictures are of the finest quality. There are two two-part films. One is "Too Many Husbands" and the other "The Weaker Strain." Both are very clever and will afford enjoyment to all. "His First Love" is a dainty little drama, and "The Chicken Chaser" is a Keystone Comedy and one of their funniest. Don't neglect to see these pictures. The doors open at 2 p.m. and 7 p.m.

GOOD PERCENTAGE.—Of the 30 candidates who underwent their medical examination at the C. L. B. Armoury last night, a very good percentage of the men were pronounced physically fit.

JOHN KEATS died 1821, aged 25. The great English poet who though dying at this early age produced a number of poems which in richness of imagination and beauty of thought are not excelled by anything in the language. His "Odes," his two poems "Isabella" and "The Eve of St. Agnes" are exquisite in form and expression and marvellous as the production of one so young.

FEILDANS AND TERRA NOVA

What promises to be the best exhibition for the season will be tomorrow evening's meeting between the Terra Novas and Feildians, though the result will not affect the championship as the latter team has secured it. The previous struggle between the Old College boys and Terra Novas was a stiff one, but the black and Whites have greatly improved their aggregation since then.

Under Distinguished Patronage

Of His Excellency Governor and Lady Davidson.

The great big benefit given on Friday, Feb. 26th, at the Rossley Theatre will be something to remember for the splendid array of talent will certainly eclipse of former attempts for charity or any other cause. What the talented and versatile Rossleys are out to do is the thing that is always well done. It is to be hoped that the public will rally round and help the good cause. The benefit will be for local and every penny will be devoted to that purpose. There is lots of talent strung band from H. M. S. Calypso have offered their service besides others. Mr. Crocker and the Rossley orchestra will play all Mrs. Rossley's clever pantomime troupe, Joe Burkhart, Jack and Marie Rossley, Bonnie Rossley and others. The idea of Mr. Rossley giving the great benefit is certainly original, and a quick way to relieve a lot of distress; where there is power and little children bread is the main stay. The Rossley Theatre is not forbidden by the Church as the poor will benefit by it, so give them a bumper house.

Miss Bessie Alix Highly Commended

We are pleased to note that Bessie Alix, a vocalist of exceptional ability, is making a name for herself in the musical world.

According to a recent letter from Manchester, N. H., U. S. A., Miss Alix was in charge of an Irish Entertainment held by the Manchester Auxiliary of the Ancient Order of Hibernians. The programme was very elaborate one, and Miss Alix charmed the large audience by singing and received wonderful applause. The Manchester "Daily News" says Miss Alix received many congratulations on the success of the entertainment which was due in a large measure to her. Not only did she train the soloists, but she sang three songs, was given an encore.

Miss Alix, who left here some months ago, was a well known soloist of exceptional ability in St. John's, and it will be remembered, that she gave her talent for charitable and patriotic objects.

For several years Miss Alix was soloist in the choir of St. John's Church, Holytown.
