

Ontario Agricultural College and Model Farm.

We heartily rejoice that the proposal to establish an Agricultural College for the Province of Ontario at Mimico, has been finally abandoned. Had it been gone on with public patience would have been exhausted and an enormous sum expended, before any practical results could possibly have been obtained.

The precise locality to be selected as the site of the institution seemed to us a very unimportant matter. Of vastly greater moment is it that the land should be of good quality and capable of raising with good tillage, first-rate crops. And even of greater importance is it that the institution should be situated on a sound, practical importance and have at its head a man thoroughly up to the day in the science and practice of agriculture, of large experience, of considerable force of character, of kindly manners, and with enthusiasm enough in his composition to infuse warlike vigor into those around him.

ELECTION CORRECTION.—A case came before the Court of Queen's Bench at Picton on Friday which ought to be a warning to violent political partisans as to how they attempt coercion in times of excitement. At the last election in Prince Edward, Sully Worlan, Esq., a wealthy citizen, carried to the polls the vote for Mr. McCuaig an employee on his farm. The man, however, seems to have been "otherwise minded," and when he got ready to do so, he voted for the man of his choice—Mr. Ross. Mr. Worlan does not appear to have resented the course of the voter at the time; but afterwards when they arrived home, it was shown that he fell upon the victim of his wrath and gave him a serious beating—the final result of which, although so many months have elapsed, is not yet fully demonstrated. The man is crippled, and may be so for life, if more serious consequences do not ensue. Mr. Worlan was sued for damages laid to two thousand dollars and prosecuted by R. P. Jellett, Esq., of this town, who recovered the full amount of the claim and costs. It was thought by many who heard the trial that the thousand dollars would have been recovered as easily as two thousand, and that righteously.—Ontario Chronicle.

GREAT WESTERN DOUBLE TRACK.—The contractors for building the double track on the Great Western from Glencoe to Windsor have been let, in four sections, and the contractors for each section are preparing to commence work at once. The contractors for the sections between Chatham and Glencoe are Messrs. Carpenter, Seymour & Bowles, of Chicago. The firm will be the lead quarters of the firm while they are prosecuting the work. It is said the Company had some difficulty in arranging with owners of land through which the line passes, for the extra twenty-five feet right of way required for the double track, \$200 per acre being demanded in many cases. The Company refuse to pay any such figure, and where parties refuse to come to terms, propose to take possession, and allow the owners of the land to seek their remedy in arbitration or otherwise. It is the intention of the Company to have the double line ready for traffic this fall.—Chatham Courier.

A BEAUTIFUL HORSE.—There is nothing that can contribute so much to render the horse beautiful and elegant, as to improve his condition and make him that is desirable, as "Darley's Condition Powders and Arabian Heave Remedy," it has been used by many persons who own valuable carriage and other horses with decided success, and so well pleased are they with it that they always keep it on hand in case of emergency; it may be given at all times with perfect safety. Remember the name, and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers.
