

CALGARY SIGHTSEEING CAR TO MAKE DEBUT NEXT THURSDAY

Modern Scenic Convenience to Commence a Regular Daily Service

Twenty-five Cent Fare is to be Charged for Tour on New "View Wagon"

Calgary will have an up-to-the-minute sightseeing car in operation Thursday, according to an announcement made last evening by Superintendent Thomas H. McCauley, of the Calgary Municipal Electric Company.

"The new car arrived several days ago," said Mr. McCauley, "and is now being overhauled in the shops. The first trip will be made Thursday morning. It will be used to make eight trips daily about the city, a fare of twenty-five cents for the journey is to be charged. The car will be operated along the same plan as those in Eastern cities. It has a seating capacity of fifty persons.

We now have more than fifty miles of line in operation and are constructing more. Our service during exhibition week was successful, not an accident being recorded. And by the way, the company had its third anniversary July 5. Business has been steadily increasing and the company is constantly forced to add to its equipment."

YEGG MEN GET VERY BUSY; FOUR ROBBERIES ARE COMMITTED

Safe-crackers and burglars were active in Calgary early yesterday morning. The safe in the office of the Calgary Aerial Water company, 122 Third avenue east, was wrecked by yeggmen, while the jewelry store of Louis Polsky, on Eighth avenue, and the Dominion Sales company's store, 325 Eighth avenue east, were entered by housebreakers. Jewelry valued at \$400 was stolen from Polsky's establishment, and two raincoats were pilfered from the clothing store. Nitroglycerine, diluted into yeggmen's "soup" was used to blow the safe at the Calgary Aerial Water company's factory. The safe was badly damaged, but the contents were untouched. Only a small amount of cash was contained in the strongbox, according to Manager A. Tardif. Detective R. J. McDonald has been detailed on the case.

COOL BUT FAIR WEATHER IS PROMISED FOR TODAY

Winnipeg, Man., July 8.—The Canadian meteorological service weather observations taken at seven o'clock last evening, 8th July, Winnipeg time, were as follows:

Place	Temp.	Wind	Clouds
Port Arthur	64	W	64
Winnipeg	63	W	63
Saskatoon	61	W	61
Qu'Appelle	60	W	60
Swift Current	59	W	59
Prince Albert	58	W	58
Battleford	57	W	57
Medicine Hat	56	W	56
Calgary	55	W	55
Edmonton	54	W	54

Light scattered showers have occurred in southern part of the province, while in the northern districts the fall has been heavier. Cooler weather has set in over Manitoba.

Manitoba and Saskatchewan—Comparatively cool, with scattered showers.

Alberta—Fair and cool. The maximum and minimum temperatures yesterday were as follows:

Place	Min.	Max.
Dawson	42	73
Atlin	40	64
Princeton	48	68
Vancouver	48	68
Kamloops	54	78
Edmonton	52	64
Calgary	51	71
Winnipeg	50	68
Port Arthur	56	80
Parry Sound	56	80
Toronto	59	82
Kingston	59	82
Ottawa	58	80
Montreal	58	80
Quebec	58	80
St. John	54	82
Halifax	54	82

CHILD FELL INTO TUB AND WAS SCALDED TO DEATH

Leamington, Ont., July 8.—Mrs. Her-
The Marchester, of Erie street north, on Saturday night placed a tub of hot water in a room of her home with the intention of giving her two-year-old child a bath. While she was getting some cold water from an adjoining room, the little one tumbled in the tub and received scalds of such a nature that it has since died.

BRITISH ADMIRALTY WILL BE CONSULTED BEFORE NAVAL POLICY IS ANNOUNCED

Ottawa, July 8.—The Evening Citizen says: "Nothing official respecting the government's naval policy will be announced until there is a consultation with the British admiralty, and before such conference it is very doubtful if anything will be determined at all. The matter has been discussed tentatively by the cabinet and while certain views may be strongly entertained by the ministers, they are subject to revision. Eliminating Canadian navy ideas and alternate policy has to be evolved.

It is believed that this will take the form either of a declaration by Canada of British fleet units on the Atlantic or Pacific coasts, a most contribution of

DUKE OF CONNAUGHT WILL SPEND FOUR DAYS IN CALGARY

Government House, Edmonton, July 8.—I have been requested by Lieut.-Colonel Lewthwaite, Military Secretary to His Royal Highness the Governor General, to announce that the itinerary of the visit of His Royal Highness has now been arranged and is as follows:

His Royal Highness will arrive in Edmonton on the morning of Tuesday, September 3rd next, and will remain there until 11:30 the next evening when he will entrain for Calgary, stopping at Red Deer from 9 to 10 o'clock the next morning and will arrive in Calgary at 2 o'clock p.m. the 5th, and will remain in Calgary and vicinity until the 8th. On the 7th the Duke will officially open the irrigation works near Gleichen. His Royal Highness will then tour British Columbia and, on returning, will visit Macleod on the evening of October 3rd and remaining there until 4:30 the following afternoon. The party will arrive in Lethbridge at 6:15 p.m. of the 9th and will remain there until 10 p.m. of the 10th and will spend the morning of the 11th in Medicine Hat.

G. H. BASSITT,
Secretary to Lieut.-Governor.

GIRL FIRED TWO SHOTS AT HER SISTER

Halifax, N.S., July 8.—Miss Etta McLennan of Stellarton will answer to the charge of shooting with intent to do bodily harm. She is alleged to have shot twice at her sister, Mrs. Duncan Fraser, the first shot grazing the arm and lodging in her leg. It is believed that Miss McLennan was suffering under mental delusion that some one was trying to poison her.

BOOK AGENT 100 YEARS OLD

Newark, N.J., July 8.—George Clinton Paine, a citizen of that city, who calls himself "the oldest book agent in the world," is celebrating his 100th birthday at his home here this week.

He is an excellent health, a condition for which he believes the drinking of buttermilk is largely responsible.

NATION-WIDE MOVEMENT TO PERSUADE TAFT TO WITHDRAW

If Successful Roosevelt May be Asked to Stand Aside for Third Candidate

Washington, July 8.—A nation-wide movement to petition President Taft to withdraw as the Republican presidential candidate is being backed by a large number of Republican office holders who feel that they face defeat in November unless the breach in the party can be healed. These men include members of Congress, members of state legislatures, state and county office-holders, and party candidates. The movement is gaining in volume, it is said these same men in the interest of party harmony may ask Col. Roosevelt to withdraw as a prospective candidate for an independent nomination and permit a compromise selection of some man acceptable to both factions of the party. It is the desire of the promoters of the scheme that a decision should be reached before August 15th when the Roosevelt faction plans to hold a convention in Chicago.

PREMIER SCOTT SPEAKS AT MOOSE JAW WITH OLD TIME VIGOR

Moose Jaw, July 8.—The Hon. Walter Scott spoke tonight before a large Moose Jaw audience and with some of his old-time vigor. "No government," he said, "ever approached its constituents with such frankness as did my government in 1905. I have been the twenty pledges we gave only one was unfulfilled; that of the line from Prince Albert to the Hudson Bay. Making a vigorous attack upon the allegations of the opposition, accusing the Scott administration of incompetence and piling up debt, Mr. Scott went into a detailed account of his administration under his regime and Manitoba under Roblin and Hon. Robert Rogers. Both governments had established telephones and elevators, and in this Saskatchewan had been successful, while Manitoba had not. The public debt in Saskatchewan he continued, was only half of what it is in Manitoba.

Mr. Scott's sallies against the opposition were received with applause. Apart from the tired look of convalescence and a nasty break in his voice, Mr. Scott appeared to be in good form. He spoke for one hour. Many Conservatives were present and made their presence obvious.

PROBE COMMITTEE'S REPORT ADOPTED

On the table for two weeks was voted on first and last, Aldermen Whaley, McDougall, Macdonald and Brown voting in favor of the report. Aldermen Macdonald, Caracullen, Morritt, Hornby, Ramsay, Samis and Hester voting against the motion to table. The original motion to table the report was then carried by the same vote.

PROBE COMMITTEE'S REPORT ADOPTED

(Continued From Page One)

Contractors Accused of Bad Work
An outside effect of the probe committee's report was the referring back to the committee last night by the council of a recommendation to let a contract for a retaining wall on the Elbow River. This was signed by the work. Alderman Brocklebank made the first objection to letting the contract to the firm suggested. He stated that he was well to have the work done by day labor. Following some debate, the proposition was voted down as it failed to secure the necessary two-thirds vote, though a majority was cast against it. Later, Alderman Caracullen reopened the discussion from another angle.

"The investigating committee," he said, "has had an especially good opportunity to observe the work of contractors in this city. This particular firm, as well as others, have performed some very bad work for the city and I don't want to see another contract let to them until we have some assurance that the work will be properly done."

The alderman then moved that the matter of letting the contract be referred back to the committee, and this time the motion carried.

The report of the committee recommending increased rates for the new fire hall at Crescent Heights be awarded to H. Church, making the lowest tender at \$13,800 was approved. The council also approved the following contracts recommended by the committee:

For plumbing and heating in small-pox hospital, E. J. Young Plumbing company, \$4,000.

The petition of property owners abutting on Short street in Elbow park that the street be closed was granted.

Says City Is "Salary Crazy"
Objections from Alderman Morritt to the effect that the city was going "salary crazy" resulted in the referring of the matter to the committee. His recommendation to increase the salary of certain street railway employees. The chief items in the list were \$135 per month for Superintendent T. H. McCauley's salary from \$262.50 to \$325 per month; General Foreman Charles Combs from \$135 to \$165 per month; and Superintendent E. A. Irwin from \$100 to \$135 per month.

The final passage of the early closing bill was deferred until the next meeting of the council to permit of the examination of or counter petition signed by a number of the retail dealers of the city.

On behalf of those opposed to the bill, J. E. A. McLean addressed the council, declaring that, while the petition was signed by many of the merchants, that against the bill were signed by 125 merchants, many of whom were among those who signed the first petition. He expected that their minds on this question. Therefore, he contended, the first petition was not signed by the necessary majority of the retailers. He requested that the bill be laid on the table to allow him to examine the second petition. He stated that he agreed to the bill and the bill will again come before the council at the next meeting.

Following is the full report of the probe committee:

Investigation Committee's Report
To His Worship the Mayor and Members of the City Council:

Gentlemen—Your special committee, organized on July 6, 1912, and which held its first meeting on July 17th last, beg leave to submit the following report:

In order that the enquiry should be made in a fair and impartial manner, all the city officials whose departments were under scrutiny were called to give testimony before the committee.

Experts were engaged to examine the pavements, sidewalks, curb and gutter down in the city during 1912 and either in their reports are submitted herewith.

Specifications Ignored
The examining engineer's reports show that none of the contracting firms engaged in the city were carried out the specifications in their entirety. Not only is faulty work greatly in evidence in the pavements, sidewalks and curb and gutters, but from numerous samples which your committee had analyzed, it has been proven that large quantities of faulty material were used in the construction of the sidewalks.

Many of the samples which your committee had analyzed, it has been proven that large quantities of faulty material were used in the construction of the sidewalks. The examining engineer's reports show that none of the contracting firms engaged in the city were carried out the specifications in their entirety. Not only is faulty work greatly in evidence in the pavements, sidewalks and curb and gutters, but from numerous samples which your committee had analyzed, it has been proven that large quantities of faulty material were used in the construction of the sidewalks.

Since the engineer has thus signally failed to protect the interests of the city in the important matter of the sidewalks, such as permitting the Fifteenth avenue pavement to be laid without him seeing the specifications, the committee is of the opinion that the work of the trunk sewer, all of which has resulted in heavy losses to the city, your committee while recommending the foregoing conditions, is of the opinion that any official must ultimately reflect against the city commissions, it is clear that primarily the responsibility for the foregoing conditions rests upon the engineer, and therefore we have no alternative but to recommend that Calgary immediately advertise for another engineer.

Your committee's attention was drawn to the lack of organization in the department of the city, and the incompetence of the officials were made apparent. The methods adopted in conducting the health department, and especially the smallpox hospital, is nothing short of alarming. From the evidence of Doctor Eatey, the medical officer, and Mr. Fox, the sanitary inspector, and his worship the mayor, it was shown that patients were housed in that institution with no regard to the health of the city.

Recommend Dismissals
To the surprise of your committee, however, these conditions were advocated and defended by the health officer, and the sanitary inspector, and the present smallpox hospital is far from a satisfactory one, making it difficult for the officials to achieve the best results. This is due to their failure to provide proper food and nursing attendance for the unfortunate inmates.

TO RELIEVE CALGARY TELEPHONE SITUATION BY FIRST OF AUGUST

Premier Sifton Writes Calgary Board of Trade of 'Phone Improvements

That the telephone situation in Calgary should be relieved after August 1, next, is the implication contained in a letter from Premier Arthur L. Sifton to the Calgary board of trade. Premier Sifton declares that the new telephone building will be completed by the foregoing date. With the installation of necessary equipment in the new structure, the extensions for which the public is clamoring can be made, but it is impossible to remedy the situation until that time.

BRITISH BUSINESSMEN VISIT CALGARY TODAY

Seventy-five British manufacturers will return to Calgary this morning and spend the day in inspecting different branches of industry here. The party will arrive at 10 o'clock and will be taken to the board of trade headquarters where they will be taken in charge by local businessmen and shown some of the resources of Calgary. If the weather permits, some of the Canadian Pacific irrigation projects will be visited.

A number of the visitors will be entertained at the St. Andrew's Golf club during the afternoon. The party will leave for the east this evening.

DENY BORDEN LEFT HERE WITH CUT AND DRIED NAVAL POLICY

Admiralty Must Disclose Exact Present Condition and Permanent Policy

London, July 8.—The Canadian Press understands that Right Hon. R. L. Borden's speech at the meeting at the Royal Colonial Institute on Wednesday evening will somewhat dispel the popular belief largely inspired from Canada that he had come to London with a "cut and dried" naval policy.

Our Committee feels that Commissioner Graves has been lacking in initiative in the general organization of the Commission's work. While it is not expected that the Commissioner should have a knowledge of all the details of all the work going on in the city, we feel that he is open to censure for not being in the forefront of the work of his own department, and that he has sometimes lost interest in the work of his department because he did not agree with the general policy of his conferees regarding them. We however wish to state that in Commissioner Graves' department, the premier, it is understood, will point out that no steps will be taken by Canada unless the British admiralty discloses the exact present state of affairs, while with regard to a permanent policy, there must of necessity remain many knotty problems of empire which must be decided.

Approves of the naval discussion it is interesting to note that the Figaro and Matin of Paris are publishing with favorable comments, statements originating in the Dominion, pointing out how identical are the interests of France and Britain in the face of Germany's naval augmentation.

Mr. Borden, it is probable, will participate in some functions in his honor in Paris before his return to Canada.

OBITUARY

Humphrey—The death occurred on Saturday evening, July 6, 1912, of Ralph James Humphrey, aged 25 years. Deceased was a brother of Mr. John M. Humphrey, Alberta block, Calgary. The remains were forwarded from Shavers' undertaking establishment on Monday train for interment at Hampton, New Brunswick.

Deceased—The death occurred on Saturday, July 6th, of the infant son of Mr. and Mrs. Deason, 428 9-1-2 street, Sunnyside. The funeral took place from Shavers' chapel on Monday morning at 10 o'clock. Interment in Union cemetery.

Deceased—The death occurred on Sunday, July 7th, of Infant Deasbury. The funeral took place from Shavers' chapel, on Monday afternoon at 2:30. Funeral services conducted by Rev. Mr. Mahaffy. Interment in Union cemetery.

Constituted the City's Purchasing Agent and that all materials and supplies in all departments of the City be purchased through him after consultation with the departmental work of the city, and wherever practicable, said supplies be purchased by public tender.

That all City cars be housed in the city garage and that in every case where a car is taken out the party register both upon leaving and returning to the garage.

That the laboratory in keeping with the requirements of the city be immediately installed.

That a system of checking and reporting such as is used by railways and other large corporations be immediately inaugurated in connection with the departmental work of the city.

TO DEVISE MEASURES FOR SAFETY OF SEA-GOING VESSELS

As Outcome of Titanic Enquiry Big Conference Will be Held in London

Berlin, July 8.—A conference for the purpose of drawing up measures of safety for sea-going vessels is to be held in London in the autumn.

Both the United States and Germany, which took the first initiative, have waived their claims. The German proposals to be presented to the conference will be drafted finally only after the holding of another German conference shortly before the meeting of the international conference in London.

TARRANTING OF SYRACUSE RIDES FALLS TO DEATH

Cobalt, Ont., July 8.—After 36 hours spent in the wilds of Temagami, without food or shelter, and badly swollen from fly bites, Lester Timmins arrived at a camper's tent at Lake Temagami today and told of the drawing of his chin, W. R. Tarranting of Syracuse, N. Y. The canoe in which the two men were paddling went over the lower Lady Evelyn falls. Timmins managed to grab the limb of a tree after both men had gone over the falls.

A PREACHER MAY HAVE TO GIVE EVIDENCE IN BANK CASE

The Minister in Whom Travers Confided in Jail May be Called as Witness

Toronto, July 8.—The News says: "It may be that when the investigation into the downfall of the Farmers' bank is resumed before Chief Justice Sir William Meredith, the Rev. Geo. M. Atlas will be called on to testify in regard to certain conversations which are alleged to have taken place between him and ex-manager Wm. Travers in the Toronto jail."

"During the course of one of these conversations, it is declared that the disposition of the mysterious \$30,000 check was discussed by Travers, who told Mr. Atlas the name of the person who had received it. The name mentioned, it is stated, was that of a politician."

"He opened his heart to me," he added. "But what he said is a matter of confidence between ourselves."

"But if the commission call on you," he was asked, "in that case I will have to give evidence, I suppose, but until then I have nothing to say."

ONTARIO TAKES STEPS TO CHECK WHITE PLAGUE

Toronto, Ont., July 8.—When the regulations governing the notification of cases of tuberculosis are put into force, the provincial board of health will place itself in the position of advisor to each individual victim of the "white plague."

Physicians must promptly notify the medical officer of health in their respective municipalities of every case of tuberculosis attended. The local officer reports to the provincial board, and Dr. J. W. McCullough, chief of health, is now arranging to have useful information regarding the treatment of the disease forwarded to each patient reported to the board.

The regulations also give the health authorities power to remove to a sanatorium any person whose condition is deemed a menace to the health of others.

WOMAN IS MISSING; THOUGHT TO BE DROWNED

Toronto, July 8.—The disappearance and probably drowning of Mrs. John Campbell, aged 30, a bride of a month, is reported from Copperhead Island in the Georgia Bay. Mrs. Campbell's husband, with his brother Archibald keeps a summer hotel on the island which is isolated, the only communication with the mainland being by daily steamer. Mrs. Campbell who had been ill for some time, was taken to a search made for her a few hours later was fruitless.

RAILWAY OFFICIALS OF DOMINION VISIT CALGARY

Frank Cochrane, Minister of Railways for the Dominion of Canada, and Major Leonard F. P. Guelin, and Geo. Lynch, member of the Transcontinental Railway Commission, were Calgary visitors yesterday.

They arrived from the east in private cars, and after spending several hours in this city, departed Mr. Cochrane going to Vancouver, while the other three members of the party returned to Winnipeg. During the afternoon, members of the commission were in conference with General Superintendent Price, of the Canadian Pacific railway.

Supplementary Report No. 1.
Calgary, July 8th, 1912.
To His Worship the Mayor and Members of the City Council, Gentlemen.

Your committee beg leave to submit the following recommendations for the consideration of the City Council.

1.—That the by-law constituting the Parks Board be amended so that it may be amended.

2.—That the City Storekeeper be contract work be abolished.

SAMUEL FORTIER, WATER EXPERT, TO TALK IRRIGATION

Foremost Irrigationist of Continent Will Address Western Canada Association

In addition to the long list of well known experts on irrigation subjects who will address the sixth annual convention of the Western Canada Irrigation Association at Kelowna, August 13, 14, 15 and 16, word has just been received that Samuel Fortier, chief of irrigation investigation, experimental station, United States Department of Agriculture, will attend and deliver an address.

Mr. Fortier is one of the foremost irrigation experts on the continent and his advice was solicited in connection with the administration of water questions in British Columbia. He will be in the section for some two months. Mr. Fortier, permanent secretary of the Western Canada Irrigation Association who wrote Mr. Fortier asking him to address the gathering yesterday received a reply accepting the invitation.

FIRE IN COTE STE. PAUL

Montreal, July 8.—Fire, which burned for two hours in Cote Ste. Paul, destroyed the outlying wards of the city, the afternoon, rendering nine families homeless. Seven dwelling houses and a grocery store were burned out. The loss is estimated at \$65,000, with little insurance. The cause of the fire is unknown. Poor water pressure is responsible for the extent of the damage.
