FIFTY-FIVE YEARS

Principal Eckert, of Lorne Ave., Sends In His Resignation to Board of Education.

Last evening No. 1 committee of the board of education held a special meeting to discuss the several changes which are about to occur in the public George's school, who was lately ap-MOND street north, containing money ever, that the committee could do MOND street north, containing money and other articles. Owner can have nothing yet, as the resignation of Mr. same by proving property and paying Baker has not been accepted by the board of education. Thereupon, it was decided to request Chairman MacRobert to call a special meeting of the board for Monday night, Mr. MacRobert is out of the city, however, and the meeting will not be called until his return.

Secretary McElheran has now in his nessession the resignations of Principal Baker and Eckert. With the retirement of the latter, London's public schools lose their oldest teacher. Mr. Eckert is now well along in life, and has an enviable teaching record. He was appointed to the public school staff of East London, in 1873, and came into the employ of the London board at the time of amalgamation. Consequently his experience in London covers a per od of over thirty-one years. But his teaching covers a period of over fiftyfive years, and it may be truly said of him that he is a grand old man in the profession. Mr. Nicholas Wilson, of the Collegiate Institute, and Mr. Eckert, hold the records for the greatest amber of years spent as teachers in his city. He was appointed to his present grade of principal in 1892, and drawing a salary of \$1,000 per annum His resignation goes into effect the first of the new year.

London, Nov. 25. - The report of the ommittee of inquiry in the case of Adolf Beck, who for the crimes of Wm. Thomas, alias John Smith, served a term of five years' imprisonment in England on the charge of obtaining money and jewels from women under false pretenses, places practically the entire blame for the miscarriage of justice upon the judge, Sir Forrest Fulton, who excluded from Beck's trial in 1896 all evidence, favorable to the accused, fereed the game satisfactorily, and was and who refused to state a case for the consideration of a higher court. The committee finds that if the mater could have been brought before a higher court a flaw in the proceedings passed concerning the merits of the opposing teams. Refreshments were also served. Letters to the Editor.

CLERK VERSUS PRINCIPAL. To the Editor of The Advertiser: A recent change at the city hall suggests the following questions: Which office requires a larger invest

ment of time, money and energy in preparation therefor — a municipal clerkship or the principalship of large public school? Is there exaggeration in the state ment that there are ten men in the city competent to discharge the dutie of city clerk for every one equall competent to discharge those of principal of St. George's school?

The office of principal of a cit; chool offers opportunity to affect i vital ways the whole future of hund-reds of citizens. What part, if any of a clerk's work is so important and

so far reaching in its results?

In every way that I can think comparing them, the office of principal seems more important, responsible and exacting than that of clerk. Why the does the former receive hundreds of dollars less remuneration?
