THE STEEL RAIL **DUTIES PLEASE**

Prompt Action of Government Gives Great Satisfaction.

SHAUGHNESSY FAVORS POLICY

New Soo Company Will Be Able to Supply 1,000 Tons a Day When a Demand Is Made.

Montreal, Aug. 29. - Discussing the director of the reorganized Consolidated treal Sun says today: Lake Superior Companies, said today: "The appointment might be popular mill has been demonstrating that this were a perfect stranger." could be done since Tuesday, the 16th, and, of course, we had notified the Government, and asked them to inspect the output and act accordingly. I knew that Government inspectors were reporting on the Soo rail output, but 1 did not know that the result would be made known so early.

"The conditions under which rails already ordered may escape the duty are quite satisfactory to us, and should, I imagine, be entirely fair to all parties oncerned. It is, of course, impossibl to expect anything like the full capacity of over 500 tons a day, when the mill has only just been started up, and it will take some time to get it in perfect running shape. They are already working on contract orders. The capacity of the mill can easily be raised to 1,000 tons when we get going." "Are you importing foreign ore for

"Yes, a considerable proportion of the ore used is Mesaba. There has been no demand for this class of ore in Canhave offers of ore properties from a number of people who claim to possess "The placing of the duty, of course brings the anti-dumping clause into effect in the matter of steel rails, and this will be of the utmost importance to the Canadian rail industry. The limit being 50 per cent of the duty, there is

scope for a good range of special pro-It is difficult to get the expression of opinion of the new steel duty from an and it is said that he even expressed official of the Grand Trunk Railway, who has authority to speak, and who is conversant with the situation. Mr Hays, the general manager, is with th party of Grand Trunk Pacific directors and officials in the west, and Mr. Butze, the chief purchasing agent, is out of the city. Sir Thomas Shaughnessy, president of

the Canadian Pacific, expressed his opinion tonight. He said: "I am and ing our own industries, provided they are able to meet the demands of the market. I am in favor of protecting the manufacturers of steel rails, even should it cost the railways a reasonable amount more for their supplies. But before we give protection we should
