## CLEAN UP MANY CITY EYESORES

Boy Inspectors Transform 1,500 Unsightly Yards.

The fourth day of the clean-up campaign instituted by the organized boys' clubs of the city made a decided improvement in many backyards and lanes.

The leaders of the groups are well pleased with the progress made by the youthful inspectors. It is believed that there are more than 1,500 places which had been eyesores for many months, and in some cases years, that have now been cleared of rubbish.

Today the senior boys, who have been enrolled as inspectors, will make their official tour of the city. It is not anticipated that they will meet with much opposition, as they have all been issued with permits, and the campaign has been advertised sufficiently to inform residents of the proposed inspection. As it is believed that the majority of citizens have heeded the requests to clean up, the leaders of the senior boys do not expect that they will have to order any citizen to clear away debris. If necessary, however, the city health officials will make an investigation.

Everyone so far met with has been greatly in favor of the campaign. The garbage department is working at top speed carting rubbish away to the incinerator.

Campaign Ends Saturday. By Saturday the clean-up yard in the city will have been visited, and it will also mark the closing of the greatest campaign in the history of London to make the city a cleaner and healthier place to live.

The groups engaged in this great community service campaign are: The Scouts, the Roman Catholic League, the Young Judea Club, the C. S. E. T. groups, the Boys' Naval Brigade, and the Y. M. C. A. boys. There are nearly 1,500 boys actively engaged in the campaign.

Proof of how fully the campaign has been advertised can be taken from the following conversation which took place Wednesday between a woman citizen and Lloyd M. Houlding, boys' secretary of the Y. M. C. A.: "Is that the garbage department?" "No, this is the Y. M. C. A.," replied the secretary. "Isn't that 341?" shot back the lady. "Yes," replied the amiable secretary. "Well, my yard has not been cleaned for six years, and I want you to send up some boys to do it."

"We'll do the best we can," stated the secretary as he hung up the receiver.

LABOR-U. F. O. SPLIT IN NORTH OXFORD WOODSTOCK, Nov. 2.—The I. L. P. at the convention in Hamilton, on Saturday, promised to support the local branch if a candidate was put in the field to contest the provincial by-election in North Oxford, in December.

A committee was appointed to wait on Premier Drury when the famous agreement between the U. F. O. and I. L. P. of North Oxford, by which the farmers were to support the Labor men in provincial elections in return for Labor's support of the U. F. O. in federal contests, will again be discussed with the premier. The farmers, it is claimed, broke their part of the agreement and now the Labor men threaten to give the U. F. O. opposition in the coming election.

Wm. B. Thornton, a highly respected resident of West Oxford Township, died this afternoon, aged 57 years. He was the only son of the late Joseph Thornton, one of the early pioneers. The deceased had farmed all his life and was prominent in the work of Methodist Church at Swaburg.

MRS. M. C. McFARLANE DIES. DENFIELD, Nov. 2.—The death took place today at her residence, Mount Brenin, of Mrs. M. C. McFarlane, formerly Campbell, wife of Dr. McFarlane. The funeral, which will take place on Friday afternoon, will be private. Interment will be made at Marl Cemetery.

"JESSIE" FEARS TRAP PREPARED FOR HER Inspector Winters Receives Third Letter From Alleged Mother. WINDSOR, Nov. 2.—(By Canadian Press).—"Jessie" has been told by the father of her twin babies that Windsor officials will not give her immunity from arrest should she cross the border from Detroit and tell her story, she told M. R. Winters, inspector of the Children's Aid Society, in a letter this morning.

"I have seen the man and he told me that you were laying a trap for me and will have me arrested if I come to Windsor. He told me that he was a friend of yours, and that you told him you would have me arrested," the self-confessed mother of the twins found in a suitcase on a ferry several weeks ago wrote in a letter received by Inspector Winters.

The letter was the third received from "Jessie," and the second in the last three days. As in the other two letters it gave no address, and was signed only "Jessie." All three letters were written in pencil on a cheap grade of tablet paper from Detroit.

## JAPANESE TRY TO ESTRANGE U. S. AND CHINA

Newspapers Print Manufactured News With Scare Headlines.

"FAKE" INSULTS TO CHINA

Picture Alarming Rapacity of America in Mexico and Philippines.

BY WM. PHILIP SIMMS.

[Copyright, 1921, by London Advertiser] WASHINGTON, Nov. 2.—An amazing attempt to come between the United States and China is now in full swing in Japan and, whatever its purpose, no falsehood is too bald to serve to this end.

Coming as the campaign does on the eve of the Pacific conference, Far Eastern critics are forced to the conclusion that certain powerful interests in Japan wish the Chinese to come to Washington doubting America's intentions.

In much of the anti-American propaganda it is plainly stated that the United States is using China merely as a tool and that China's sole hope is to crush her lot with Japan, the only true friend the Flowery Republic ever had.

Terrible America! "In Hawaii," the Yozodzu says, "America caused disturbances to the monarchical reign. The form of government was changed into a republic, then was annexed by America."

"In the Philippines, America assisted the revolutionaries against Spain, then occupied the Philippines."

That troubles do not cease in Mexico is due to the manipulations of America.

"America assisted the revolutionaries in India and adopted a similar course in Korea."

"In China America tries to alienate one set of Chinese from another set. Then she tries to alienate Japan and China. But if the two countries only maintain their friendship, America will not be able to satisfy her ambitions."

"America only wants Japan and China to quarrel, so that she herself may reap the benefit while the quarrel is going on. So long as China is agitated she will come under the sway of the white man."

"China has been practically partitioned. Part is under French influence, part under British, and part under Russian. America tries to invade somewhere so invests money in railways and oil fields and tries to occupy the means of communications between Kalgan and Urga."

Use "Sweet Language." "The Chinese are often deceived by the Americans who use sweet language. They may think that America is benevolent to China, but the proof that America is not is found in the maltreatment of the Chinese in America."

"Many Chinese who dug gold in California in early years were murdered after they had saved money."

"A kind-looking American suggested to the Chinese that they deposit their money with him. When his suggestion had been taken he killed all the depositors and became a rich man."

"That is the true American mind. 'Mexico has had much of her resources stolen by America. 'China is following Mexico's suit and is becoming a victim of America's ambitions."

The poor Chinese! While believing they are wise they are taking most foolish steps. "The Chinese neighbors are very sorry for the Chinese indeed."

U. S. "Insults" China. "The Japanese press scare-headed the fake 'news' that China had been insulted by President Harding in the matter of invitations to the Pacific conference, and might withdraw from all participation."

I was in Peking at the time, in touch with Chinese Government officials. The story was branded as absolutely false. Two weeks later, in Japan, I read this, out of the Nichi Nichi, an Okuma paper:

"The Chinese Government is dissatisfied by the inclusion of China in the program presented by the American Government in the same category as Siberia and the South Sea Islands. America invited China as a witness. The conference proper will be conducted by five powers alone."

"America's program is her own, but if other powers should adopt it, China will be obliged to stay out of the conference if she does not like the decision."

Count Okuma was prime minister of Japan when the famous "21 demands" were made on China. It was under him, too, that the ultimatum of May, 1914, was delivered to the Flowery Republic.

A Chinese Government official with whom I was travelling smiled when he read of the "insult."

"The Japanese lack a sense of humor," he said, and laughed.

ST. THOMAS GROWS; POPULATION 17,892

Added One Citizen Each Week During Year 1921.

ST. THOMAS, Nov. 2.—The population of St. Thomas grew 52 during the last assessment period, or one for every week of the year. The number of people now within the city limits as found by Commissioner Freck, is 17,892, or a thousand or so over the official census recently made by the Federal Government.

No. 1 ward had an increase of 14; No. 2, a surplus of 2; No. 3, 29; No. 4, remained stationary; No. 5 had 2; No. 6 went up 5. In the nearby suburbs there are from 1,500 to 2,000 residents. The total assessment is \$14,024,055, an increase of \$1,054,292 over that of last year, although building operations were practically at a stand-still.

NOV. 11 NATIONAL HOLIDAY IN U. S.

WASHINGTON, D. C., Nov. 2. — Armistice Day, Nov. 11, will be declared a national holiday, in honor of the "unknown soldier" of the United States to be buried that day in Arlington Cemetery.

BORDEN WILL HONOR UNKNOWN U. S. SOLDIER

OTTAWA, Nov. 2.—(By Canadian Press).—Sir Robert Borden, who is in Washington for the purpose of attending the disarmament conference, will place a wreath on the grave of the unknown United States soldier on behalf of the Canadian Government.

## Claims Importation of Canadian Cattle Is Detriment to Britian

LONDON, Nov. 2.—(Canadian Press Cable).—The council of the Royal Agricultural Society of England at their meeting today discussed the report of the Royal Commission on the importation of store cattle from Canada, and expressed decided opposition to the findings of the commission.

Lord Northbrook proposed, and Lord Strachie seconded, a resolution which was adopted, expressing the council's grave concern at the findings of the commission, and recording that the council was more than ever convinced that any alteration in the diseases of animals act of 1856 would eventually be detrimental to the production of home-grown cattle, and consequently to the fresh meat supply of this country.

A Norfolk farmer who said he came from a county that was wholly arable, declared that whereas a few years ago he had thought Canadian cattle were useful to him, he had since changed his mind, knowing perfectly well that his mainstay was the English breeder and that the importation of a few Canadian cattle would be of no benefit.

## Heckler Challenges Truth of Crerar's Census Return Plea

CHARLOTTETOWN, P. E. I., Nov. 2.—(By Canadian Press Staff Correspondent).—A heckler made his appearance when Hon. T. A. Crerar, leader of the National Progressive Party, spoke in Charlottetown tonight, closing his Prince Edward Island campaign.

Mr. Crerar had been outlining his fiscal views. He had said that 750,000 Canadians had emigrated to the United States within the last ten years, when a voice sharply called from the rear of the hall:

"That's wrong; tell the truth, Mr. Crerar; tell the truth."

"What I am saying is correct," Mr. Crerar sharply replied. He continued that the census returns would show that Canada had now only a population of 8,500,000.

"You don't know yet," the heckler again interposed. "That's your story," Mr. Crerar replied. "It is not my story," warmly rejoined Mr. Crerar. "I have made the statement before and challenged Mr. Meighen to deny it, but he has not done so; and I don't make statements I can't back up. The returns kept by our immigration department do not show that many people have left Canada. But the United States figures show that within the last ten years, 750,000 persons left Canada for the United States."

At this point there was an outburst of cheering.

"Well, what did they go for?—Did they go for free trade?" the heckler questioned.

Mr. Crerar: "If you want to discuss these questions I shall be very glad to have you come on the platform; but I will tell you one reason why they went. They went because we have had a fiscal policy that prevented prosperity in this country."

The heckler: "What did they have in the United States? What policy built up the United States?"

By this time considerable hubbub had developed and there were shouts from the body of the hall that the heckler should "shut up."

EX-SOLDIERS MAY HAVE CANDIDATE

Brantford Veterans Urged To Register—Number Over 3,000.

BRANTFORD, Nov. 2.—"If a fourth candidate is put in the field here he will be a returned soldier," President J. P. Shute of the local G. W. V. A. stated today. The local veterans' organization is urging all returned men to register, and a notice in the candidate reads: "Comrades, look after your vote, then you can look after those who did not look after you. Your only chance left we forget."

Registration is progressing slowly. There are about 3,000 returned men in the city and it is believed in some circles that if an independent candidate were put in the field the soldiers and their families could pile up a big vote. Three candidates have been named so far, one an independent Liberal, another a government man, and a third a Labor U. F. O. man.

NOT GUILTY OF NEGLIGENCE, BUT MUST PAY COSTS

WINDSOR, Nov. 2.—Charged with wilful and wanton negligence, Peter Kolody, Ford, restaurant proprietor, this afternoon was found not guilty by Magistrate Gundy, who ordered him to pay the court costs, amounting to \$29.75.

Kolody was the driver of the automobile that knocked down Jerry Mufferton, Amherstburg, who had three ribs fractured and other injuries. Mufferton has since died from natural causes.

Magistrate Gundy held there was no evidence to warrant a conviction, but scored the accused for leaving Mufferton without either giving him assistance, or leaving his name and address and the number of his automobile license. Crown Attorney Urquhart stated that he will prefer another charge against Kolody.

ARREST 2 SUSPECTS IN N. Y. MAIL ROBBERY CASE

Jersey City Police Require \$5,000 Bail From Hoboken Men.

NEW YORK, Nov. 2.—Arrest of two men wanted by postoffice authorities in connection with the \$2,000,000 mail truck robbery on the night of October 24, was announced today by the police at Jersey City.

The men were taken into custody yesterday while driving a motor car along a city boulevard. They were recorded at Jersey City police headquarters as Michael Arbes, alias Rafaelo Derosa, and Frank Calabrese, both of Hoboken. They are being held in \$5,000 bail each on technical charges of being suspicious characters.

VISITS ROYAL FATHER'S TOMB. BELGRADE, Nov. 2.—King Alexander, who arrived here yesterday from Paris, visited the tomb of King Peter, his father, this morning. King Peter died while his son was ill in a suburb of the French capital.

Why Should You Follow A Crooked Path?

Often a cowpath has been allowed to become a village street, and as the village expanded, tradition has made the winding way an expression of a cow's will.

Habit is always forging chains to enslave us, so that what has been found bearable by the fathers is accepted by the sons.

As children, we were not permitted to drink tea or coffee, because it would stunt our growth or make us nervous and irritable. When older, however, we craved a hot drink with meals, and custom gave us our tea or coffee.

Finally, upon the instructions of the doctor, Mother gave up her tea and coffee. But that meant nothing in our young lives. Our vitality was then strong enough to throw off any ill effects.

But our time came, and we learned by experience that we could not drink tea or coffee. When we had it for breakfast it put our nerves on edge. When we drank it at the evening meal, we tossed about in wakefulness most of the night.

And then we found Postum, a pure cereal beverage, free from the harmful drug, caffeine, in tea and coffee. We liked the rich, satisfying flavor of Postum—and also the better health which resulted. And, too, we were surprised to find how many of our neighbors had made the same discovery—had learned the value of "health first."

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes. Sold by all grocers.

Postum for Health—"There's a Reason"

Made by Canadian Postum Cereal Co., Limited Windsor, Ontario

## DISCUSS ARMS PARLEY AIMS

British Commons Will Vote On Approval Motion Friday.

LONDON, England, Nov. 2.—A discussion of the Washington conference on limitation of armament and Far Eastern problems will take place in the House of Commons next Friday—in connection with a resolution presented by the Labor members "warmly approving of the conference." J. Austen Chamberlain, Government leader, announced today.

Sir Francis William Lowe, Unionist member from Birmingham, protested against such a discussion at this time because of the adverse effect it might have on the United States and other countries. Mr. Chamberlain replied that this point had been given most serious consideration.

"I indicated my doubts yesterday," continued the Government leader, "as to whether it was desirable to have the discussion, but since then I have considered the matter in consultation with the prime minister and the foreign secretary. We are in complete accord in our desire to see the Washington conference succeed, that the Government, confiding in the discretion of the House so to conduct the discussion that it will not prejudice the success of the conference, agreed to the discussion."

In reply to another question from the floor, Mr. Chamberlain said: "I presume it will be a discussion on the real purpose and essential object of the Washington conference, which is the reduction of armaments."

When asked whether the whole question of the Anglo-Japanese alliance could be raised in the discussion, Mr. Chamberlain said he did not think the discussion would cover that phase, adding: "I should deprecate as contrary to public interest any discussion of the kind indicated."

Protest Is Unavailing.

The objection of Sir Francis Lowe found considerable support, but nothing came of his protest.

The motion will be presented by John Robert Clynes, Stephen Walsh, J. H. Thomas, Arthur Henderson and Thomas Shaw. It reads:

"That this House warmly approves of the meeting of the international conference at Washington and trusts that a supreme effort will be made to arrive at such measures of agreement as will secure a substantial and progressive reduction of the crushing burden of armaments and prevent the exportation of munitions of war by private firms from one country to another."

In the interests of unity with the Labor party, it was decided to expunge from the motion that portion relating to "and prevent the exportation of munitions of war by private firms from one country to another."

MUCH INTEREST SHOWN IN DEAN'S CANDIDATURE

INGERSOLL, Nov. 2.—The interest that is being manifested here in the candidature of M. G. Dean, is especially pleasing to all Liberal workers. Organization work is being conducted with most energetic swing and the meetings have been very largely attended. The keen interest was reflected in the attendance which completely filled the new rooms at the Atlantic House. Arrangements have been made for another rally next Tuesday night, when it is expected a number of spectators will be heard.

More than the usual number of deer hunters are leaving this district for Northern Ontario. One party from the Jerseyville district consists of eighteen members and elaborate preparations have been made for the outing.

D. S. GIBSON NOMINATED. CAYUGA, Nov. 2.—At the Liberal convention in Cayuga today D. S. Gibson of Onondaga was nominated to contest Halliday County in the coming election and accepted. Major J. C. Toimie of Windsor addressed the meeting. A vote of regret at the death of Lady Laurier was passed.
