HINTS ON HOME PRESERVING

By Ann Proctor.

We are always glad to hear of something new, so I am going to give you the recipe of a most delicious relish for meats, which I tried for the first time a few days ago and can highly recommend.

Discard the seeds of, and grind quite fine, about one dozen medium-sized green peppers, putting them through the grinder twice. Drain off some of the juice and pack two cups solid with the ground peppers, using just enough juice to flood the cups level. Discard balance of juice. Put in a large kettle, add 6 1/2 level cups of sugar and 1 1/2 cups cider vinegar. Mix well and bring to hard boil. Set aside where it can keep hot for 20 minutes, uncovered, stirring occasionally. Bring again to a full rolling boil and boil for two minutes, remove from fire and stir in one bottle of concentrated fruit pectin. Skim and stir repeatedly for just five minutes after taking from fire, to cool slightly. Then pour quickly and seal hot. This relish sometimes takes a week to come to a full set.

I find the use of concentrated fruit pectin such a help in jam and jelly making at all seasons of the year. Peach jam made this way is simply delicious as the short boil retains the full flavor of the fruit.

Women Lose

less time, keep charm under trying hygienic conditions this new way

OLD-TIME sanitary methods bring unhappy, fretful days. Now the insecurity of the hazardous "sanitary pad" has been ended.

You wear sheerest gowns, meet every and all social or business engagements in peace of mind... any time, any day.

It is called "KOTEX"... five times as absorbent as the ordinary cotton pad!

Thoroughly deodorizes... thus ending ALL fear of offending.

You ask for it without hesitancy simply by saying "KOTEX" at any drug or department store. Cost only a few cents. Proves risky old ways a folly.

SALVATION ARMY HONORS MEMBER

Mrs. J. Norfolk Entertained At Farewell Supper—Leaving For Windsor.

In honor of Mrs. J. Norfolk, who for over 20 years has been the secretary of the League of Mercy in the London division of the Salvation army, a farewell supper was given for her prior to her departure for Windsor. The event took place at the Clarence street citadel.

Lieut. Col. D. F. McAmmond, head of the London district, presided over the occasion. Several speakers, including Mrs. F. Russell, Mrs. J. Vandenberg, Capt. Rita Dickson and Mrs. (Col.) McAmmond spoke highly of the services Mrs. Norfolk had rendered the Salvation army.

Solos were sung by R. Sheppard, Mrs. Adjutant Spooner and L. A. Greene. Mrs. Norfolk submitted the financial report of the League of Mercy which was unanimously adopted. Afterwards she was presented with a handsomely bound Bible by Mrs. Dickson, serg.-major of the league. In being secretary of the league in this city Mrs. Norfolk was largely responsible for the success of its operations. Its work mainly consisted in the visitation of hospitals, jails, rescue homes and similar institutions. During the past year, it was pointed out by one of the speakers, the league had distributed free of charge 6,000 copies of the War Cry, official publication of the Salvation army.

MCINTYRE—YOUNG.

Sarnia, Oct. 1.—The home of Mr. and Mrs. J. H. Young, London road, was the scene of a pretty wedding Saturday, Sept. 25, when Rev. C. E. Craig united in marriage their daughter Jennie Mae to George Leslie McIntyre, son of Duncan McIntyre of Sarnia.

Promptly at 1 o'clock, to the strains of Lohengrin's bridal march, played by Miss Bessie Young, sister of the bride, the bride and groom took their place before a bank of flowers.

The bride, who was given in marriage by her father, looked charming in a gown of white satin with pearls and white stiletto shoes. She wore the customary veil and orange blossoms, and carried a bouquet of roses and lilies of the valley. Her only ornament was a diamond cluster ring, the gift of the groom.

Miss Laura McNeill, as maid of honor, wore jade green hat and crepe and lace. Miss Ella Young, sister of the bride, as bridesmaid, wore a honey dew crepe de chine and ostrich trimming. Both carried Columbia roses.

The groom's gift to the pianist was a harp; to the bridesmaid, an onyx bracelet set in rhinestones; a silver bracelet set in rhinestones; and to the best man, a scarfpin.

Horlor, son of Mr. and Mrs. Frank Horlor, this city, were united in marriage. The ceremony was performed by Rev. Dean Stanley, rector of the cathedral.

The bride, who was given in marriage by her father, looked lovely in a simple frock of poudre blue with a simple brooch of poudre blue with a simple brooch of Premier roses.

Miss Katharine Webb was her sister's bridesmaid, while Mr. Frank Horlor, brother of the groom, acted as best man. During the ceremony, Ave Maria was beautifully rendered by Miss Josephine wedding breakfast was served at the home of the bride's parents, 592 Talbot street.

Smith, niece of Mr. and Mrs. J. Newton, 72 Alma street, became the bride of Mr. Henry Wallace Stokes, son of Mr. and Mrs. Charles Stokes, Jaffa.

DOMINION BOARD TO CONVENE HERE

Anglican W. A. Will Hold 1926 Annual Convention in London.

The Dominion board of the Anglican Women's auxiliary will hold its annual meeting in this city in 1926. This will be the first time in nearly 20 years that such an honor has come to the church women of this city. The interesting news was brought back by Mrs. David Williams, honorary president of the Huron diocese, editor of the W. A., from the 1925 Dominion board meeting held in Vancouver in September.

It is expected some 250 women will attend the sessions and the hospitality of the women of the city will do much to make the meeting, which will probably be held in September, a success.

A competition of an unusual nature is one of the new plans adopted by the Dominion. This is for the benefit of the girls' auxiliaries throughout Canada, and comprises the making of layettes. After the competition these will be of use for the girls of the missions and it was thought that competition would encourage an interest in homemaking among the girls.

Reports of the Dominion board meeting will form an interesting part of the program for the Huron diocesan semi-annual meeting, which is to take place in Stratford on Oct. 28. Mr. V. C. Spencer of Japan will be the chief missionary speaker.

WHAT IS EVAPORATED MILK?

While the use of evaporated milk is general all over Canada, occasionally the query is made, "What is evaporated milk?" Evaporated milk is milk from which the water has been removed by evaporation. (Fresh milk is 87 per cent water.) Nothing is added to it. Nothing but water is taken from it. This concentration makes it more than twice as rich as ordinary milk. After it is thus concentrated it is exposed to the air and therefore is subject to bacterial contamination. In the course of time the numbers of such bacteria increase and their action on the milk causes it to sour. Evaporated milk is concentrated at plants in the country within a few hours after it is drawn from the cow. When a can of evaporated milk is opened, the manufacturer's putting his brand on it, as Borden's St. Charles Milk, for example, is subjected to attack by the bacteria which destroy its freshness. (Milk, when it comes from the cow, is exposed to the air and therefore is subject to bacterial contamination.)

Discarded Clock Alarms Officers

Wallaceburg, Oct. 1.—On Wednesday afternoon local police officers were summoned to the Central bridge under which it was believed there was an "infernal machine" carefully secluded in an old suitcase, and which could be plainly heard to be ticking away merrily. The two officers in question, went cautiously to the scene, carrying with them an abnormal amount of courage, and upon any interference with the "bomb." After due consideration and with an abnormal amount of courage, one of the officers opened the suitcase, and exposed to the view of the lookers on, who remained at a distance, an old alarm clock which had refused to stop ticking after being precipitated to the depths. It is presumed that during the removal of the household belongings from the Tecumseh Hotel close by, and which has just changed hands, the suitcase containing the old clock together with other rubbish, had been thrown over the bridge.

Don't risk another failure with your Jams and Jellies

THERE is no reason today for holding your breath while you wait to see if your jam or jelly is going to set.

When you use Certo there is not the slightest chance of failure.

For Certo is itself the element that makes fruit jelly—taken from the fruits that are richest in it. Some fruits never have this jellifying property; in all fruits it grows less as they ripen. So you've often had bad luck before with fully ripe fruit.

But good luck is sure every time when you add Certo. You can use the luscious ripe fruits now.

And you only need to boil the fruit one minute. Think how much time Certo saves you.

Think how much fruit juice it saves you, too, that used to boil away during the long old-fashioned "boiling down." With Certo you make half again as many glasses from your fruit.

Order Certo today from your grocer. A booklet with each bottle gives nearly 100 recipes for delicious jams, jellies and marmalades. Douglas Packing Company, Ltd., Cobourg, Ont.

One minute's boiling is all the fruit needs when you add Certo.
