Ayer's Sarsaparilla,

to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellowcitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, UL-CERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREAUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising

from Impurity of the Blood. This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no tasting healt'. Sooner or later somethi must go wrong, and the great machinery of life

Sarsaparilla has, and deserves much the r tation of accomplishing these ends. But the world has been egregiously deceived by preparaions of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be con-centrated extracts of it, contain but little of the rirtue of Sarsaparilla, or any thing else. During late years the public have been misled

v large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this apound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to ecure their complete eradication from the sys tem, the remedy should be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be re-lied on to do for their relief all it has ever been found to do.
