LOCAL PULPWOOD FIRM SIGNS HUGE CONTRACT WITH AMERICAN MILLS

O. J. Klein of the Klein Transportation Co. Secures Ten Year Contract Of 200,000 Cords For American—Bulk of This Wood Will Be Cut In Northern N. B. and Along Gaspe Coast.

An announcement of considerable interest and one which some believe is the harbinger of a new era in the pulpwood industry in this part of the country, came from the local office of the O. J. Klein Transportation Co. this morning. During an extended trip to New York and through the Eastern States, Mr. Klein, who has been in the business of transporting pulpwood for many years, has secured a contract with American Mills in the vicinity of Waterville and Orono for the supply of pulpwood. This contract, which is for a period of ten years and calls for the shipment of 200,000 cords per annum, is understood to be the largest ever made in this part of the country. It is further announced that this wood will be cut on land owned by the Klein on the Maine Coast and also by purchase from settlers in that territory and along the Gaspe and Northern New Brunswick coasts. It is further announced that the O. J. Klein Transportation Co. has been chartered to transport this wood to the mills in Maine and New Brunswick, and to a terminal which is now under construction on Lake Umbagog.

The shipment of this pulpwood will be a good thing for the pulpwood industry in this part of the country, for it will give the pulpwood shippers a new and profitable outlet for their product. It will also give the pulpwood shippers a new and profitable outlet for their product. It will also give the pulpwood shippers a new and profitable outlet for their product.

URGERS LEADERS TO CONTINUE WITH ATHLETIC MOVEMENT

Call To Citizens Meeting Last Night Drew A Mere Handful But Those Present Strongly Urged Renewed Efforts—Member-Ship Campaign To Be Launched—Trustee Board Appointed.

If the opinions expressed by the men present at a meeting held last night in the Town Hall are indicative of the feeling of citizens generally, it would seem that the rate payers of Campbellton are behind the Athletic Club and its aims had been a constant topic of discussion everywhere and a subject of much interest, and added that he could see no reason for discouragement. He spoke in favor of the idea of an open air rink if such could be arranged for with the aid of light and water from the town and also stated that it should be possible to secure some sort of building for the winter where the club members could enjoy a little indoor sport such as basketball, etc.

Councillor Belle Isle spoke next. He declared himself heartily in sympathy with the sport movement, and added that he would be very glad to see the matter moved. He referred to the uphill work of the sport promoters so far but added that the difficulties encountered should tend to better equip these leaders for more successful efforts in the future. He urged the executive to undertake the work of securing members and predicted that there would be a general willingness to join and boost the undertaking along.

Mr. C. S. O. Crockett was the next to advance his views. He stated that he did not think there was anyone inclined to "back" the Athletic Club and stated that he felt it was rather a matter of how much money could be raised. He suggested that a committee be appointed from each ward to make a canvass of the town. Mr. Donald McLean spoke next in favor of this movement on behalf of the young people and expressed the hope that the undertaking would be carried through to a successful issue.

Despite the strange conduct of the present season and the failure of the weather-man to govern meteorological events in the accustomed order, local merchants have not been neglectful of the advent of the Christmas season, and much evidence of extensive preparations for the annual Yuletide trade is now apparent everywhere.

All the larger mercantile houses now assuming their Christmas dress and stores along the two main streets as well as others in various parts of the town are taking on something of that undefinable, yet unmistakable atmosphere which is inseparable from the Xmas season. Express Company employees and truckmen are busy people these days for shipments of new Christmas stock are arriving or en route for storekeepers here. Owing to the continued mild weather of the entire fall the usual rush for winter goods has so far apparently been postponed but local shop-keepers and their assistants are as busy as the proverbial ant in unmaking, and sorting out new goods and making the necessary preparations for the busy days that soon will follow. Judging from the visible preparations already made, the store windows this year promise to eclipse in attractive decoration and harmonious color those of any previous year. Many of them are a real achievement in artistic window-dressing.

To put up a good front is obviously essential in retail trade but to back this up with the "real goods" is equally necessary. In this the merchants of Campbellton cannot be accused of bluffing. The large and varied stocks of new Christmas goods are sufficient to dispense with even a suspicion in this connection. From what we have observed in our rounds about town, the large and varied assortment of merchandise on hand for the Xmas trade, evidently equal in style, quality and price those to be seen in the larger commercial centres. Briefly it would seem that, if you can't get it at Campbellton, you can't get it anywhere.

Mr. L. A. Gilbert next expressed his views. He emphatically stated that he was sure the people of Campbellton wanted this movement to be a success. He declared that for several months past the Athletic Club and its aims had been a constant topic of discussion everywhere and a subject of much interest, and added that he could see no reason for discouragement. He spoke in favor of the idea of an open air rink if such could be arranged for with the aid of light and water from the town and also stated that it should be possible to secure some sort of building for the winter where the club members could enjoy a little indoor sport such as basketball, etc.
