**P. PATERSON & SON,**  
17 King-st. East.

Received the highest awards for purity and  
excellence at Philadelphia, 1876; Canada,  
1876; Australia, 1877; and Paris, 1878.

Prof. H. H. Croft, Public Analyst, Toronto,  
says, "I find it to be perfectly sound, contain-  
ing no impurities or adulterations, and can  
strongly recommend it as perfectly pure and a  
very superior malt liquor."  
John R. Edwards, Professor of Chemistry,  
Montréal, says, "I find it to be remarkably  
sound also, brewed from pure malt and hops,  
and of a superior quality, and compares with the  
best imported ales. I have also analyzed the  
Porter XXX Stout of the same brewery, which is  
of an excellent quality; its flavor is very  
agreeable, it is a tonic more energetic than the  
above ale, for it is a little richer in alcohol, and  
can be compared advantageously with any im-  
ported article."

**PROHIBITION  
EXPLODED!**  
Temperate People say they can-  
not do without it.

**EDISON  
INCANDESCENT  
ELECTRIC LIGHT!**  
What Users Say Regarding It:

Mr. RICHARD WHITE of The Gazette Print-  
ing Company of Montreal writes: "Light has  
been running for over eighteen months without  
interruption; all entirely satisfactory; all your  
advice followed."  
Mr. ANDRÉ GRANT of The Grand North-  
west Electric Company of Montreal writes:  
"I am very much pleased with your incandes-  
cent electric lights. They are giving general  
satisfaction to all our staff, who prefer them to  
any other light. Clean, safe and brilliant."  
Mr. G. B. HALL of Messrs. Hall, Nelson &  
Co., Three Rivers, P.Q., writes: "I am much  
pleased with the lights, and as far as I have  
been able to see, they are the best."  
The Secretary-Treasurer of The Globe Print-  
ing Co., Toronto, writes: "The lights are per-  
fectly satisfactory. I do not think our directors  
would be willing to go back to gas even if they  
obtained it free of charge; I know I would not."  
The Montreal Cotton Co., Valleyfield, writes:  
"The Edison lights have given us the best of  
satisfaction. We have a thousand lights and  
during the last year have paid for 1500  
pounds to replace those burned out, or an aver-  
age of 50 yearly. The cost for labor to run the  
dynamos is nothing, because the man who  
adjusts the weights and shifting attends to  
them."  
The Chief Engineer of the Canadian Pacific  
Railway Company's steamers writes the case  
of Edison lamps reasons to be the best of  
satisfaction. A 25 candle power lamp in the Globe office,  
Toronto, burns a full hour, and a 15  
candle power lamp in the Montreal Post office  
burns a full hour.

4th—1 The next 10, 50c each.  
Any person may have any number of times for any  
of these collections.  
If three extra is sent, I will send in April  
a copy of the names of all persons who are en-  
titled to the gift.  
As a direct investment this will cost you, but you  
will be able to introduce my stock, and build up a  
small, but profitable, business, and do it all with-  
out any expense, and you will be able to do it all  
with the United States or Canada, either by mail,  
express or freight, at about one-half the price charged  
by other New York agents. Send me a  
copy of this paper, and I will send you the  
names of the agents, and address all letters  
to  
J. LAMBER,  
New York, N. Y., U.S.A.
