

JACK HANLAN IN HARD LOCK.

HE IS REFUSED A LICENSE FOR HIS BILLIARD HALL.

The City Will Have to Settle the Damages Caused by the Billiarder of June, 1932.

When the Property Committee met yesterday afternoon, the members present were: Ald. Crawford (chairman), Hewitt, Jolliffe, McMurich, J. E. Verral, Hill, Hollan and George Verral.

The principal topic of discussion was the application of John Hanlan for a billiard hall, shooting gallery and eating-house license.

License Inspector Aude and Inspector Stephens informed the committee that Mr. Hanlan had been convicted seven times last year and three times this year for selling liquor.

All Hanlan said there was a great deal of drunkenness at the Island week day evening. Inspector Stephens blamed it on the clubs, and Mr. Hanlan said people brought over liquor from the city, and that the worst offenders were women.

The committee decided not to grant a license. When the committee realized that this decision virtually meant the closing of the hotel, an attempt was made to get the matter, but Chairman Crawford would not permit it.

Tenders for coal were opened and awarded to the Standard Coal Company at large egg \$3.15, small egg \$3.28, soft coal (Steeplechase) \$3.15, hard wood (long) \$4.49 per cord, hard wood (cut) \$4.85.

A letter was read from the City Solicitor stating that the city had no power to authorize the sale of dogs taken by the dogcatchers.

The City Mayor said that it is rumored, to abandon its defense in the numerous suits for damages caused by the flooding of cellars during the big rainstorm of June, 1931.

The City Solicitor is talking about issuing a writ against the Toronto Railway Company for \$71,130 for cleaning the snow from the car tracks last winter, and for \$10,877, which is claimed in due the Works Department for inspecting the laying of the tracks in 1932.

During this month building permits were issued amounting to \$2,100,000. For the corresponding month last year the amount was \$254,350. For the year the total is \$1,040,480, against \$1,706,100 in August, 1932.

Tenders were opened by the Board of Works yesterday for the construction of a jetty on the west side of the city, at the east end of Ashbridge Bay. John Cole was awarded the work at \$18,750. There were four tenders, the highest being \$20,800.

Will Excise All Other Buses. Toronto's Own Fair Will Be Greater and Better Than Ever.

Everything is now in readiness for the grand opening next Tuesday. The new stables and cattle sheds are all ready for occupancy.

The carpenters are busily engaged on a new extension of machinery hall, to take the place of the hall which was destroyed by fire Sunday evening.

The special attraction program is now completed, and the most beautiful and best of the city's new features on the champion dog show this year will be given more than 100 minutes as over 700 champion canines have already been entered.

Several large manufacturing firms from New Brunswick are preparing special exhibits, part of which arrived here yesterday.

The association have taken great pains to arrange the exhibits in a much more compact form than in former years. In fact, things in and around the grounds have been completely transformed and now present a new and attractive appearance.

Dear Sir:
