

IMPORTANT

Sale of Horses!

IN TORONTO

On February 9th, 1888.

The sale will take place at "TODMORDEN," three miles north of Toronto market.

MY LORD, bay, white face and legs, weighs 1940 lbs., foaled 9th May, 1883; bred by John Kerr, Glengyre, Stran rear, sire, Blue Ribbon (1961), Vol. 5; dam, Lovely, of Glengyre (4717), Vol. 8, by Abbey Prince (2), Vol. 1.

SIR VERNON (4726), brown, star on face, two white hind pasterns; weighs 2000 lbs.; foaled 23d April, 1881; bred by John McWilliam, Kildrochat, Stony Kirk, Stranraer, Scotland; sire, Blue Ribbon (1961), Vol. 5; dam, Maggie of Kildrochat (2760), Vol. 6, by Merry Tom (536), Vol. 1; g. dam, Maggie, by Young Clyde (944), Vol. 1.

EDINBORO TOON, a rich dark brown stallion, 10 years old, by Prince of Wales, dam, a celebrated shire mare. Same horse took first at Markham show three years ago, against 17 competitors, and first prize at county of Peel twice, against 15 competitors; a sure foal getter.

DANIEL (2715), foaled 20th June, 1880; color, bay, mark on face, white hind feet; bred by John Howatson, Tulwood, Stewarton, Ayrshire; sire, Beaconfield (1942), Vol. 5; dam, Old Maggie (2355), Vol. 6; sire of dam, Champion (1090), Vol. 2; g. dam, Darling; sire of g. dam, Rob Roy (714), Vol. 1.

PRINCE OF KILBRIDE (1268), Scotch Stud Book, a fine, stylish, broad set Clyde stallion, 11 years old, one of the best stock in Canada to day, and a remarkable sure foal getter, sired by Heather Jack (1156); 1st dam, Lofy (461); 2d dam, Champion (1091).

All the horses are Imported Clydesdales, with the exception of "Edinboro Toon," who is an Imp. English Shire Horse.

FOR SALE.

ALLEN'S SHORTHORN HISTORY BY HON. L. F. ALLEN.

The only work of its kind in existence. FOR SALE AT THIS OFFICE. Price, \$3.00, post-paid, or will be sent to any one forwarding us ten subscribers to the JOURNAL for 1888 and \$10.

STRAW CUTTERS. ROOT CUTTERS. GRAIN CRUSHERS.

This cut represents our 'Roller Process' Grain Crusher. Same in principle as rollers now used in the best equipped and most modern grist mills. Will crush from 25 to 60 bushels per hour, according to the sort of grain and power used. Is cheaper in first cost and to keep in running order than any other sort of crusher or grinder. No plates to renew every two weeks. Nothing about it to wear out within ten years. Perfectly built, of best material. No farmer who has one would be without it, or exchange for any other more expensive machine. Save cost of grinding at mill and toll.

The New 'Reversible' GORBIN DISK HARROW No. 30.

THIS HARROW has been perfected the past season. It turns the soil EITHER TOWARD THE TONGUE OR AWAY FROM IT. It is also arranged so that ONE GANG WILL WORK AHEAD OF THE OTHER, THE CENTRE DISKS BEING ONLY FIVE INCHES APART, IT LEAVES NO CENTRE RIDGE, AND ALL THE LAND IS CULTIVATED.

IT ALSO TAKES A SEEDER.

This is the only Disk Harrow that can be used in Hop Yards and Vineyards.

The past season has shown the great superiority of the Corbin over all competitors. It is constructed on the best principle. It is strong, durable, convenient, and is in no sense a "short lived experiment." No implement of its kind will do so much work, with a given horse power, and none can be applied to so many uses.

To the thinking farmers of Canada, who are on the lookout for better and cheaper methods, and are not familiar with this harrow we may say that it is strongly recommended by such authorities as Professor Wm Brown, of Guelph; Mr Thos Shaw, of the JOURNAL, and Mr. Wm. Wells, of the Advocate. Drop a card for fuller information.

THE ST. LAWRENCE MANUFACTURING CO.,

(Mention this paper.) PRESCOTT, ONT.

CATTLE AND THEIR DISEASES

By A. J. MURRAY, M. R. C., V. S.,
