FURTHER ITEMS OF NEWS -A very severe carthquake recently occurred in Louisiana, extending along the coast. Professor Norton of Massachusetts, an emment scholar, is dead. The Siamese twins have eleven children and two of them were with them lately in Toronto . It is said the German Governments are getting planned at the mimense emigration leaving their shores for America. A great riot occurred in Somerset, Ohio, between Welch & Co's Circus dately in Toronto and some Irishmen, several parties were killed. A number of Irish laborers arose and were about to attack the showmen, when militia men were sent for, and the riot was put down, 11 of the Irish being shot ... A number of horse thieves have been arrested to the north about Sharon, and are in jail. It is said some farmers, heretofore bearing a good character, are implicated. JOHN B GOUGH IN GREAT BRITAIN .- Notwithstanding his well known reluctance to appear as an advocate of the temperance cause "in logical and argumentative Britain," Mr. Gough has fully met the high expectations which were entertained of him Our exchange, and other papers we have seen, abound in full and glowing descriptions of his addresses, showing very clearly that phlegmatic John Bull can be excited to the highest enthusiasm, even to shouts of applause, waving of hats, hand-kerchiefs, &c. His friends have good reason to be alarmed, for it is evident that he is again overworking himself; and we do earnestly implore our trans-Atlantic brethren to be more merciful in their demands upon his strength. After leaving Leeds he went to Darlington, where he spoke in a marquee b fore two thousand individuals; thence he went to Scarborough on the 19th Aug., to Newcastle-on-Tyne on the 22nd and 23rd; thence to Galashiels, Garrhead, Paisley, and on the 1st Sept. he made his second address in the City Hall of Glasgow, which is said to have been "crowded to the ceiling," the tickets to which were all bought up on the preceding evening. We have it on good authority that our New Jersey friends are doomed to disappointment in their well-founded hopes of his services during the coming October, for he has been prevailed upon, contrary to his wishes, to remain some time in England and Scotland, where his labours have already been so signally blessed -N.
