

TOWNS.	Generators installed.	Number discontinued.	Number in use.	Period of Use.	Capacity in Lights.	NUMBER OF ACCIDENTS.	ADVANTAGES.	DISADVANTAGES.	REMARKS.
Edmonton, Alta.	3	0	3	1 year	30, 30, & 20 lights.	Slight explosion.	Cheapness & good light.	At times shortage of carbide, and being so far away has caused loss of light for short period.	
Exeter, Ont.	1	0	1	2 years.	20 lts.		Cheapness & white light; pay for what used only.	Odor, danger, dust deposit, ghastly light. Attendance, first cost, trouble installing.	
Fenelon Falls, Ont.	2	1	1	9 & 6 mos.	15 or 20 lts.	None.	Can't establish any claims in favor of acetylene gas.	More expensive, troublesome and dangerous.	One party returned machine after 3 mos. use. Wanted Electric Light at price of coal oil, so tried Acetylene for spite.
Florence, Ont.	1	0	1	6 to 8 mos.	50 lts.		To get even with the monopolists, the gas and electric companies.	Too expensive.	A small Plant is being put in a tavern, which will make 3 installed.
Frelighsburg, P.Q.	1	0	1	1 year.	5 to 20 lts.			Users do not say.	
Galt, Ont.	2	1	1	6 months and 1 year.	10 or 12 lts. each.	None.			
Gananoque, Ont.	3	1	2	1 year.		One explosion caused by looking for leak in generator with lighted candle; man badly burned.	Light on dark days when no current is generated in day.	Cost, bad odor, danger of explosions, time and trouble looking after generator.	One party has come back to electricity. One party uses electricity in his workshop.
Glencoe, Ont.	3	0	3	5 months.		None, although one is said to have had a narrow escape.	That they would be cheaper.	Numerous; when doors of store are opened, the lights are blown out as many as 8 and 10 times in one night when high winds prevail; disagreeable odor from gas escaping.	One of the parties asked my electrician what we would take and put in Electric Lights. They were frozen up for a week during the cold weather.
Georgetown, Ont.	1	0	1	Over a year.	16 lts.	None.	Cheaper than electricity.	Bad odor and dangerous.	
Grand Valley, Ont.	3	0	3	2 years.	20-16 c. p.		They have the light when they require it.	Much trouble with it.	Don't think they'll last.
Grimsby, Ont.	2	0	2	7 or 8 mos.	40 to 50 lts. each.	Explosion in church; burned parson's face.	Cheapness of light, only means accepting kerosene oil.	No cheaper than Electric Light, dangerous, more trouble and care, and not as sure.	
Hatley, P.Q.	1	0	1	6 or 8 mos.	20 lts.	None.			
Holstein, Ont.	1	0	1			Explosion; burned face of young man.	Nothing said as to advantages.	Bad odor. No cheaper than gas or Electric Light.	Some other contracts taken but not erected. Agents guaranteed too much, probably.
Ingersoll, Ont.	2	2	0			None.	Claimed cheaper than elec. light.	Think parties would not have it installed again.	Firm very jubilant at first, but owing to expense of carbide and danger of explosion, do not say much about it. Electric Company been asked to wire Post Office building to be built this summer.
Kentville, N.S.	1	0	1	1 year.	10 lts.	None up to date.			Parties talking of putting it in on account of its being cheaper than Electricity.
Louisburg, C.B.	1	0	1	3 mos.			Prefer it to coal oil; no chance to electricity.		
Lachute Town.	1	0	1	1 year.	40 lts.	One; plumber repairing leak; gas came in contact with fire, causing explosion.	Cheapness of cost of lighting.	Danger of life and property from explosions which may occur at any time.	The party who has this Plant installed narrowly escaped with his life; badly burned about the face. Think Plant will be discontinued.
Lakefield, Ont.	2	1	1	8 mos.	40 lts.	None.	Sore heads.	More explosive than electricity. Trouble, expense and risk.	One party who discontinued Acetylene Gas has installed Electric Light; other two who discontinued always had Inc. Lts. User is agent for Acetylene Gas; other users have grievances against Elec. Co.
Lindsay, Ont.	6	3	3	6 or 8 mos.		None.			
Listowel, Ont.	2	2	0	4 & 12 mos.		Reported explosion, but denied.	At first better light and cheaper.	Now not so cheap. An everlasting bother and unsafe.	No Electric Plant here. Gas has been a benefit to Electricity.
Londesboro, Ont.	1	0	1		16 lts.			Give considerable trouble.
