"ST. AUGUSTINE" Sacramental Wine.

The REV. DR. COCHRANE writes:— BRANTFORD, May 23rd, 1895.

Messrs J S Hamilton & Co GENTLEMEN.—The St. Augustine Wine used in my own church on sacramental occasions, as well as in many other churches, I have always heard spoken of in the highest terms and is admirably suited for the purpose. Its deservedly high reputation for purity can be relied upon. The unforgotten grape juice also commends itself to those who prefer that the wine should not be fermented and should have a large and increasing sale in our Presbyterian and other Churches.

NERVOUS HEADACHE.

A TROUBLE THAT RENDERS THE LIFE OF MANY WOMEN MISERABLE.

A Sufferer for Twelve Years Whose Trouble was Aggravated by Kidney Disease Tells How to Regain Health and Happiness.

From the Smith's Falls Record.

Since the Record began to publish accounts of the cures by the use of Dr. Williams' Pink Pills, its representatives have found that half the wonderful cures effected by this medicine have not yet been given to the public. Women as well as men who have found relief are eager to let the facts be known for the benefit of other sufferers. Among them is Mrs. James Cotnam, of the township of Wolford.

SUFFERED FROM SEVERE HEADACHE.

The lady referred to was for twelve years a constant sufferer from nervousness, headache and kidney trouble. Having read so much about Dr. Williams' Pink Pills she determined to give them a trial. Their use for a short time brought a great improvement, and after taking them for about a month the nervous headache and kidney trouble left her. The degree of thankfulness felt by one who receives such benefits as the above can better be imagined than described. Here are Mrs. Cotnam's words: "If you could only know or if I could but tell of the intense suffering which I have endured and the many sleepless nights I have spent in mental and physical agony, you would not wonder at the degree of thankfulness I feel for my restoration to health." Her trouble was a continual dread to her, and for a long time prevented her from doing any work. Since using the pills she is as well as ever—or to use her own words—"fully restored." In this household Pink Pills are now looked upon as one of the necessities.

As is the case with every good cause Pink Pills have much to contend with; spurious articles have been placed on the market, and, though in appearance and color they may resemble the genuine, they have an altogether different effect on the system. The writer was once in a store when Pink Pills were asked for by a customer. The dealer hadn't them but said that he had something "just as good." The public are warned against this "just as good" scheme which is too often resorted to by some store keepers. It should be borne in mind that Dr. Williams' Pink Pills are a specific for all diseases arising from an impoverished condition of the blood or a shattered condition of the nervous forces, such as St. Vitus dance, locomotor ataxia, rheumatism, paralysis, sciatica, the after effects of la grippe, loss of appetite, headache, dizziness, chronic erysipelas, scrofula, etc. They are also a certain cure for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood and restoring the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry overwork or excesses of any nature. Sold only in boxes bearing the firm's trade mark and wrapper (printed in red ink), and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N.Y., at 50 cents a box, or six boxes for \$2.50.

The total Presbyterian population of Cape Colony, according to the Government census of 1894, is as follows—Dutch Reformed—White, 228,627; colored, 63,874—292,501. British Presbyterian—White, 12,684; colored, 24,412—37,096. Total, 329,597. The proportion of Presbyterians to the whole white population of Cape Colony is 64.02 per cent.
