THINK OF IT!

Who has ever yet heard
of any who rely on

Radam's Microbe Killer

DYING A PREMATURE DEATH

FROM

Bronchitis, Blood Poison, Inflammation of Bowels or any other vital organ, Dysentery, Fevers, Diphtheria, Erysipelas, Malaria, Cholera, etc., or suffering without relief from Asthma, Dyspepsia, Eczema, Debility, Neuralgia, Biliousness, Piles, Catarrh, etc.? Who has ever yet heard of any family who had MICROBE KILLER at hand (to be promptly used in case of an attack from any disease) requiring a doctor?

WE ASK AGAIN, WHO ?

An honest reply answers, **No one.** This remedy is no fake which requires lying and purchased testimonials to be published to boom it. Those who use it most understand its value best, and persuade their dearest friends to use it, which is the highest testimonial that can be given. It is the enemy of disease, killing and destroying all disease germs. We are doing all we can to educate the public in this charitable work—to relieve sickness and suffering is the most charitable work one can be engaged in. Those who investigate endorse this truth, and those who do not are the greater sufferers. Pamphlets with testimonials free.
